Too many guests in house? Pause online reservations

Designed by Hospitality Digital GmbH. All rights reserved. [FAQ](#) | [Terms of use](#) | [Imprint](#) | [Data privacy](#) | [Privacy Settings](#)

Najpierw przejdź do **Ustawień** w menu po lewej stronie.

The screenshot displays the DISH Reservation administrative interface. On the left, a dark sidebar menu contains several options: Reservations, Table plan, Menu, Guests, Feedback, Reports, Settings (highlighted with an orange box), and Integrations. The main content area features a teal banner with a message about walk-in customers and two buttons: WALK-IN and ADD RESERVATION. Below this is a date selector showing 'Thu, 28 Sep - Thu, 28 Sep'. A message states 'You have no limits configured for the selected date.' with an 'Add a new limit' button. Filter tabs for 'All', 'Completed', 'Upcoming', and 'Cancelled' are visible, with 'Upcoming' selected. A large white box in the center contains an icon of a person with binoculars and the text 'No reservations available'. At the bottom, there is a 'Print' button, a 'Too many guests in house? Pause online reservations' notification, and a help icon (question mark). The footer includes the text 'Designed by Hospitality Digital GmbH. All rights reserved.' and links for 'FAQ', 'Terms of use', 'Imprint', 'Data privacy', and 'Privacy Settings'.

A następnie wybierz opcję **Stół/siedzenia**.

The screenshot displays the DISH RESERVATION administrative interface. On the left is a dark sidebar menu with the following items: Reservations, Table plan, Menu, Guests, Feedback, Reports, Settings (with a dropdown arrow), Hours, Reservations, **Tables/Seats** (highlighted with an orange box), Reservation limits, Offers, Notifications, Account, and Integrations. At the bottom of the sidebar, there is a notification: "Too many guests in house?".

The main content area has a dark header with "DISH RESERVATION" on the left, a notification bell, and "Test Restaurant - Test" with a dropdown arrow, a language selector (UK flag), and a refresh icon. Below the header is a teal banner with the text: "Have a walk-in customer? Received a reservation request over phone / email? Don't forget to add it to your reservation book!" and two orange buttons: "WALK-IN" and "ADD RESERVATION".

Below the banner is a date selector showing "Thu, 28 Sep - Thu, 28 Sep" with navigation arrows and a calendar icon. Underneath is a message: "You have no limits configured for the selected date." with an orange button: "Add a new limit".

There are radio buttons for "All", "Completed", "Upcoming" (selected), and "Cancelled". To the right are icons for a calendar with "0" and a group of people with "0".

The main content area is mostly empty, showing a large circular icon of a person with a magnifying glass and the text "No reservations available".

At the bottom of the main area is a "Print" button and a yellow question mark icon. The footer contains the text "Designed by Hospitality Digital GmbH. All rights reserved." and links for "FAQ", "Terms of use", "Imprint", "Data privacy", and "Privacy Settings".

Jeśli wybrałeś konfigurację opartą na stanowiskach, możesz wprowadzić liczbę dostępnych miejsc w odpowiednim **polu wejściowym** . **Uwaga: konfiguracja oparta na miejscach umożliwia zarządzanie rezerwacjami dotyczącymi całkowitej liczby dostępnych miejsc.**

The screenshot shows the 'Settings' menu in the DISH Reservation admin panel. The 'Tables/Seats' option is selected. The main content area contains the following text and form elements:

If you choose to use seats-based setup, reservations will be managed according to the total number of seats available. If you choose table-based setup, all reservations will be assigned one or more tables automatically. You will have the possibility to modify the automatically assigned tables. Only you can see the assigned tables. Your guests are not shown tables during the reservation process.

Do you wish to enable table-based setup?

