

You are now at the **dashboard**. Click on **tools** to start setting up a new device.

The screenshot displays the DISH Order dashboard. On the left, a dark blue sidebar contains a menu with the following items: DASHBOARD, RESTAURANT, KITCHEN, SALES, MARKETING, LOCALISATION, **TOOLS** (highlighted with an orange box), and SYSTEM. The main content area features a grid of summary cards:

- Total Orders:** 0
- Total Sales:** €0.00
- Total Delivery Orders:** €0.00
- Total Pick-up Orders:** €0.00
- Total Lost Sales:** €0.00

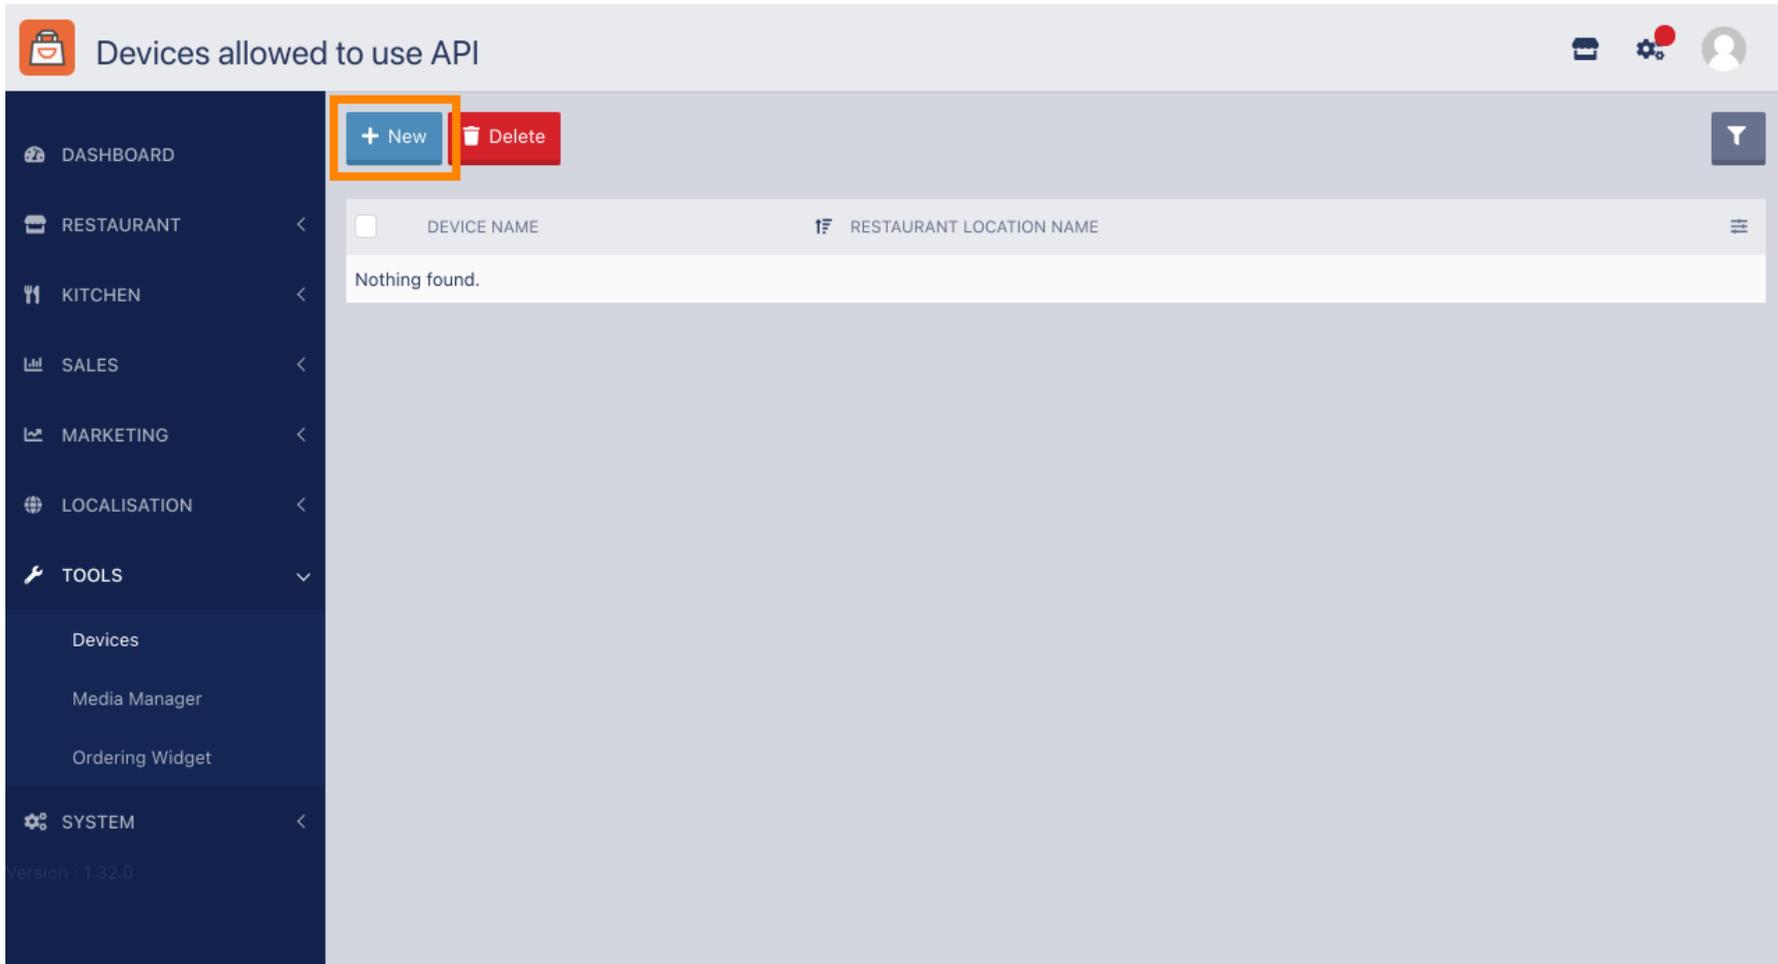

Below the summary cards is a 'Reports Chart' section. It includes a date range selector set to 'March 28, 2021 - April 26, 2021' and a legend for 'Orders'.

Click on **devices** to proceed.

The screenshot shows the DISH Dashboard interface. On the left, a dark blue sidebar contains a menu with the following items: DASHBOARD, RESTAURANT, KITCHEN, SALES, MARKETING, LOCALISATION, TOOLS, **Devices** (highlighted with an orange box), Media Manager, Ordering Widget, and SYSTEM. The main dashboard area features six summary cards: Total Orders (0), Total Sales (€0.00), Total Delivery Orders (€0.00), Total Pick-up Orders (€0.00), Total Lost Sales (€0.00), and a Reports Chart. The Reports Chart is titled 'Reports Chart' and shows a date range of 'March 28, 2021 - April 26, 2021' with a legend for 'Orders'.

Then click on **new** to add a device.

Enter the **devices name** and select the **location** you would like to connect it to.

The screenshot shows the 'Devices Create' interface. On the left is a dark blue sidebar with navigation options: DASHBOARD, RESTAURANT, KITCHEN, SALES, MARKETING, LOCALISATION, TOOLS (with a sub-menu for Devices, Media Manager, and Ordering Widget), and SYSTEM. The main content area has a 'Save & Close' button at the top left. The form fields are as follows:

Field Name	Value
Device name	Device no. 1
Location	TestJordan
Api key	YTIjNmlxZTJkOTYy
Restaurant ID	test_jordan

Additional text in the form: 'Device name that will help recognize device' (under Device name), 'Restaurant location name' (under Location), and 'This key is displayed only once. It should be used in mobile app setup page.' (under Api key). The Restaurant ID is noted as 'Restaurant ID is part of full website address: test\_jordan.order.dish.co'.

Secure the **API key** and **restaurant ID**. You need to enter them in your order terminal. **Note: Here you find the corresponding tutorial <https://bit.ly/3s0OuFq>.**

