

Welcome to the **DISH Reservation dashboard**. In this tutorial, we show you how to edit and add tables in your table plan.

The screenshot shows the DISH Reservation dashboard interface. The top navigation bar includes the DISH RESERVATION logo, a user profile dropdown for 'Test Bistro Training', a language selector (UK flag), and a help icon. The left sidebar contains navigation links: Reservations, Table plan, Menu, Guests, Feedback, Reports, Settings, and Integrations. The main content area features a teal banner with a message about walk-in customers and buttons for 'WALK-IN' and 'ADD RESERVATION'. Below this is a date range selector set to 'Mon, 25 Sep - Mon, 25 Sep'. A summary bar indicates 'There is 1 active limit configured for the selected time period' with a 'Show more' link. Filter tabs include 'All', 'Completed', 'Upcoming' (selected), and 'Cancelled'. Summary statistics show 1 calendar icon, 2 people icon, and 1/50 table plan icon. A reservation card for 'Mon, 25/09/2023' at '04:45 PM' for 'Doe, John' (2 guests, 1-2 Restaurant) is shown with a 'Confirmed' status and a '50% discount on cocktails' note. A 'Print' button is located below the card. The bottom footer contains a 'Too many guests in house? Pause online reservations' message with a pause icon, a copyright notice 'Designed by Hospitality Digital GmbH. All rights reserved.', and a row of links: FAQ, Terms of use, Imprint, Data privacy, and Privacy Settings. A large yellow question mark icon is also present in the bottom right corner.

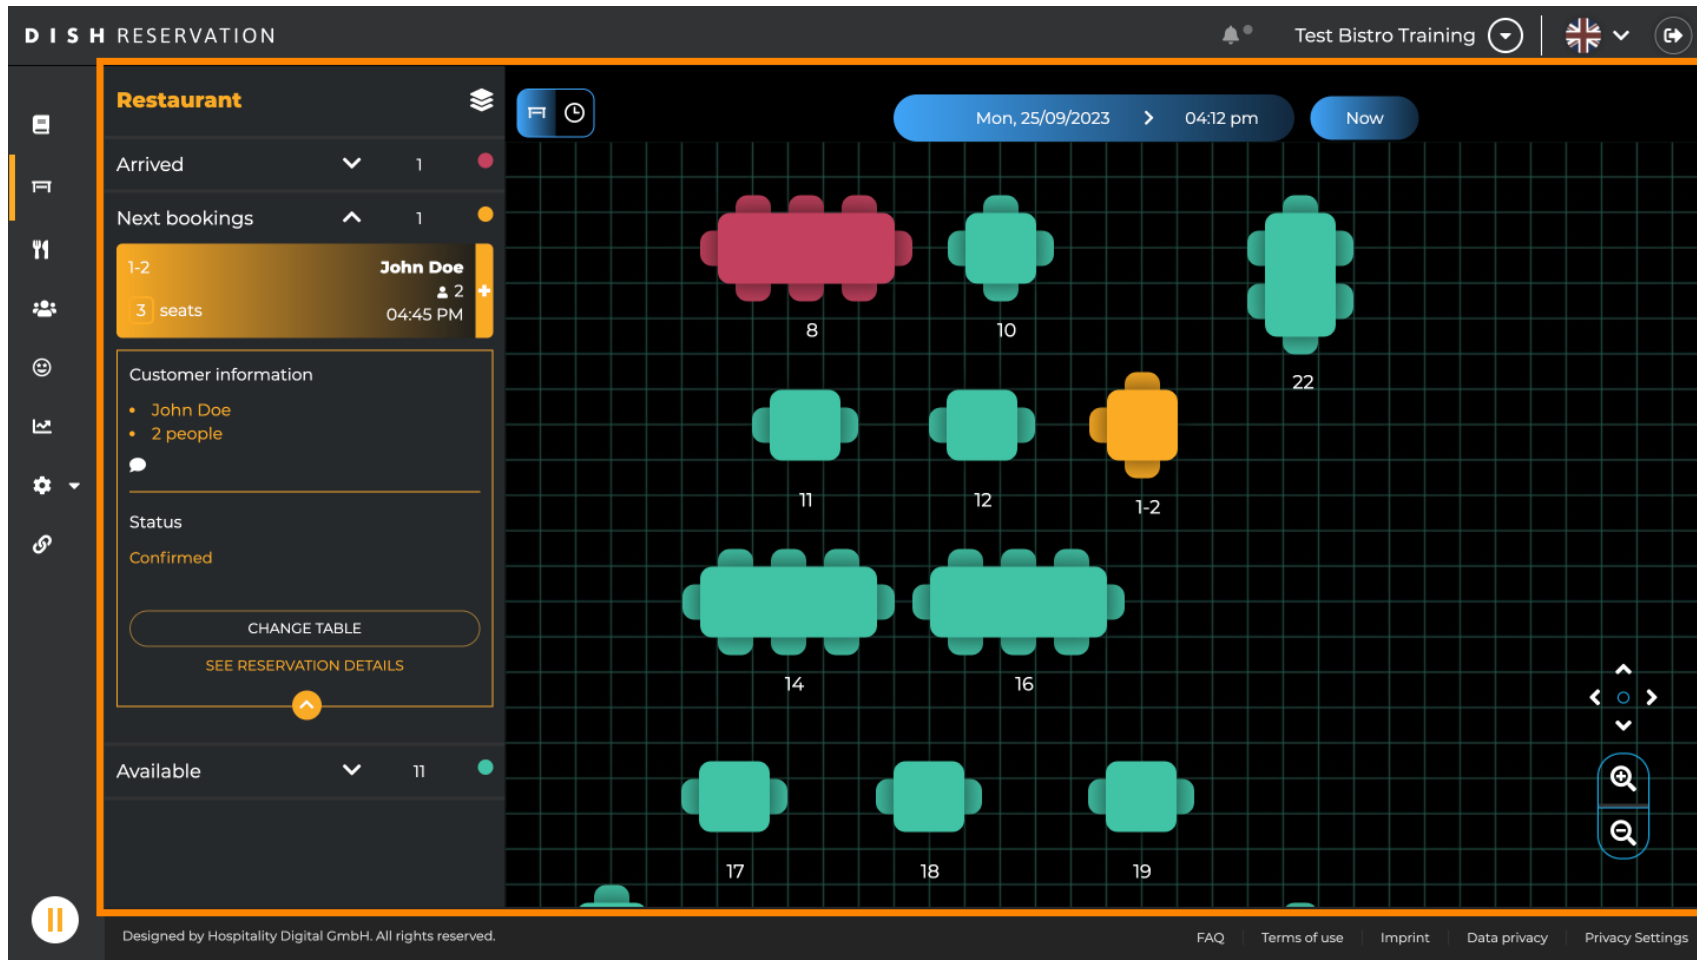

To access the table plan, click on **Table Plan** at the menu on the left.

The screenshot displays the DISH Reservation web application interface. On the left, a dark sidebar contains a menu with the following items: Reservations, **Table plan** (highlighted with an orange box), Menu, Guests, Feedback, Reports, Settings, and Integrations. The main content area has a dark header with the 'DISH RESERVATION' logo, a user profile 'Test Bistro Training', a language selector (UK flag), and a refresh icon. Below the header, a light blue banner provides a reminder: 'Have a walk-in customer? Received a reservation request over phone / email? Don't forget to add it to your reservation book!' with 'WALK-IN' and 'ADD RESERVATION' buttons. A date range selector shows 'Mon, 25 Sep - Mon, 25 Sep'. A status message indicates 'There is 1 active limit configured for the selected time period' with a 'Show more' link. Filter buttons for 'All', 'Completed', 'Upcoming' (selected), and 'Cancelled' are present, along with summary icons for 1 calendar, 2 people, and 1/50 tables. A reservation card for 'Mon, 25/09/2023' at '04:45 PM' for 'Doe, John' (2 guests, 1-2 Restaurant) is shown with a 'Confirmed' status and a '50% discount on cocktails' note. A 'Print' button is located below the card. At the bottom, a footer contains a 'Too many guests in house? Pause online reservations' message, a 'Designed by Hospitality Digital GmbH. All rights reserved.' notice, and links for FAQ, Terms of use, Imprint, Data privacy, and Privacy Settings. A large yellow question mark icon is positioned in the bottom right corner.

