The screenshot shows the DISH by METRO interface for the establishment 'TEST BISTRO TRAINING'. The navigation bar includes 'Our solutions', 'Addons', 'Pricing', and 'Resources'. The user is logged in as 'Test Max Trainer' and the language is set to 'English'. The current establishment is 'TEST BISTRO TRAINING'. Under the heading 'Your tools for this establishment', there are four tool cards: 'DISH Reservation', 'DISH Website', 'DISH Weblisting', and 'DISH Menukit'. The 'DISH Reservation' card is highlighted with an orange border, and its dropdown menu is open, showing 'Open Tool', 'Table Plan', and 'Settings'. A red 'UPDATES' badge with the number '2' is visible on the right side of the dashboard.

The screenshot shows the DISH RESERVATION dashboard. At the top, there's a header with the logo and navigation options like 'Test Bistro Training' and a language selector. A teal banner at the top right prompts users to add walk-in customers or reservations, with 'WALK-IN' and 'ADD RESERVATION' buttons. Below this, there's a date range selector set to 'Wed, 18 Oct - Wed, 18 Oct' and a service filter set to 'All services'. A message indicates '1 active limit configured for the selected time period'. Filter tabs for 'All', 'Completed', 'Upcoming', and 'Cancelled' are visible, along with summary icons for reservations (0), guests (0), and tables (0/37). The main content area is empty, displaying 'No reservations available' with a magnifying glass icon. A 'Print' button is at the bottom left, and a help icon is at the bottom right. Footer text includes 'Designed by DISH Digital Solutions GmbH. All rights reserved.' and links for 'FAQ', 'Terms of use', 'Imprint', 'Data privacy', and 'Privacy Settings'.
