The screenshot shows the DISH Reservation web application interface. The top navigation bar includes the DISH RESERVATION logo, a notification bell, the user name 'Test Bistro Training', a language selector (UK flag), and a refresh icon. A teal banner at the top right contains the text 'Have a walk-in customer? Received a reservation request over phone / email? Don't forget to add it to your reservation book!' with 'WALK-IN' and 'ADD RESERVATION' buttons. Below this is a date range selector set to 'Wed, 18 Oct - Wed, 18 Oct' and a service filter dropdown set to 'All services'. A message states 'There is 1 active limit configured for the selected time period' with a 'Show more' link. A filter bar shows 'All' selected, along with 'Completed', 'Upcoming', and 'Cancelled' options. Summary statistics are displayed as '0' for a calendar icon, '0' for a group of people icon, and '0/37' for a table icon. The main content area shows 'No reservations available' with an illustration of a person looking through binoculars. A 'Print' button is located at the bottom left. A footer contains a 'Too many guests in house? Pause online reservations' message with a pause icon, the text 'Designed by DISH Digital Solutions GmbH. All rights reserved.', and links for 'FAQ', 'Terms of use', 'Imprint', 'Data privacy', and 'Privacy Settings'. A yellow question mark icon is in the bottom right corner.