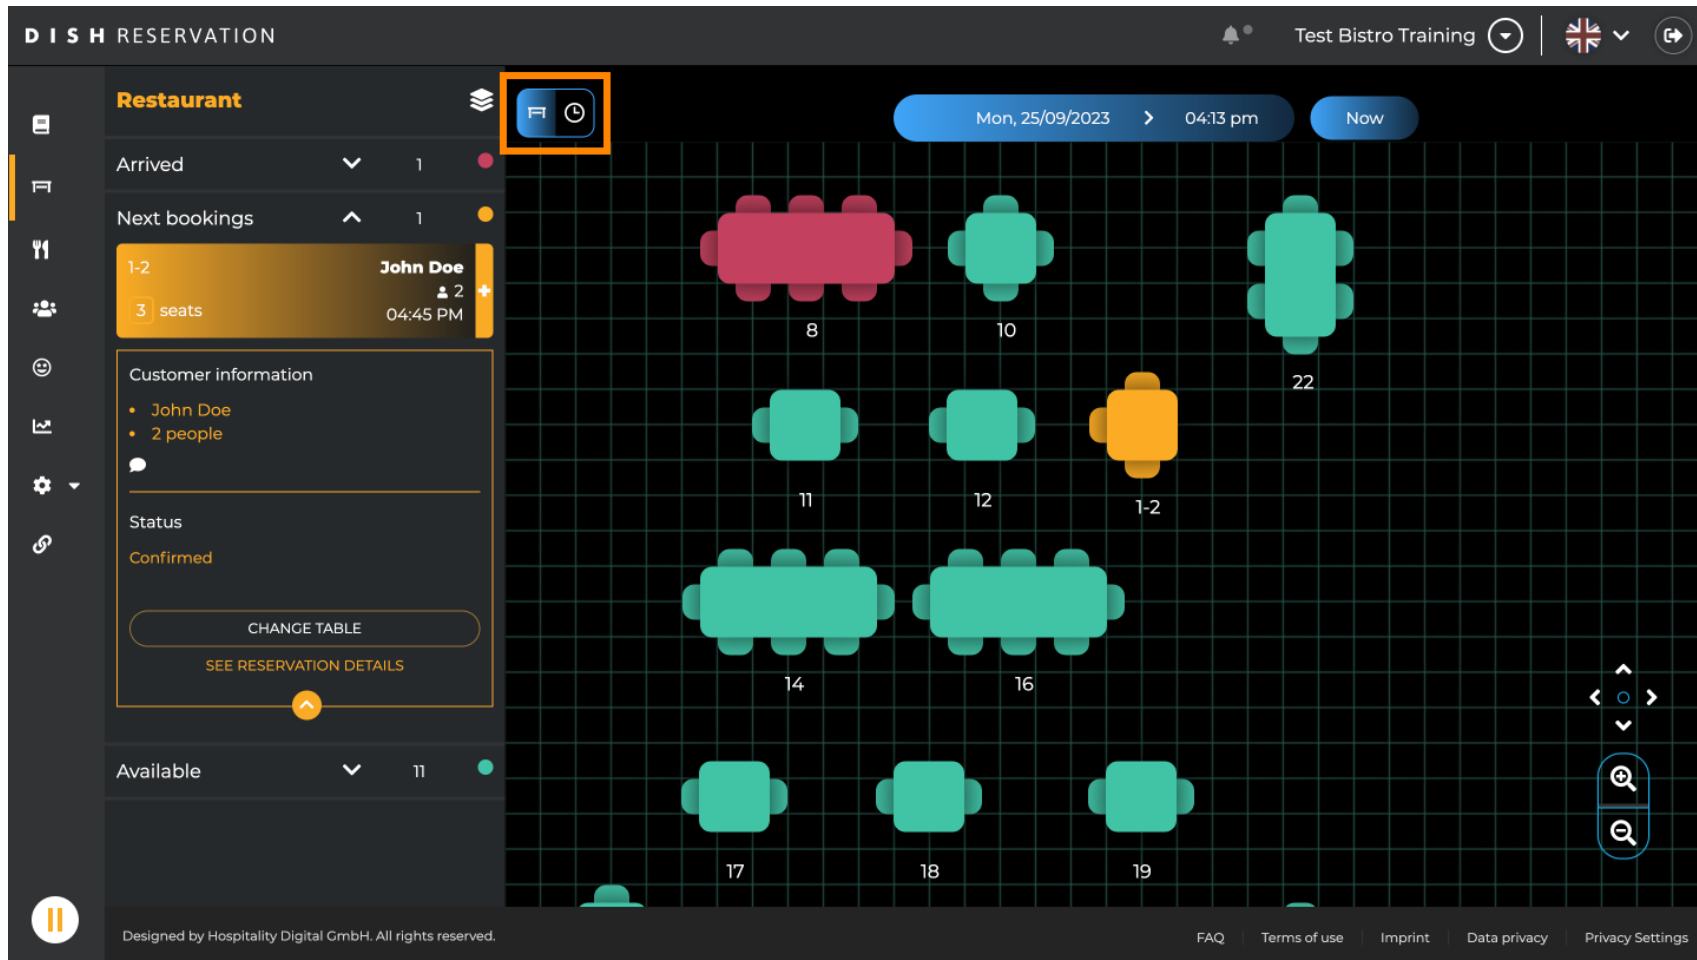

You then will see your **available tables**, **arrived guests** and **next bookings**. **Note: The visual table plan is a feature only included in DISH Professional Reservation.**

The screenshot displays the DISH Reservation interface. On the left, a sidebar contains navigation icons and a list of reservation categories: **Restaurant**, **Arrived** (1), **Next bookings** (1), and **Available** (11). The **Next bookings** section is expanded, showing a reservation for **John Doe** (2 people) at **04:45 PM** for **3 seats**. Below this, the **Customer information** section lists **John Doe** and **2 people**. The **Status** is **Confirmed**. There are buttons for **CHANGE TABLE** and **SEE RESERVATION DETAILS**. The main area shows a **visual table plan** for **Mon, 25/09/2023** at **04:12 pm**. The table plan is a grid of tables, each represented by a colored icon and a number. The tables are numbered 8, 10, 11, 12, 14, 16, 17, 18, 19, and 22. Table 8 is a large red rectangular table. Table 10 is a small green square table. Table 11 is a small green square table. Table 12 is a small green square table. Table 14 is a large green rectangular table. Table 16 is a large green rectangular table. Table 17 is a small green square table. Table 18 is a small green square table. Table 19 is a small green square table. Table 22 is a large green rectangular table. The interface also includes a top bar with the **DISH RESERVATION** logo, a user profile **Test Bistro Training**, and a language selector. The bottom bar contains links for **FAQ**, **Terms of use**, **Imprint**, **Data privacy**, and **Privacy Settings**.