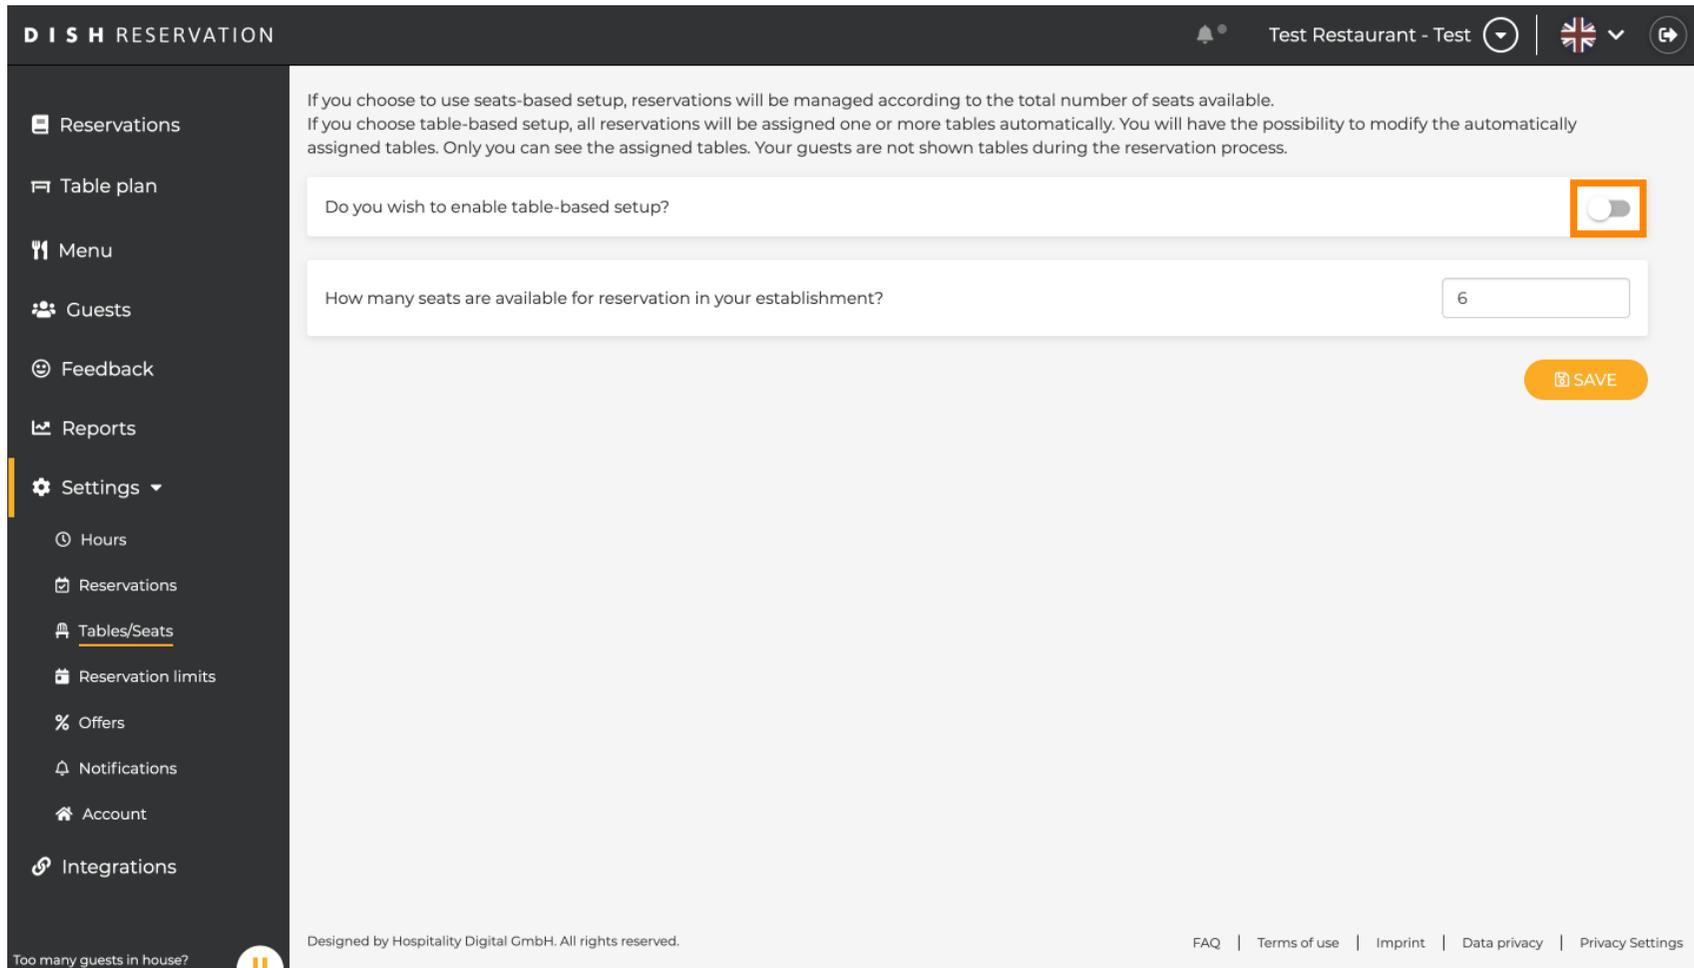

How many seats are available for reservation in your establishment?

[SAVE](#)

At the bottom of the page, there is a footer with the text: 'Designed by Hospitality Digital GmbH. All rights reserved.' and a list of links: 'FAQ | Terms of use | Imprint | Data privacy | Privacy Settings'. A notification at the bottom left reads 'Too many guests in house?' with a pause icon.

