

Welcome to the DISH POS dashboard. In this tutorial, we show you how to set up permissions for users. First, click on **General**.

The screenshot shows the DISH POS v2.49.0 dashboard. The sidebar on the left contains a menu with items: Dashboard, Articles, Finances, **General** (highlighted with an orange box), Payment, and Self-service. The main content area is titled 'Dashboard' and includes a toggle for 'Display amounts including VAT' which is currently turned on. Below this, there are four data cards for 'Turnover data today': Turnover (€ 0.00), Transactions (0), Average spending (€ 0.00), and Open orders (Unknown). At the bottom, there is a 'Turnover details' section with a line chart comparing 'This week' and 'Previous week' sales from Monday to Sunday. To the right of the chart is a summary table with the following data:

Metric	This Week	Last Week	Total Last Week
SALES UNTIL TODAY	€ 0.00	€ 0.00	€ 0.00
AVERAGE UNTIL TODAY	€ 0.00	€ 0.00	€ 0.00
TRANSACTIONS UNTIL TODAY	0	0	0

Then go to **User groups**.

For the changes to take effect, the users in the selected user group must log out and log in again. To do this, click on your **profile** and select **Logout**.

The screenshot shows the DISH POS v2.49.0 interface. The top navigation bar includes the version, demo name '(V) Demo EN Video', and the user profile 'dish\_en\_video@hd.digital'. The profile dropdown menu is open, showing 'Profile' and 'Logout' (highlighted with an orange box). The main content area displays the 'Usergroups (4 usergroups)' management page. It features a search bar, a table with columns for 'Name' and actions (edit, copy, delete), and a '+ Add usergroup' button. The table lists four user groups: Enterprise Admin, Second Clerk, Clerk, and Manager.