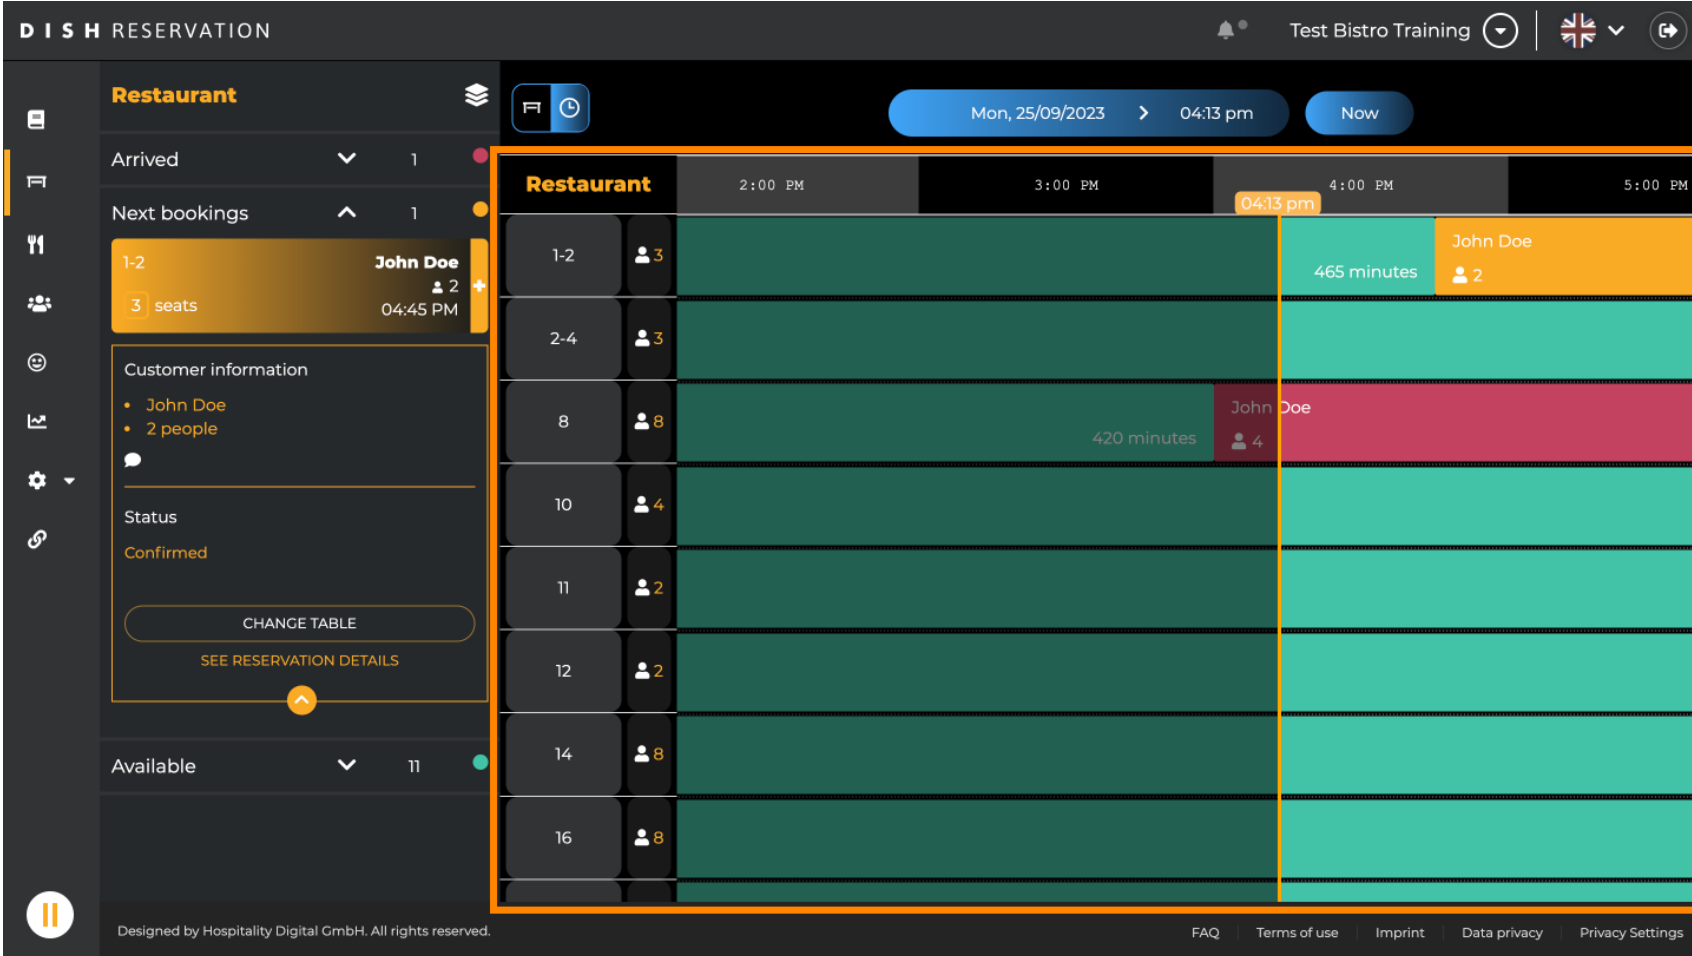

When the **table icon** is selected it shows you the overview of available and booked tables. Click on the **watch icon** to see an overview of reservations assigned to the tables.

The screenshot displays the DISH Reservation interface. On the left, a sidebar contains a vertical menu with icons for various functions. The main area shows a table plan with tables represented by colored shapes (pink, teal, orange) on a grid. Each table is labeled with a number (e.g., 8, 10, 11, 12, 14, 16, 17, 18, 19, 22). A reservation for 'John Doe' is highlighted in orange, showing '1-2' and '3 seats'. The reservation details panel on the left includes customer information (John Doe, 2 people), status (Confirmed), and buttons for 'CHANGE TABLE' and 'SEE RESERVATION DETAILS'. The top right corner shows the date 'Mon, 25/09/2023' and time '04:13 pm'. The bottom right corner has navigation controls (arrows, zoom in/out icons) and a footer with links for FAQ, Terms of use, Imprint, Data privacy, and Privacy Settings.

 You now see the available time slots for the corresponding tables.

Then select your desired area by clicking on the **name** of it.

The screenshot shows the DISH Reservation interface. On the left, a sidebar titled 'AREAS' lists various dining areas: BAR, Garten, Lounge (highlighted with an orange border), Restaurant, Terrasse, and Test 20. Below these is a '+ Add areas' button. The main area displays a table plan for the 'Restaurant' area. The table plan is a grid with columns representing time slots (3:00 PM, 4:00 PM, 5:00 PM) and rows representing different table configurations (1-2, 2-4, 8, 10, 11, 12, 14, 16). Each cell in the grid shows the number of people, the duration of the reservation, and the name of the guest. For example, the 1-2 table at 4:00 PM is reserved for John Doe for 465 minutes. The 2-4 table at 4:00 PM is reserved for John Doe for 420 minutes. The 8 table at 4:00 PM is reserved for John Doe for 420 minutes. The 10 table at 4:00 PM is reserved for Jane Doe for 440 minutes. The 11 table at 4:00 PM is reserved for Jane Doe for 440 minutes. The 12 table at 4:00 PM is reserved for Jane Doe for 440 minutes. The 14 table at 4:00 PM is reserved for Jane Doe for 440 minutes. The 16 table at 4:00 PM is reserved for Jane Doe for 440 minutes. The interface also includes a top bar with the date and time (Mon, 25/09/2023, 04:41 pm) and a 'Now' button. The bottom bar contains links to FAQ, Terms of use, Imprint, Data privacy, and Privacy Settings.

To edit an area, click on the corresponding **editing icon**.

The screenshot displays the DISH Reservation interface. On the left sidebar, under 'AREAS', the 'Restaurant' area is selected, and its editing icon (a pencil) is highlighted with an orange box. The main table plan shows a grid of tables for the 'Restaurant' area. The top bar indicates the date 'Mon, 25/09/2023' and the time '04:41 pm'. The table plan includes columns for time slots (3:00 PM, 4:00 PM, 5:00 PM) and rows for different areas (Garten, Lounge, Restaurant, Terrasse, Test 20). The 'Restaurant' area is currently active, showing a table with 1-2 seats and 3 people. The table plan also includes a 'Test 20' area and a '+ Add areas' button.

Now you are able to add tables to this area. To do so click on **+ Add tables**.

Once you added the details, you can freely move the **new table** on your table plan. Simply drag and drop it on the desired spot.

Then click on **SAVE AND BACK** to apply your changes.

To disable an area set the **slider** inactive.