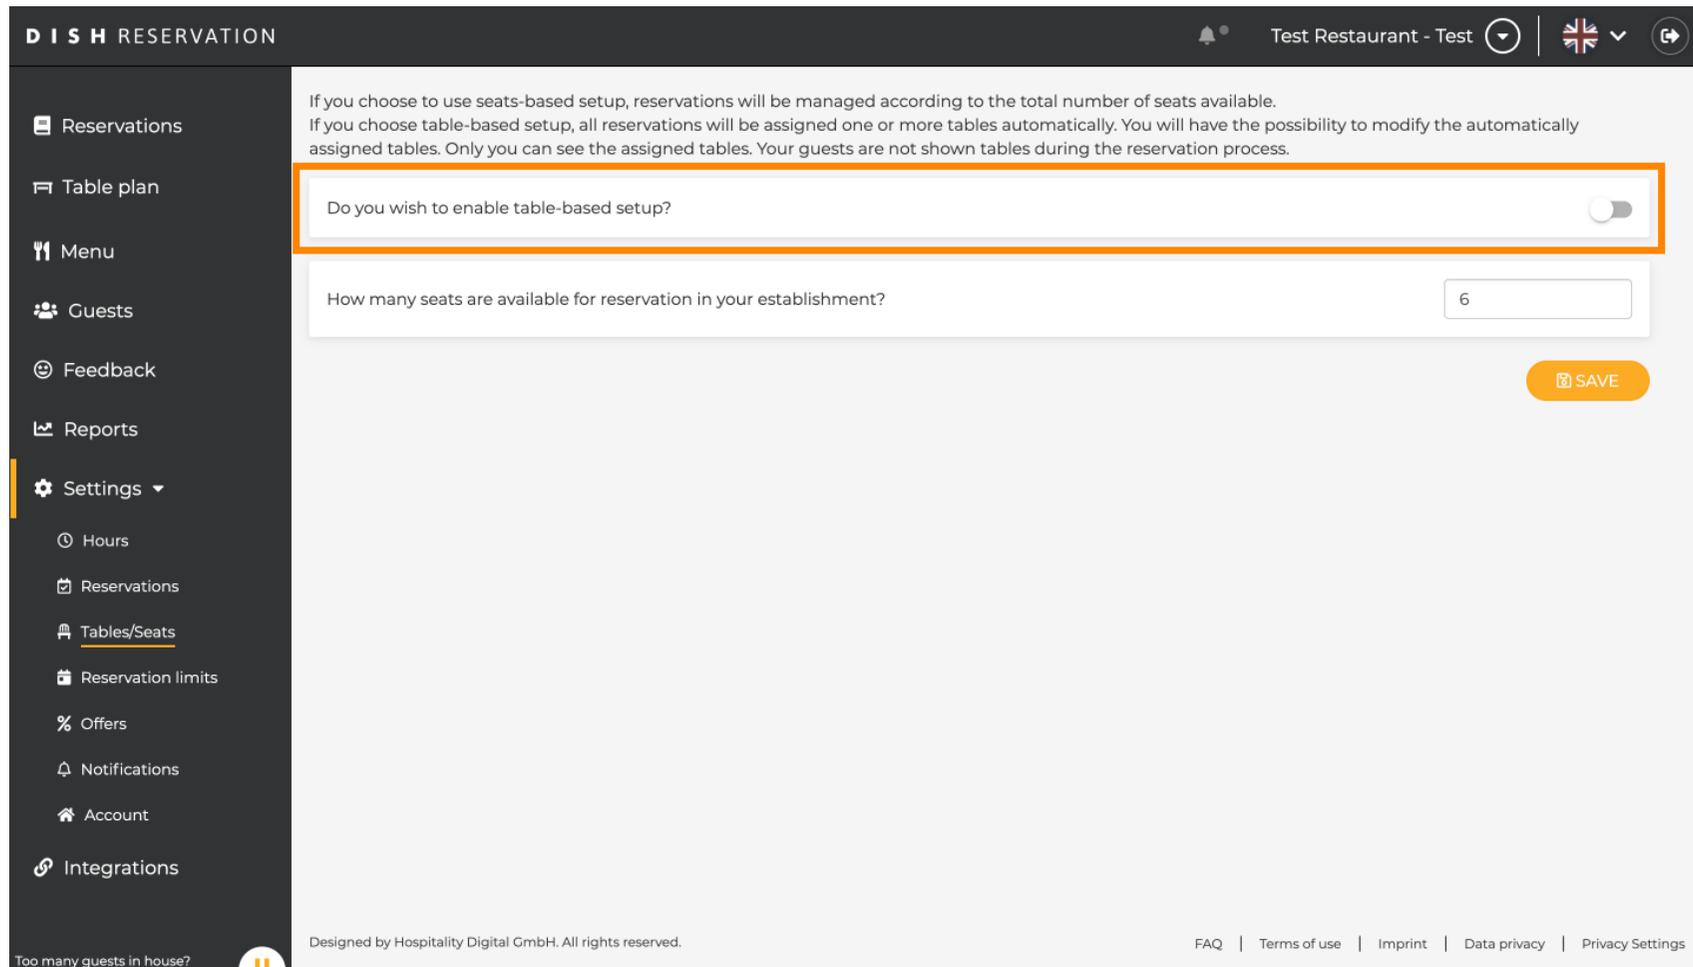

Jeśli chcesz skorzystać z konfiguracji opartej na tabeli, po prostu użyj przełącznika, **aby** ją włączyć.
Uwaga: konfiguracja oparta na stołach automatycznie przypisze rezerwacje do stolików.

