

- At the dashboard tap on the **drop-down menu icon** to open the editing menu.

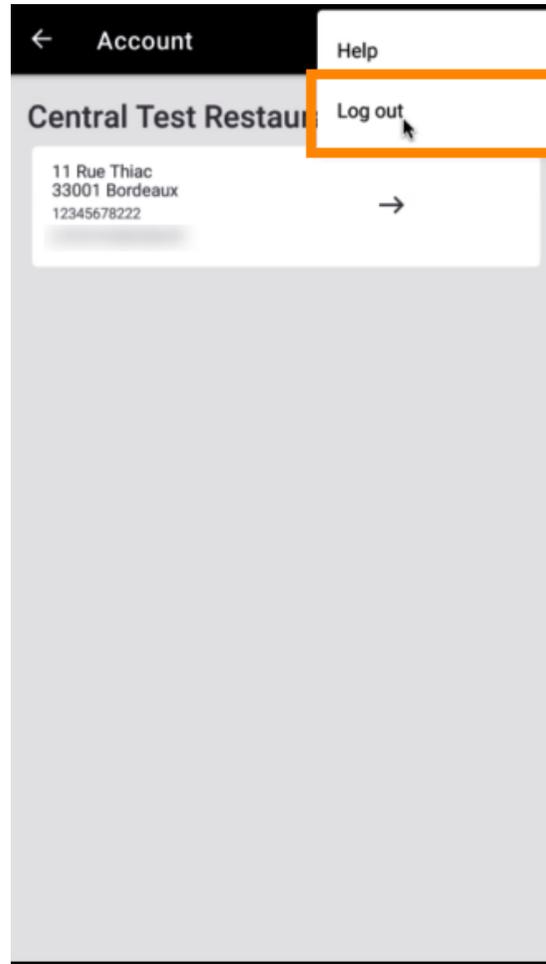

The admin panel will be displayed. Now select **account**.

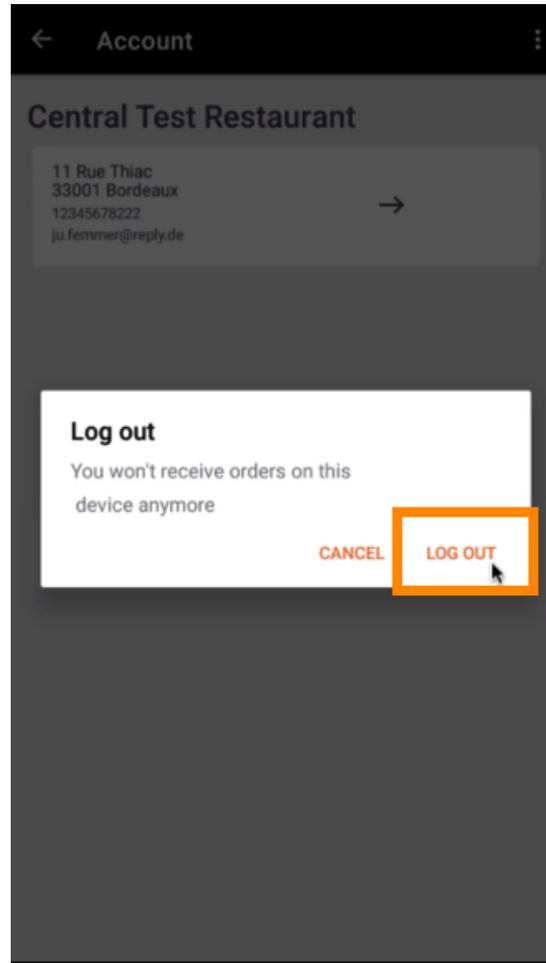

Then click on the **three dots** in the top right corner.

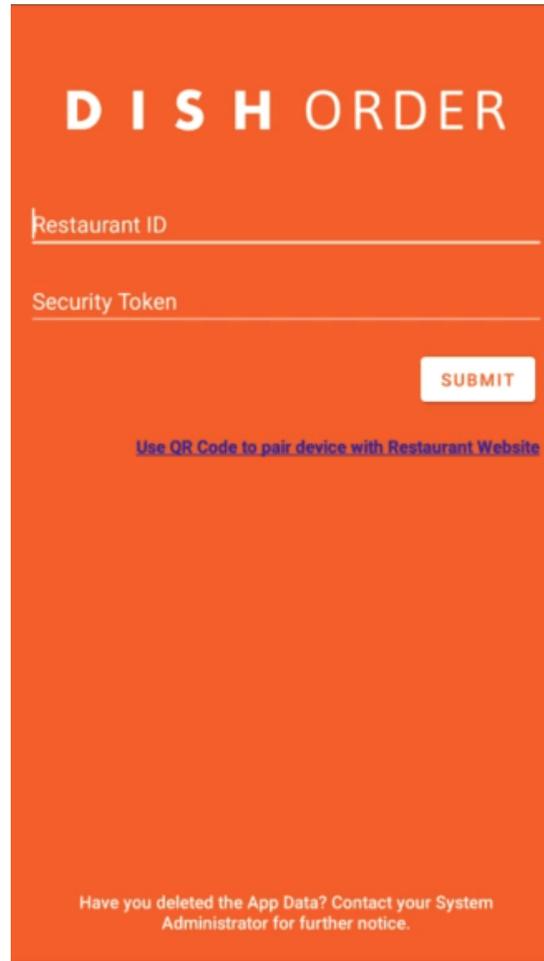

And select **log out**.

Again click on **log out** to confirm your action.

 You will be redirected to the login page. Here you can log in again. That's it. You're done.

The screenshot shows the DISH ORDER login interface. At the top, the text "DISH ORDER" is displayed in white on an orange background. Below this, there are two input fields: "Restaurant ID" and "Security Token", each with a white underline. To the right of the "Security Token" field is a white "SUBMIT" button. Below the input fields, there is a blue link that says "Use QR Code to pair device with Restaurant Website". At the bottom of the screen, there is a small white text block that reads: "Have you deleted the App Data? Contact your System Administrator for further notice."