The screenshot displays the DISH Reservation interface. On the left, a sidebar contains icons for various functions. The main panel is titled "Test 20" and features a settings panel for "Table 10" and "Table 11". The "Table 10" settings include a "Delete" button, a quantity input set to "4", a priority dropdown set to "Prio 1", a "Rectangle" shape selector, and two toggle switches for "Active" and "Reservable online", both of which are currently active. The "Table 11" settings include a "Delete" button, a quantity input set to "8", a priority dropdown set to "Prio 2", a "Rectangle" shape selector, and two toggle switches for "Active" and "Reservable online", both of which are currently active. A red box highlights the "Active" toggle switch for "Table 10". The main area shows a grid representing the table plan, with two tables placed: "Table 11" (a larger rectangle) and "Table 10" (a smaller square). At the bottom of the settings panel, there are buttons for "+ Add tables", "SAVE AND BACK", and "DELETE AREA". The footer of the interface includes a copyright notice: "Designed by Hospitality Digital GmbH. All rights reserved." and links for "FAQ", "Terms of use", "Imprint", "Data privacy", and "Privacy Settings".

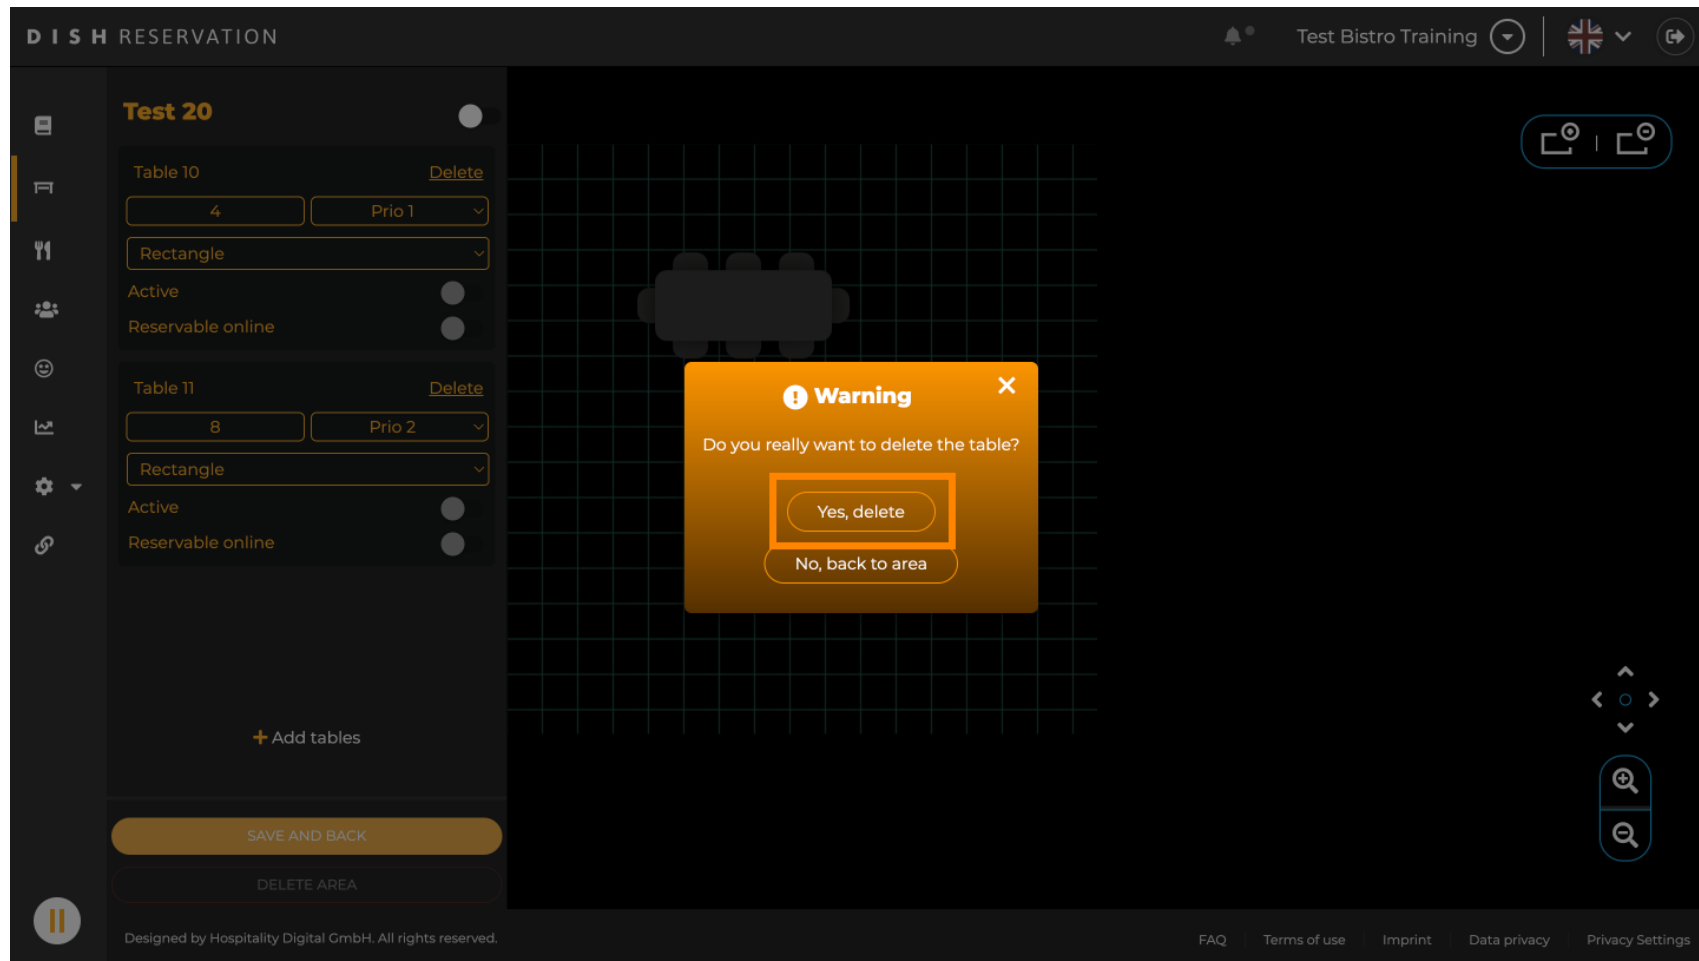

If you want to remove a table, click on **Delete**.

The screenshot displays the DISH Reservation software interface. On the left is a sidebar with icons for different management tools. The main area is a dark grid where tables are placed. On the right, a configuration panel for 'Test 20' allows editing table details. In this panel, the 'Delete' button for 'Table 10' is highlighted with an orange rectangle. Below the configuration panel are buttons for '+ Add tables', 'SAVE AND BACK', and 'DELETE AREA'. The top right of the interface shows the user 'Test Bistro Training' and a language selector. The bottom footer contains legal information and links to FAQ, Terms of use, Imprint, Data privacy, and Privacy Settings.

