The screenshot shows the DISH Reservation dashboard. At the top, there's a header with the logo and the text "DISH RESERVATION". On the right side of the header, there's a user profile "Test Bistro Training" and a language selector (UK flag). A teal banner at the top right contains the text "Have a walk-in customer? Received a reservation request over phone / email? Don't forget to add it to your reservation book!" with two buttons: "WALK-IN" and "ADD RESERVATION". Below the banner, there's a date range selector showing "Thu, 19 Oct - Thu, 19 Oct" and a service filter dropdown set to "All services". A message states "There is 1 active limit configured for the selected time period" with a "Show more" link. Below this, there are filter tabs for "All", "Completed", "Upcoming", and "Cancelled", along with summary statistics: a calendar icon with "0", a group of people icon with "0", and a table icon with "0/37". The main content area is empty, displaying a large circular icon of a person with a magnifying glass and the text "No reservations available". At the bottom left, there's a "Print" button. At the bottom right, there's a help icon (question mark). The footer contains the text "Designed by DISH Digital Solutions GmbH. All rights reserved." and links for "FAQ", "Terms of use", "Imprint", "Data privacy", and "Privacy Settings".

The 'Personal information' section contains fields for Salutation (Mr.), First name (Test Max), Last name (Trainer), and Login e-mail (training@hd.digital). A 'SAVE' button is located below these fields. The 'Export data' section includes a description of data export rights and an 'Export data' button.
