Under **DISH WEBSITING**, you can connect your DISH website with DISH Weblisting, where you can manage all social information.

The screenshot shows the DISH Weblisting management interface. On the left is a navigation menu with options: Dashboard, Restaurant details, Settings, Reservation options, Food ordering, Design and content, Legal, Web Address, **DISH WEBSITING** (highlighted), and Account. The main content area is titled "DISH WEBSITING" and features a sub-header "Attract more guests with DISH Weblisting". Below this, it states: "With DISH Weblisting customers can easily find you on Google Maps and Google Search." Three key features are listed with icons: 1. An information icon (i) indicating you can manage all the information on your Google listing and upload pictures. 2. A speech bubble icon indicating you can reply to reviews received on Google. 3. A smartphone icon indicating you can create Google posts to interact with your audience. At the bottom, there are two mobile app preview images: one showing the "DISH WEBSITING" dashboard and another showing "Review details" for a user named Luisa Carvalho. A question mark icon is visible in the bottom right corner of the interface.

Under the menu **Your data**, you have the possibility to **change existing personal data** e to **export personal data**.