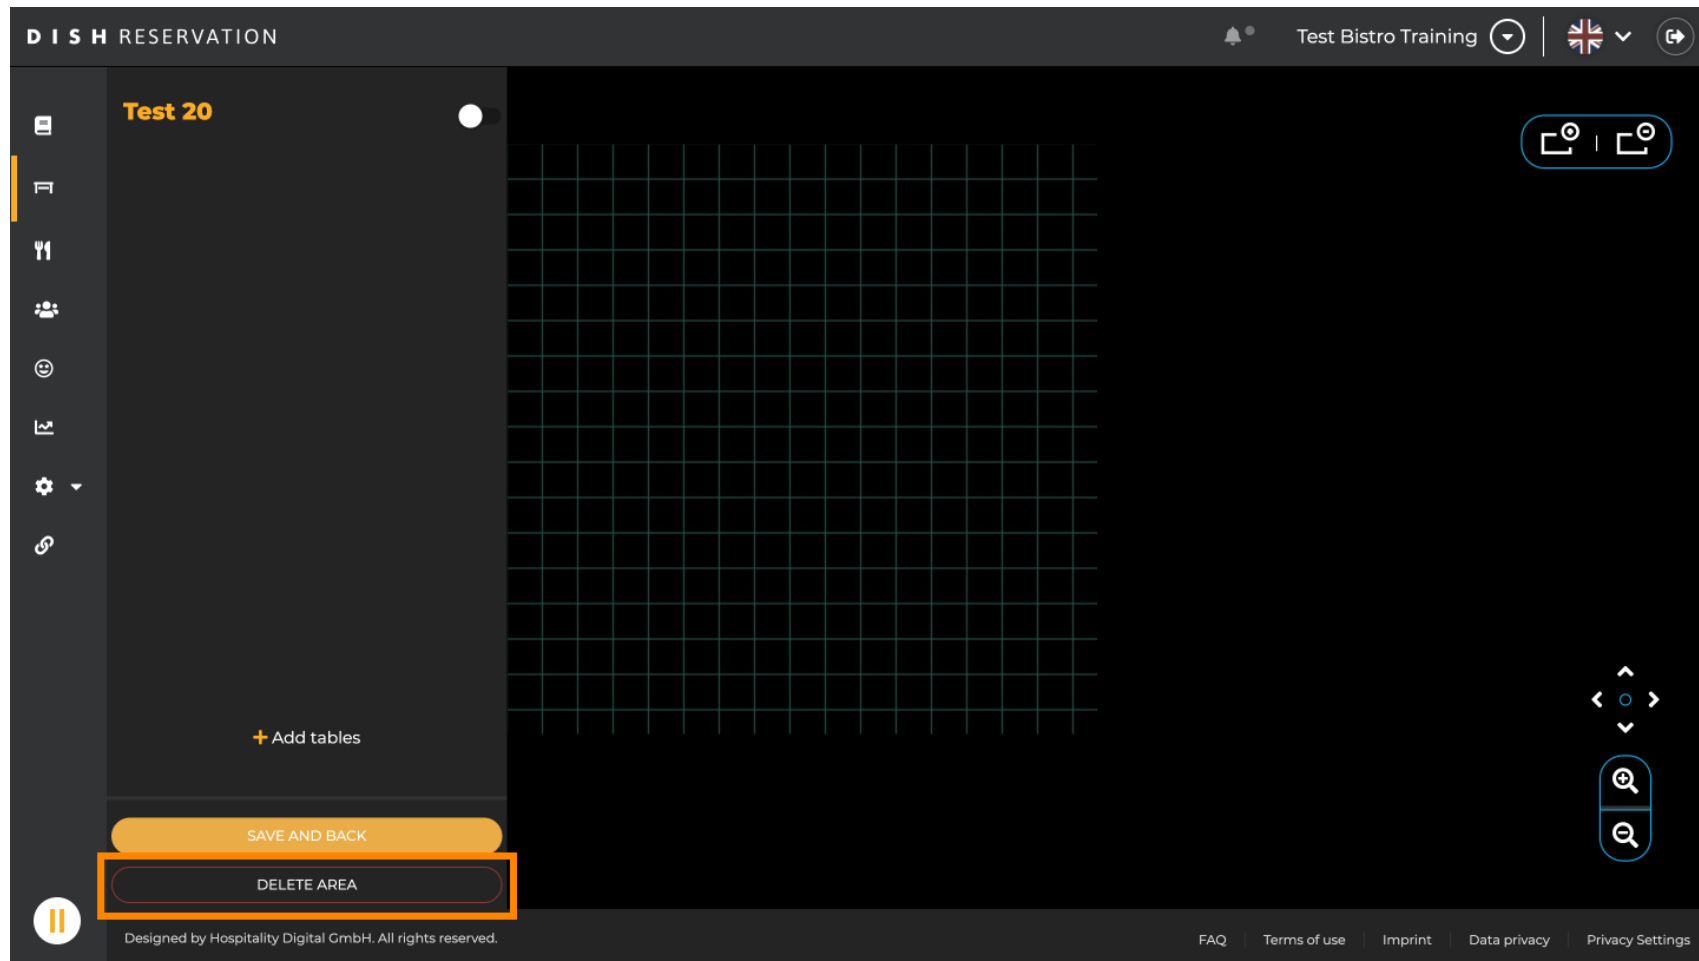

To make sure you don't delete a table on accident, you will be asked to confirm your action. To confirm, click on **Yes, delete**.