**Devices Create**

Save & Close

Device name: Device no. 1  
Location: TestJordan

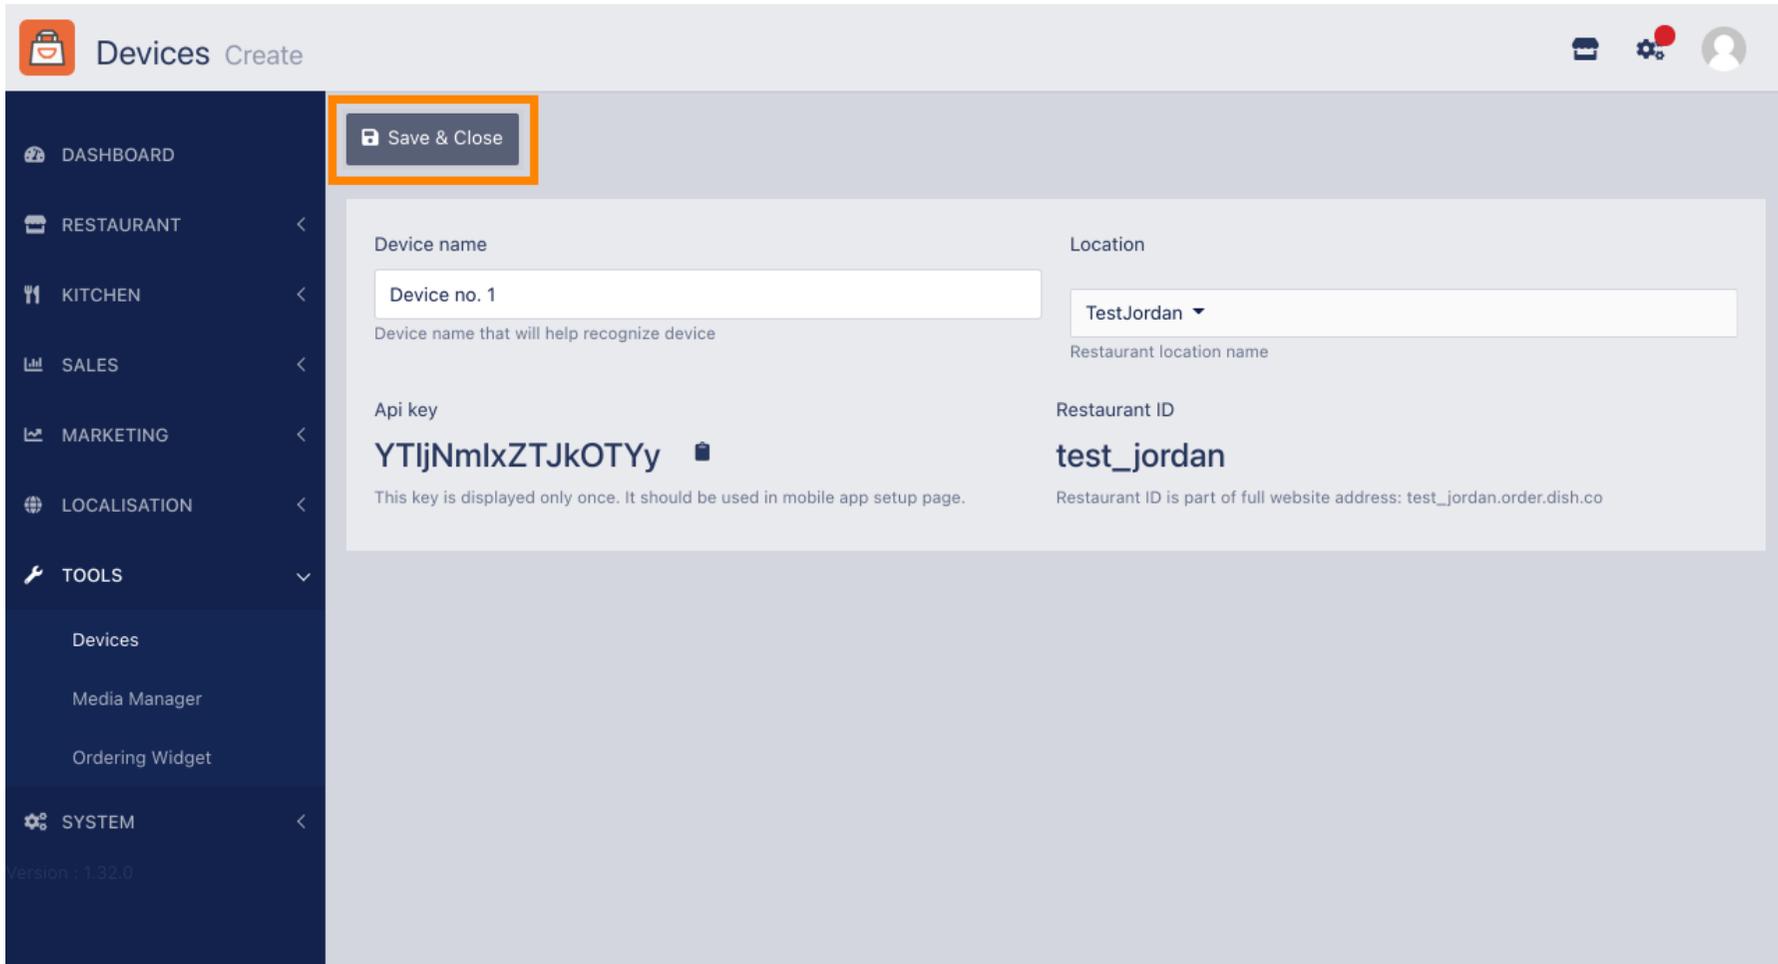

Api key: YTIjNmIxzTJKOTYy  
Restaurant ID: test\_jordan

This key is displayed only once. It should be used in mobile app setup page.  
Restaurant ID is part of full website address: test\_jordan.order.dish.co

Version: 1.32.0

Now click on **save & close** to apply the changes.

