The screenshot shows the DISH Reservation dashboard. At the top, there's a dark header with the logo 'DISH RESERVATION', a notification bell, the text 'Test Bistro Training', a language selector (UK flag), and a refresh icon. A teal banner below the header contains the text: 'Have a walk-in customer? Received a reservation request over phone / email? Don't forget to add it to your reservation book!' with two orange buttons: 'WALK-IN' and 'ADD RESERVATION'. Below the banner is a date range selector showing 'Wed, 18 Oct - Wed, 18 Oct' and a service filter dropdown set to 'All services'. A summary row indicates 'There is 1 active limit configured for the selected time period' with a 'Show more' link. Below this are filter tabs: 'All' (selected), 'Completed', 'Upcoming', and 'Cancelled'. To the right of these tabs are icons for a calendar (0), guests (0), and tables (0/37). The main content area is mostly empty, showing a large grey circle with a person looking through binoculars and the text 'No reservations available'. At the bottom left, there's a 'Print' button and a status message: 'Too many guests in house? Pause online reservations' with a pause icon. At the bottom right, there's a yellow question mark icon and a footer with links: 'FAQ | Terms of use | Imprint | Data privacy | Privacy Settings'. The footer also includes the text 'Designed by DISH Digital Solutions GmbH. All rights reserved.'