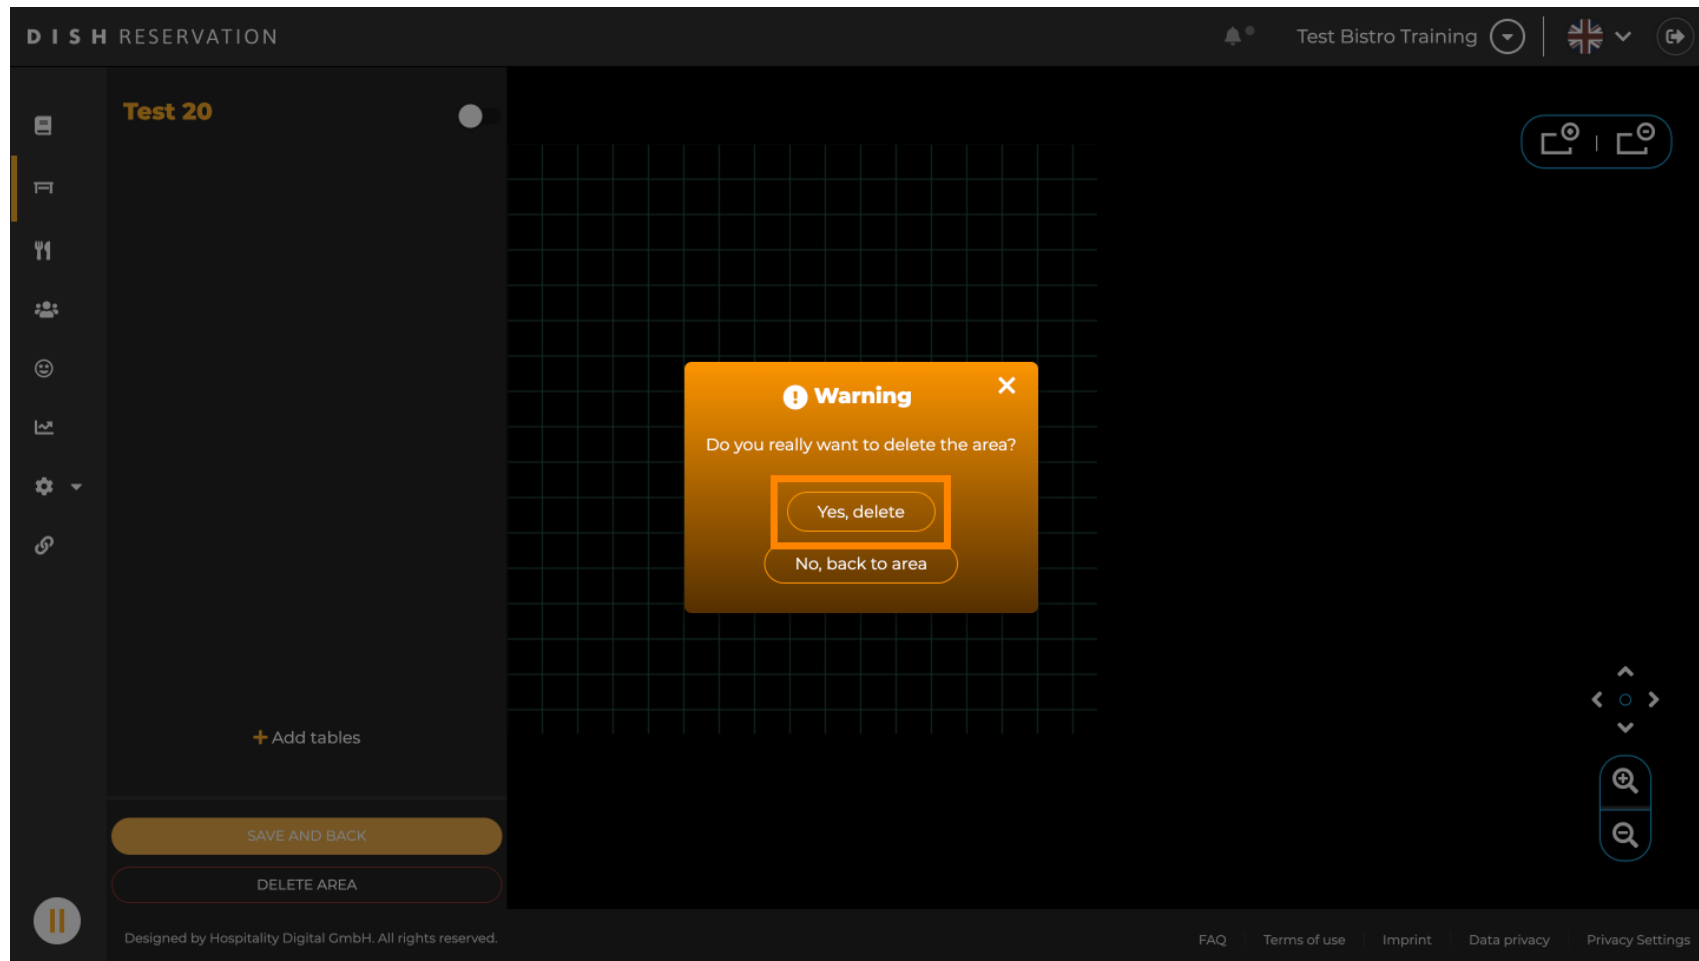

To remove a complete area, click on **DELETE AREA**. **Note: To delete an area, make sure all tables are deleted and the area is disabled.**

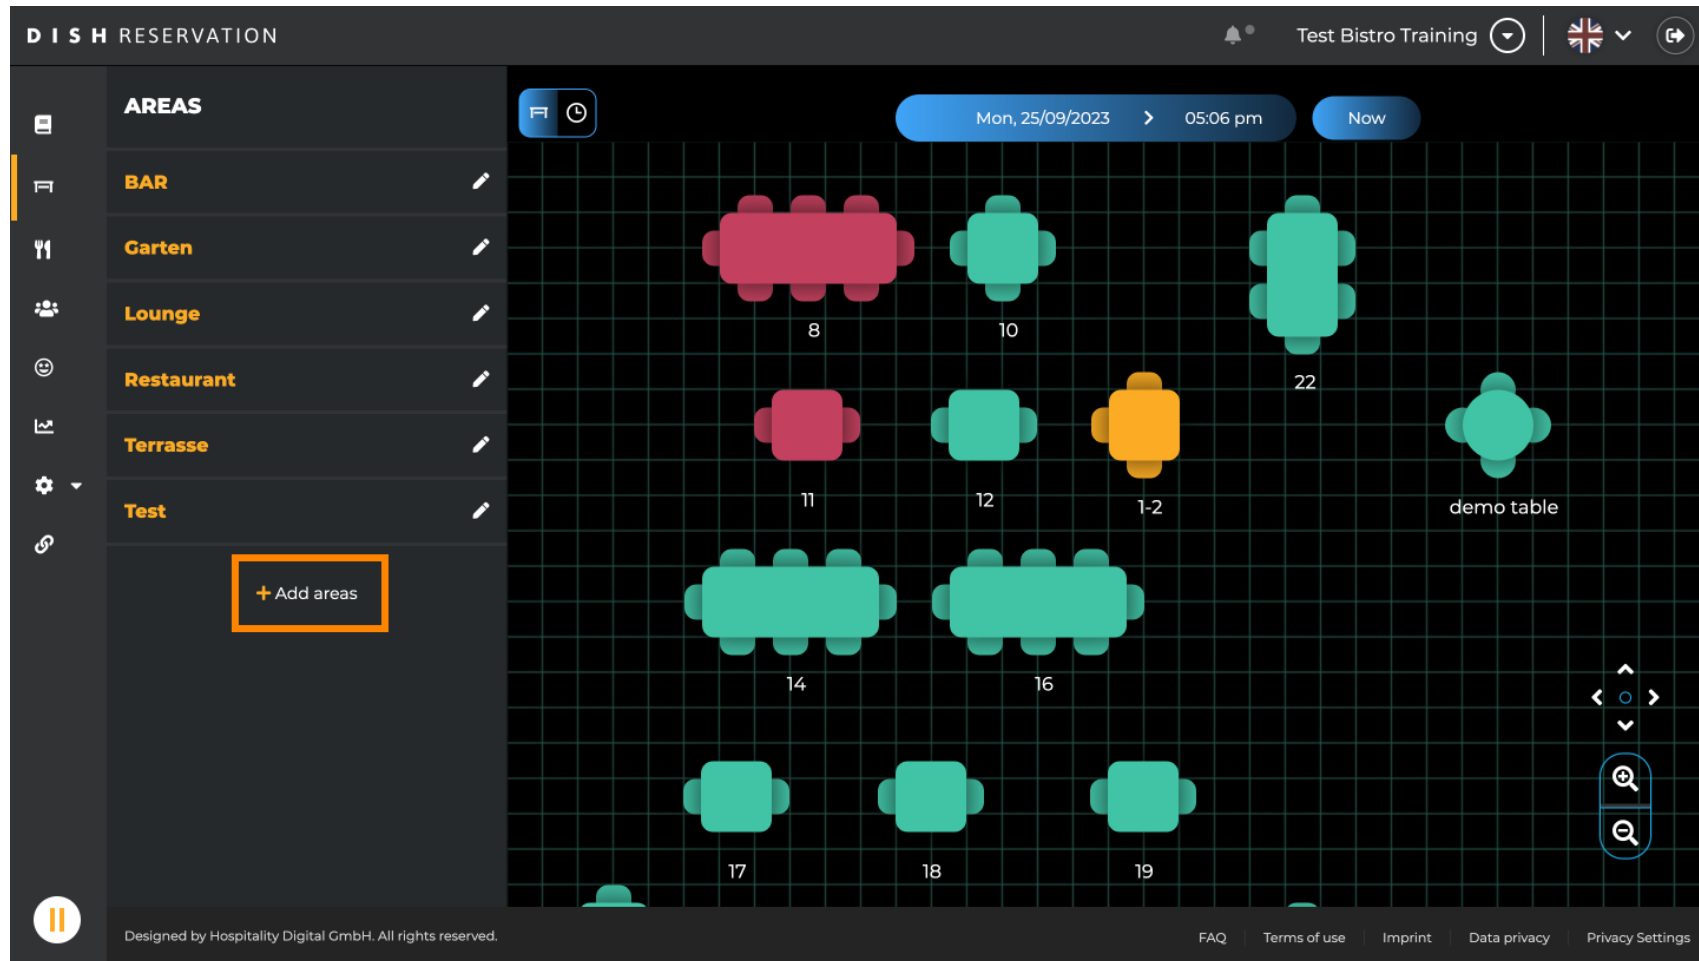

To make sure you don't delete an area on accident, you will be asked to confirm your action. To confirm, click on **Yes, delete**.