The screenshot shows the 'DISH RESERVATION' admin interface. The top navigation bar includes the logo, a notification bell, the restaurant name 'Test Restaurant - Test', a language selector (UK flag), and a refresh icon. The left sidebar lists various settings: Reservations, Table plan, Menu, Guests, Feedback, Reports, Settings (expanded), Hours, Reservations, Tables/Seats (highlighted), Reservation limits, Offers, Notifications, Account, and Integrations. The main content area for 'Tables/Seats' contains the following text: 'If you choose to use seats-based setup, reservations will be managed according to the total number of seats available. If you choose table-based setup, all reservations will be assigned one or more tables automatically. You will have the possibility to modify the automatically assigned tables. Only you can see the assigned tables. Your guests are not shown tables during the reservation process.' Below this text is a toggle switch for 'Do you wish to enable table-based setup?' which is currently turned on and highlighted with an orange box. Underneath is a text input field for 'How many seats are available for reservation in your establishment?' with the value '6'. A 'SAVE' button is located at the bottom right of the form. At the bottom of the page, there is a footer with the text 'Designed by Hospitality Digital GmbH. All rights reserved.' and a list of links: 'FAQ | Terms of use | Imprint | Data privacy | Privacy Settings'. A small notification at the bottom left of the sidebar reads 'Too many guests in house?' with a pause icon.

Przejsięcie z konfiguracji opartej na miejscach na konfigurację opartą na stołach spowoduje automatyczne przypisanie wszystkich istniejących rezerwacji do stołów.

If you choose to use seats-based setup, reservations will be managed according to the total number of seats available. If you choose table-based setup, all reservations will be assigned one or more tables automatically. You will have the possibility to modify the automatically assigned tables. Only you can see the assigned tables. Your guests are not shown tables during the reservation process.

You are using table-based setup

IMPORTANT: Please be aware that the change to table mode can take some time. All reservations will be automatically assigned to tables. To make this properly work for existing reservations, please make sure that the overall amount of seats on the tables is the same as the amount of seats configured before.

Area(s)

If your establishment has multiple areas or rooms, you may want to define an area before you start assigning tables to it. e.g.: Indoor, Outdoor, Bar, Lounge, etc. Your active areas are listed below:

Restaurant

Table(s)