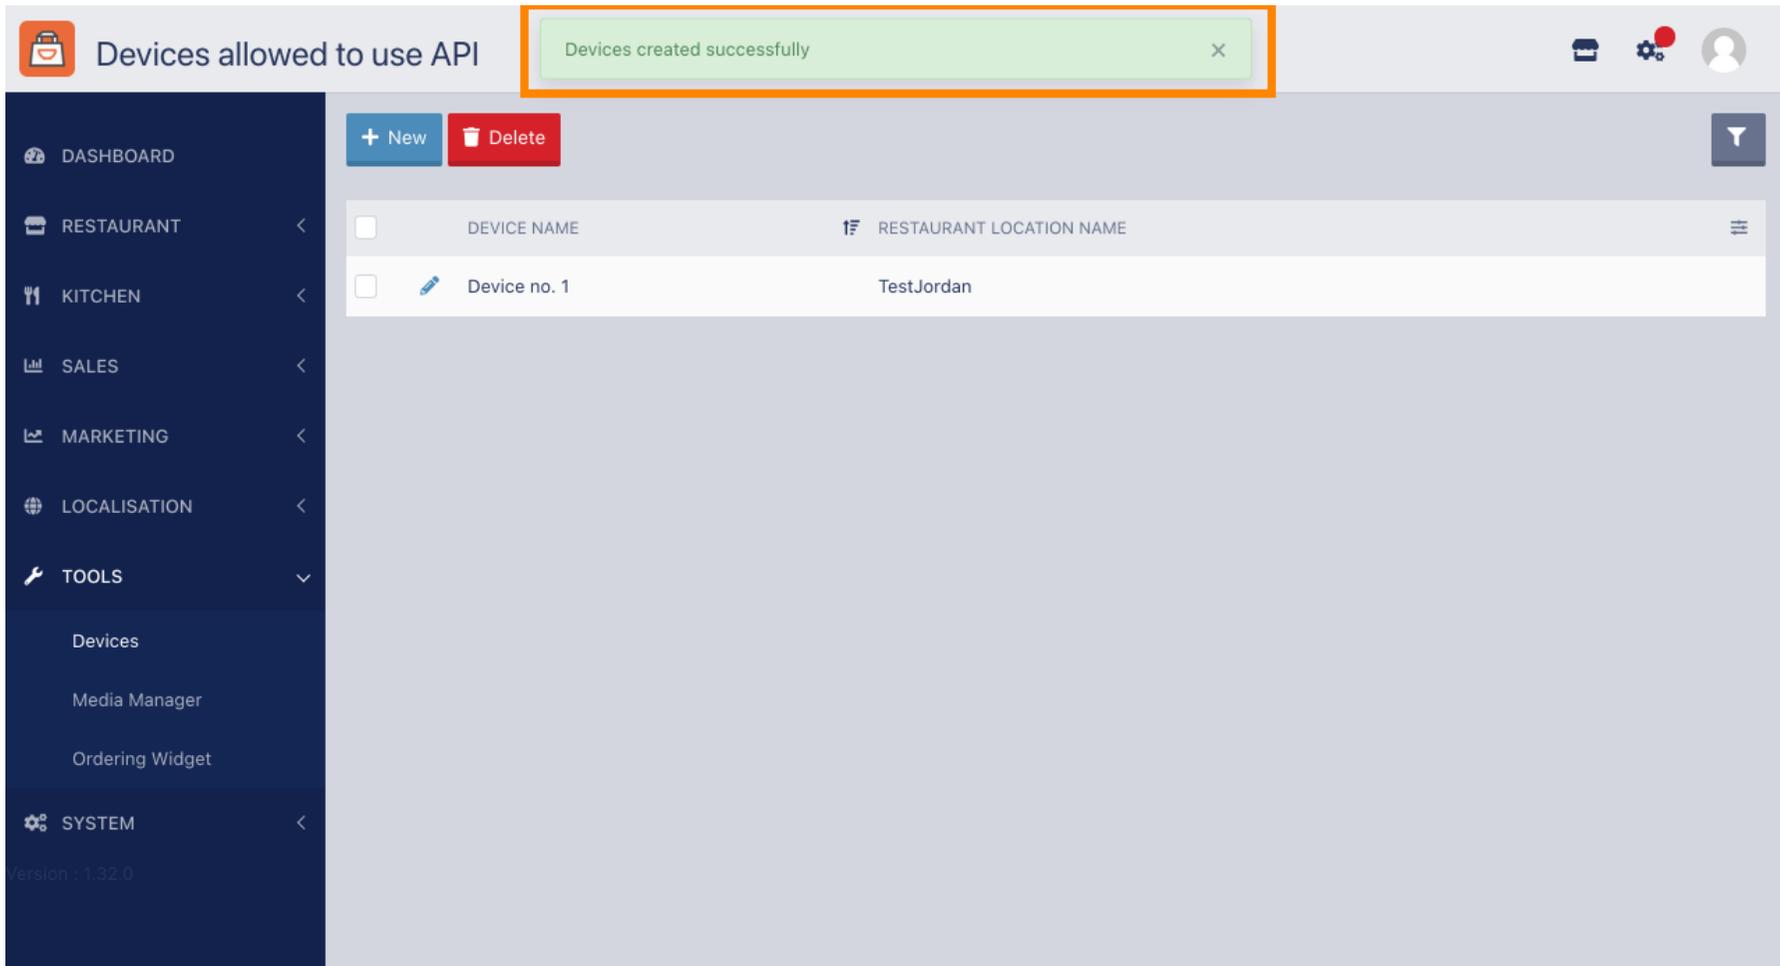

The screenshot shows the 'Devices Create' form in the DISH Order system. The form is divided into several sections:

- Device name:** A text input field containing 'Device no. 1'. Below it, a note reads: 'Device name that will help recognize device'.
- Location:** A dropdown menu showing 'TestJordan'. Below it, a note reads: 'Restaurant location name'.
- Api key:** A text input field containing 'YTIjNmlxZTJkOTYy'. Below it, a note reads: 'This key is displayed only once. It should be used in mobile app setup page.'.
- Restaurant ID:** A text input field containing 'test\_jordan'. Below it, a note reads: 'Restaurant ID is part of full website address: test\_jordan.order.dish.co'.

The 'Save & Close' button is highlighted with an orange border. The left sidebar contains navigation options: DASHBOARD, RESTAURANT, KITCHEN, SALES, MARKETING, LOCALISATION, TOOLS (with sub-items: Devices, Media Manager, Ordering Widget), and SYSTEM. The version number '1.32.0' is visible at the bottom left.

-  The green **confirmation pop** up on the top of your screen indicates that the device was successfully created.

Once you created a device click on the **pencil icon** of your new device.