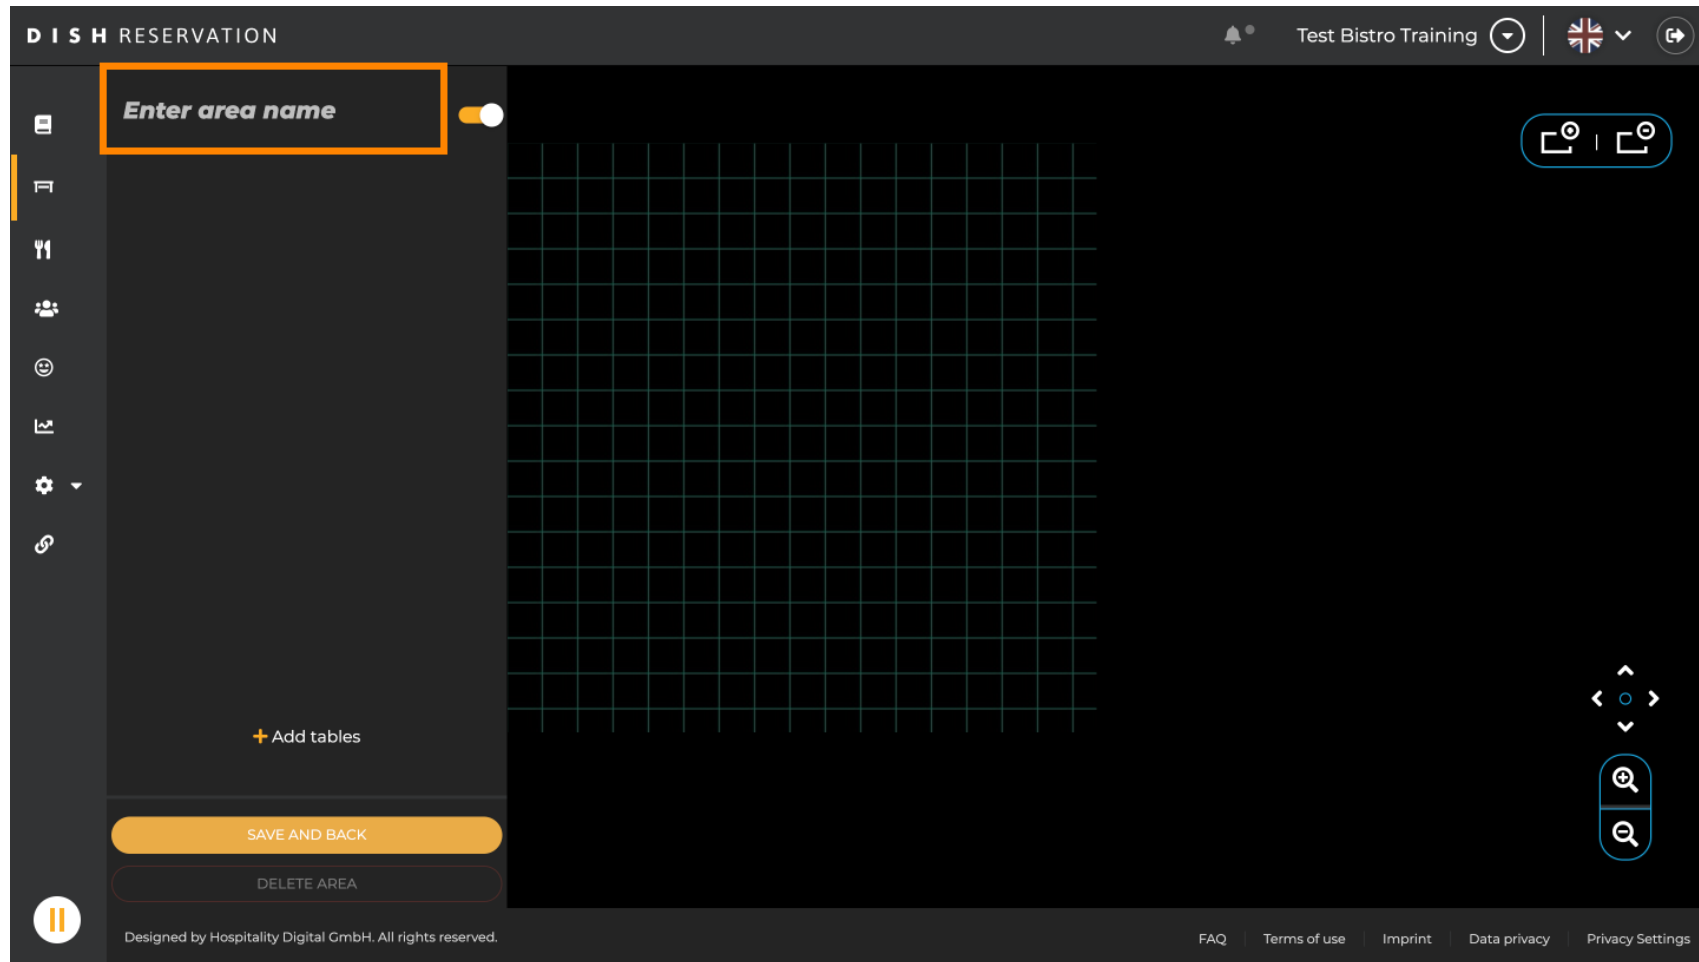

By clicking on **+ Add areas** an input mask for adding the name for the new area will open up.