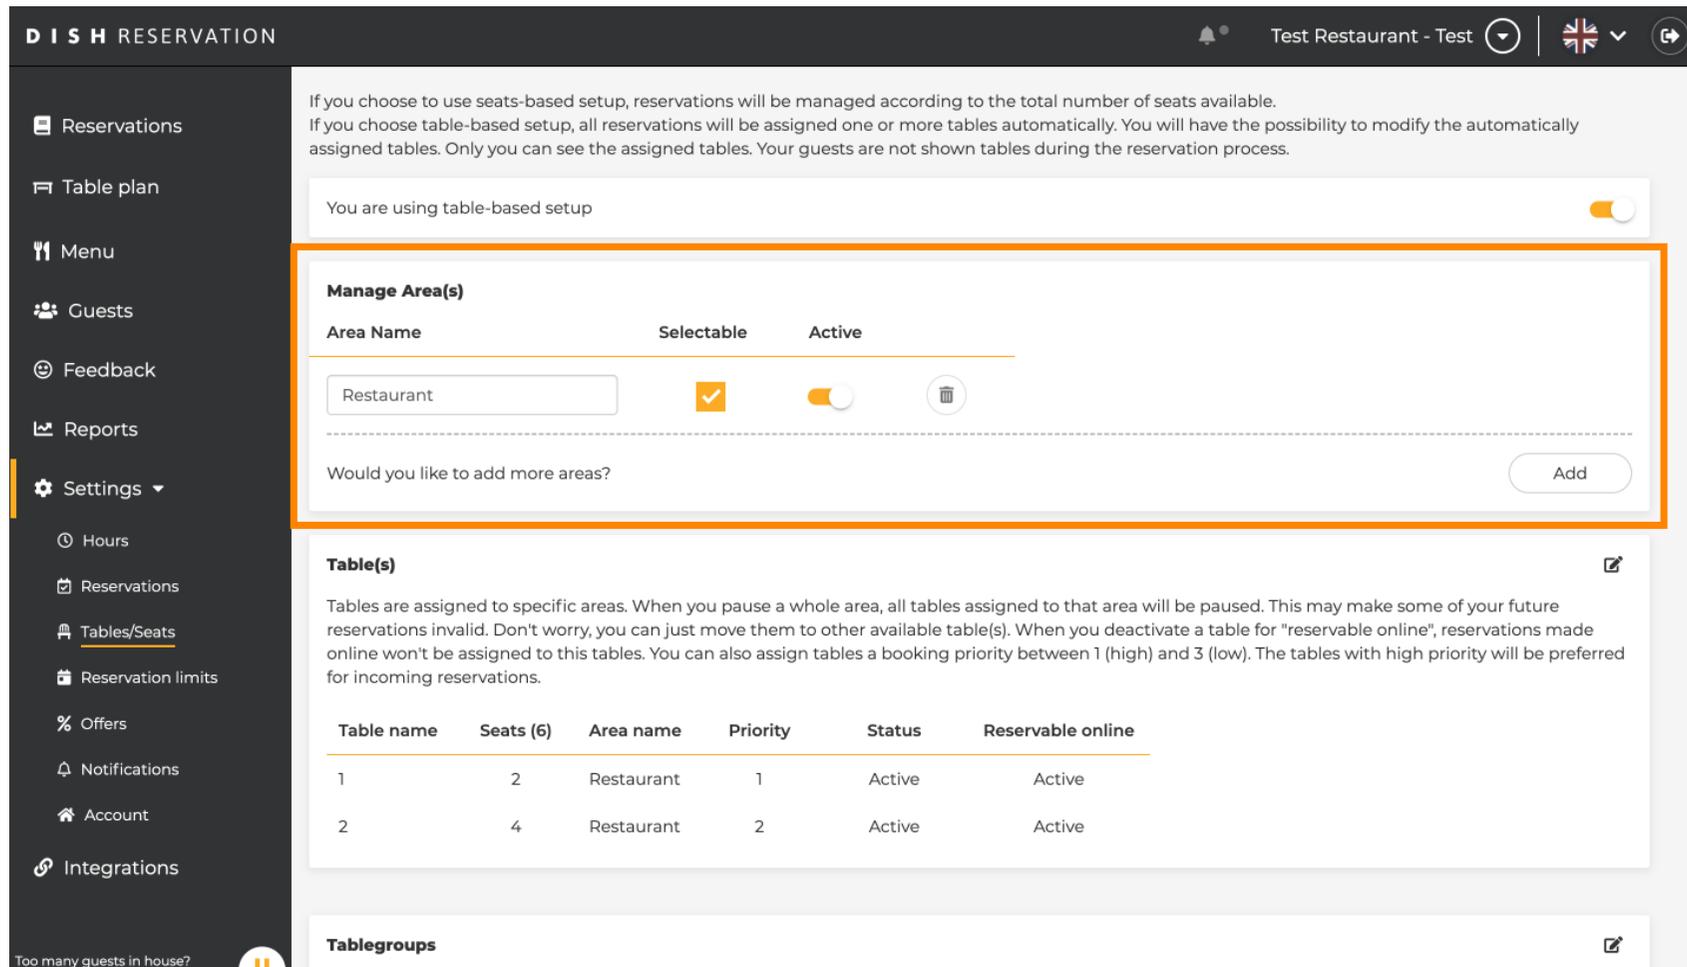

Tables are assigned to specific areas. When you pause a whole area, all tables assigned to that area will be paused. This may make some of your future reservations invalid. Don't worry, you can just move them to other available table(s). When you deactivate a table for "reservable online", reservations made online won't be assigned to this tables. You can also assign tables a booking priority between 1 (high) and 3 (low). The tables with high priority will be preferred for incoming reservations.

Table name	Seats (6)	Area name	Priority	Status	Reservable online
1	2	Restaurant	1	Active	Active
2	4	Restaurant	2	Active	Active

Tablegroups

Too many guests in house?

Następnie możesz edytować nazwę, zdecydować, czy gość może ją wybrać podczas rezerwacji, ustawić ją jako aktywną czy nieaktywną. Oprócz dodawania nowych obszarów, usuń je.