The screenshot shows the 'Devices allowed to use API' management page. At the top, there is a notification 'Devices created successfully' and a user profile icon. The left sidebar contains navigation options: DASHBOARD, RESTAURANT, KITCHEN, SALES, MARKETING, LOCALISATION, TOOLS (with sub-items: Devices, Media Manager, Ordering Widget), and SYSTEM. The main content area features a table with columns 'DEVICE NAME' and 'RESTAURANT LOCATION NAME'. A '+ New' button and a 'Delete' button are located above the table. The table contains one entry: 'Device no. 1' with location 'TestJordan'. A pencil icon next to the device name is highlighted with an orange box.

DEVICE NAME	RESTAURANT LOCATION NAME
Device no. 1	TestJordan

You are then able to download and copy the individual QR code for an easier login. **Note: How to log in to the order terminal: <https://bit.ly/3s0OuFq>**

The screenshot shows the 'Devices Edit' page in the DISH system. On the left is a dark blue sidebar with navigation options: DASHBOARD, RESTAURANT, KITCHEN, SALES, MARKETING, LOCALISATION, TOOLS, and SYSTEM. The main content area has a 'Save & Close' button and a trash icon. Below these are two input fields: 'Device name' (containing 'Device no. 1') and 'Location' (containing 'TestJordan'). The 'Device name' field has a tooltip that says 'Device name that will help recognize device'. The 'Location' field has a tooltip that says 'Restaurant location name'. A large QR code is displayed in the center, and to its right are two buttons: 'Download QR Code' and 'Copy QR Code URL'. The QR code and the two buttons are highlighted with an orange border.