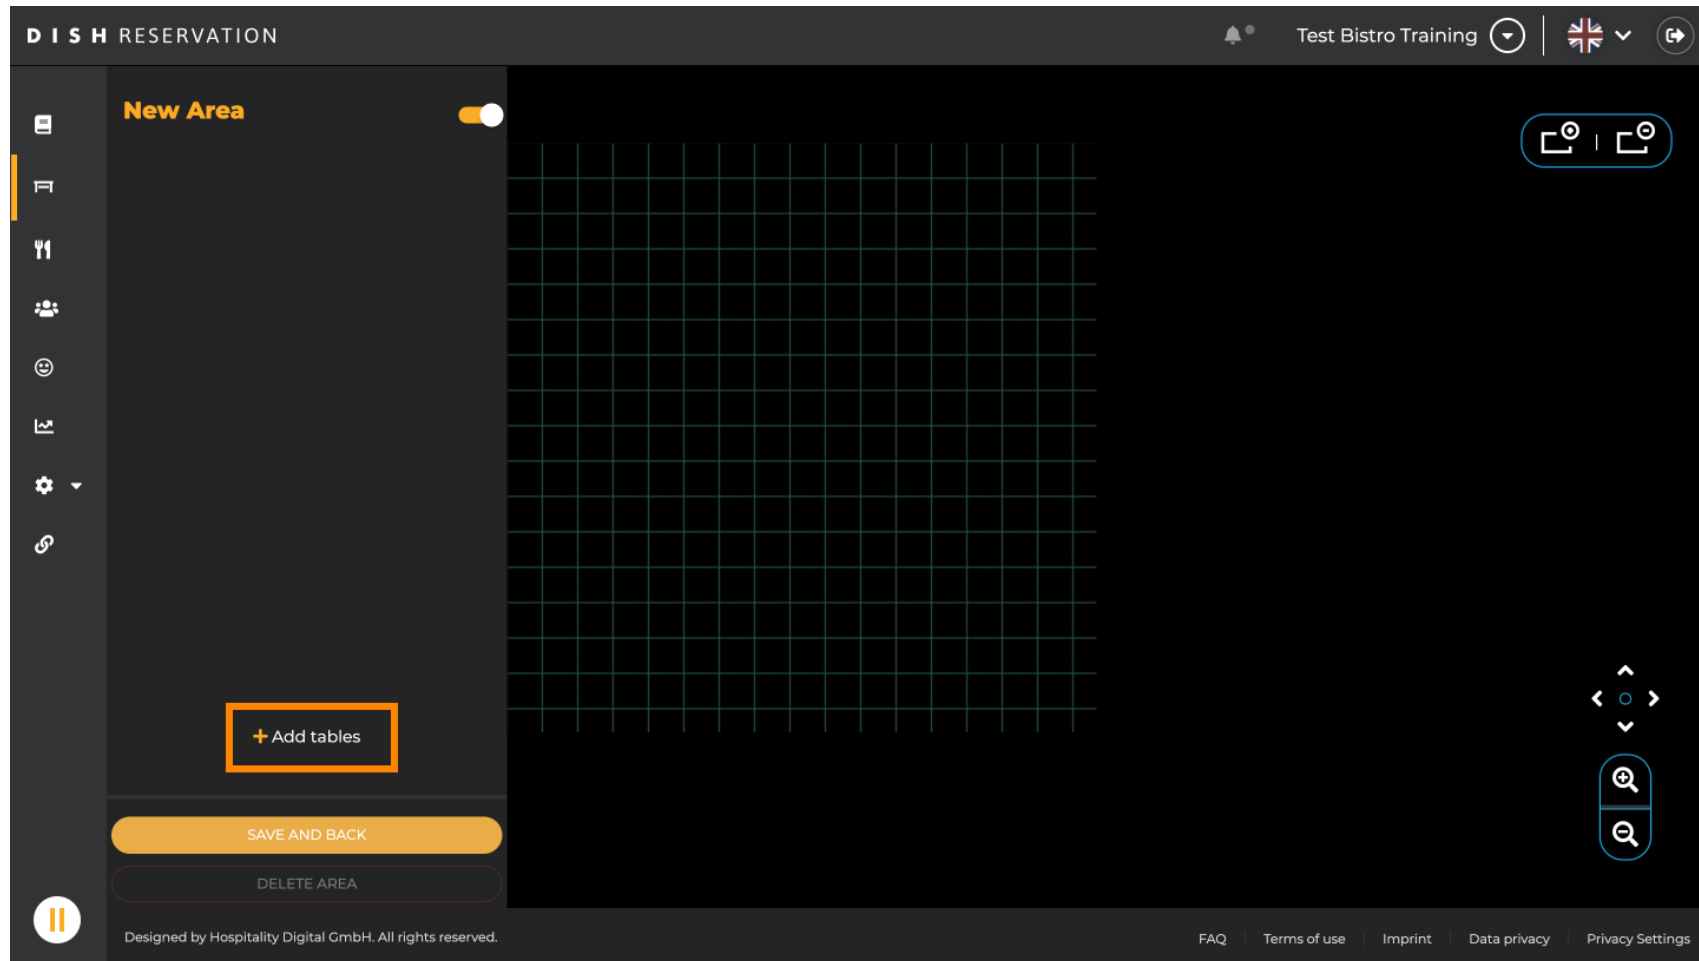

- Enter the name of the area in the corresponding **text field**.

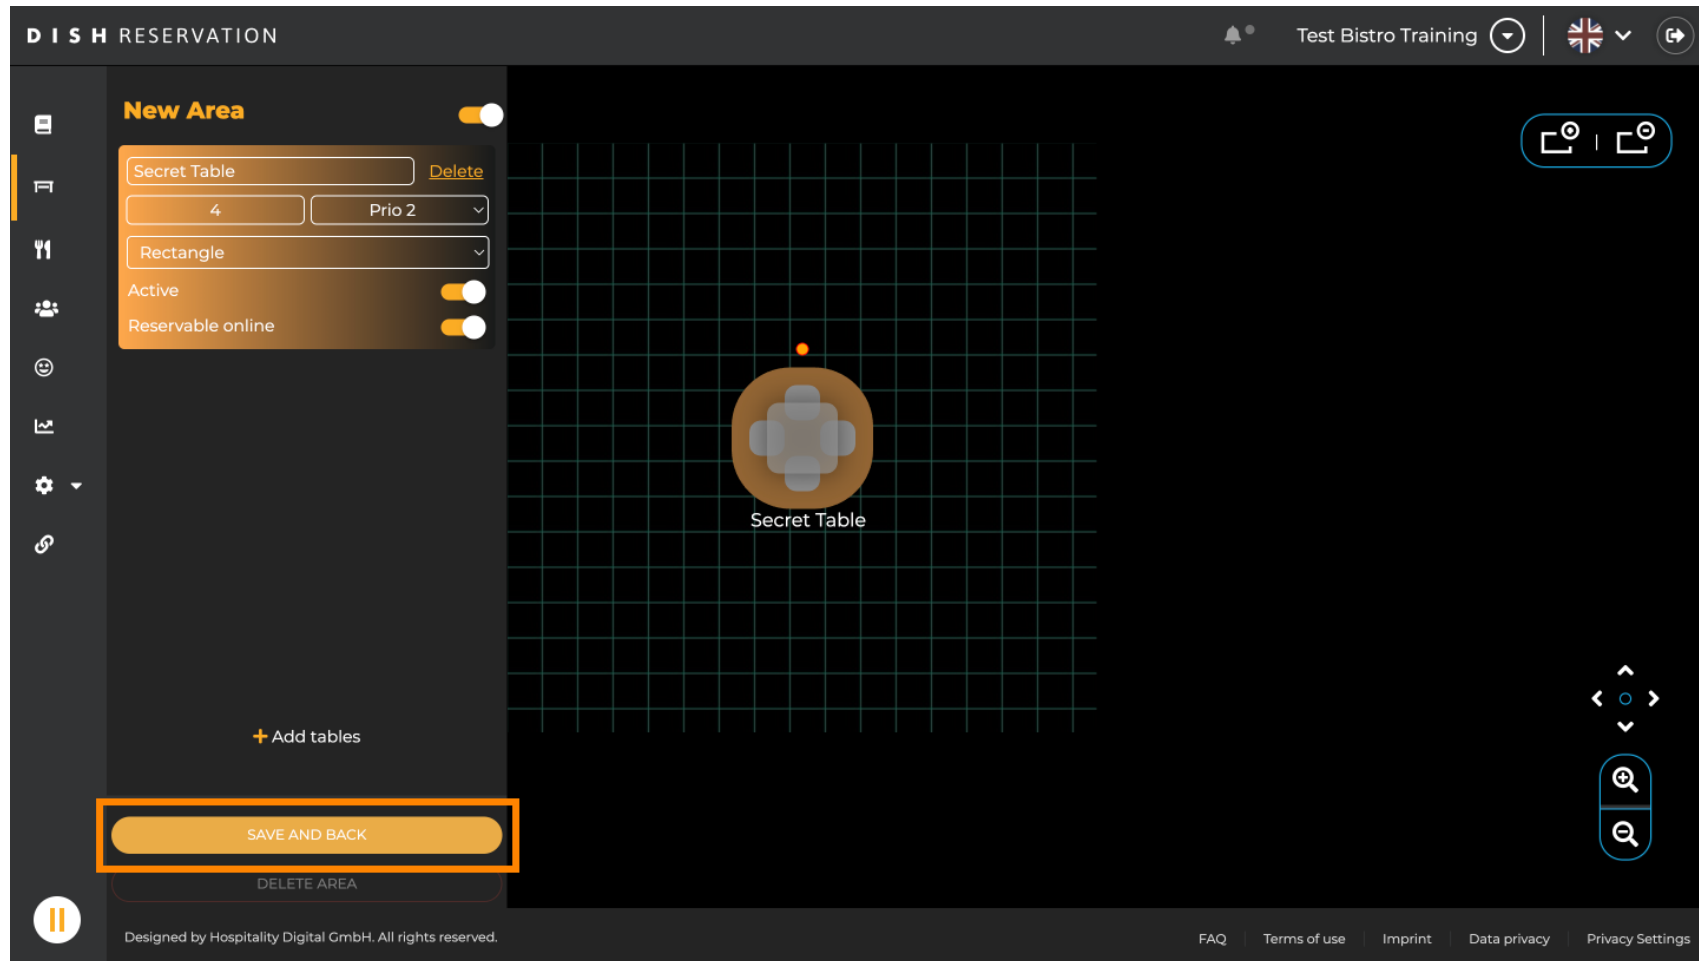

As shown in the previous steps you can create and place tables by clicking on to **+ Add tables**.

Once you finished your setup of the new area, click on **SAVE AND BACK** to apply the changes.

That's it. You have completed the tutorial and now know how to edit and add tables in your table plan.

The screenshot displays the DISH Reservation software interface. On the left, a sidebar contains navigation icons. The main area features a grid-based table plan with a central teal icon labeled 'Secret Table'. A green success notification in the top right corner states 'Success' and 'Area and tables are successfully saved.' The top header includes the 'DISH RESERVATION' logo, a user profile 'Test Bistro Training', a language selector (UK flag), and a date/time display 'Mon, 25/09/2023 05:07 pm'. A bottom footer contains copyright information and links to FAQ, Terms of use, Imprint, Data privacy, and Privacy Settings.
