- Vous pouvez ajuster plusieurs paramètres concernant vos commandes acceptées. Cela comprend le **délai de livraison estimé** , **le délai de retrait estimé** et **le délai de refus automatique** .

The screenshot displays the 'Location Edit' interface in the DISH system. The left sidebar contains navigation options: DASHBOARD, RESTAURANT (with sub-items: Locations, Legal Information), KITCHEN, SALES, MARKETING, USERS, LOCALISATION, TOOLS, and SYSTEM. The main content area is titled 'Location Edit' and includes 'Save' and 'Save & Close' buttons. Below these are tabs for 'Location', 'Order Settings', 'Opening Hours', 'Payments', and 'Delivery'. The 'Order Settings' tab is active, showing the 'Accepting Orders' section. This section includes 'Offer Delivery' (Enabled) and 'Offer Pick-up' (Enabled). Below these are three input fields: 'Estimated delivery time' (45), 'Estimated pickup time' (30), and 'Auto decline time period' (15). Each field has a descriptive text below it. The 'Preorders' section is visible below, with 'Accept Future Orders' (Enabled) and two additional input fields: 'Dauer des Zeitfensters für Lieferung' and 'Pick-up Timeslot Duration'. A help icon (question mark) is located in the bottom right corner.

- Vous pouvez **activer/désactiver** la possibilité de précommandes. De plus, vous pouvez ajuster **plusieurs paramètres** concernant les précommandes acceptées.

The screenshot displays the 'Location Edit' interface with a sidebar on the left containing navigation options: DASHBOARD, RESTAURANT (with a dropdown arrow), Locations, Legal Information, KITCHEN, SALES, MARKETING, USERS, LOCALISATION, TOOLS, and SYSTEM. The main content area is titled 'Location Edit' and features a 'Preorders' section highlighted with an orange border. This section includes the following settings:

- Accept Future Orders:** A green toggle switch labeled 'Enabled'. Below it, a note states: 'When the restaurant is closed for delivery or pick-up, allow a customer to place an order for a later working time'.
- Dauer des Zeitfensters für Lieferung:** A text input field containing the value '29'. Below it, a note states: 'Set in minutes timeslot duration for scheduled delivery orders. Changing this to more than 5 min might cause disadvantages to other food delivery services on platforms like google'.
- Pick-up Timeslot Duration:** A text input field containing the value '30'. Below it, a note states: 'Set in minutes timeslot duration for scheduled pick up orders. Changing this to more than 5 min might cause disadvantages to other food delivery services on platforms like google'.
- Future Delivery Order Days In Advance:** A text input field containing the value '5'. Below it, a note states: 'Set the number of days in advance a customer can place a delivery order'.
- Future Pick-up Order Days In Advance:** A text input field containing the value '5'. Below it, a note states: 'Set the number of days in advance a customer can place a pick-up order'.
- Time slot quota:** A text input field containing the value '0'. Below it, a note states: 'Max. amount of placeable orders per time slot for Pre-orders. Set to 0 to accept any number of orders'.
- Preorders meal preparation time:** A text input field containing the value '15'. Below it, a note states: 'Set in minutes the average time it takes to prepare a preorder'.

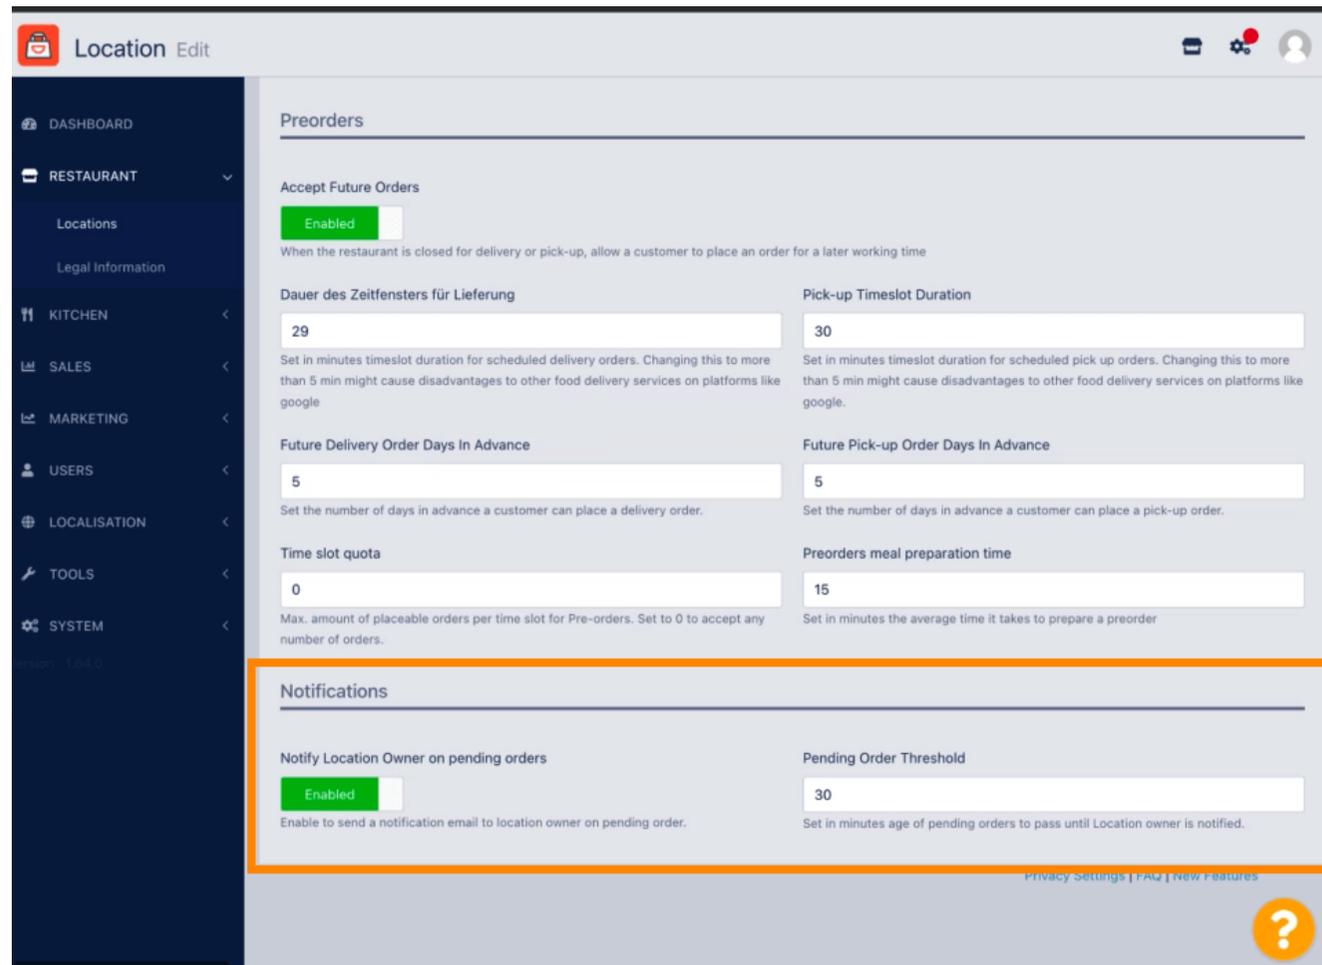

Below the 'Preorders' section is a 'Notifications' section with the following settings:

- Notify Location Owner on pending orders:** A green toggle switch labeled 'Enabled'. Below it, a note states: 'Enable to send a notification email to location owner on pending order'.
- Pending Order Threshold:** A text input field containing the value '30'. Below it, a note states: 'Set in minutes age of pending orders to pass until Location owner is notified'.

At the bottom right of the interface, there are links for 'Privacy Settings | FAQ | New Features' and a circular orange help icon with a white question mark.

Ici, vous pouvez **activer /désactiver** la possibilité de recevoir des notifications sur les commandes en attente par e-mail.

The screenshot shows the 'Location Edit' interface in the DISH system. The left sidebar contains navigation options: DASHBOARD, RESTAURANT (with a dropdown arrow), Locations, Legal Information, KITCHEN, SALES, MARKETING, USERS, LOCALISATION, TOOLS, and SYSTEM. The main content area is titled 'Preorders' and contains several settings:

 - Offer Pick-up:** Enabled (checkbox checked). Description: Activate this option if your restaurant offers pick-up on site.
 - Estimated delivery time:** 45. Description: Set in minutes the average time it takes to deliver a meal from the restaurant to the End Customer.
 - Estimated pickup time:** 30. Description: Set in minutes the average time it takes to prepare a meal.
 - Auto decline time period:** 15. Description: Set the number of minutes after which an order is automatically declined if it is not already accepted, cancelled or completed. To change this setting please contact customer support.
- Preorders:**
 - Accept Future Orders:** Enabled (checkbox checked). Description: When the restaurant is closed for delivery or pick-up, allow a customer to place an order for a later working time.
 - Dauer des Zeitfensters für Lieferung:** (input field)
 - Pick-up Timeslot Duration:** (input field)

C'est tout. Vous avez terminé.

The screenshot displays the 'Locations' management page in the DISH system. A green notification banner at the top center reads 'Location updated successfully' with a close button (X). Below the notification is a 'Download CSV list' button. The main content area features a table with the following columns: NAME, CITY, OFFER DELIVERY, OFFER PICK-UP, STATUS, and LINK. A single row is visible for 'Restaurant Danielo' in 'Düsseldorf', with 'Enabled' status for both delivery and pick-up, and 'Enabled' overall status. The left sidebar contains navigation options: DASHBOARD, RESTAURANT (expanded to show Locations and Legal Information), KITCHEN, SALES, MARKETING, USERS, LOCALISATION, TOOLS, and SYSTEM. At the bottom, there is a 'Items Per Page' dropdown set to 100, and a help icon (question mark) in the bottom right corner.
