

i

Welcome to the DISH POS app. In this tutorial, we guide you through the login and logout process. Note: If you have an NFC device, you also can log in with a corresponding NFC card.

• At the login screen, simply add the user's login code, by using the input field.

Once you entered the credentials, the login button appears. Tap on the LOGIN to access the app.

After your first login of the day, you always have to select a drawer for the shift. To do so, set the respective checkmark for the drawer you want to use. Note: Even if there is no physical drawer, you need to select one to start the shift.

9 (* (* (* (* (* (* (* (* (* (* (* (* (*								
	Choose cash drawer							
	Drawer							
	Wallet			0	0			
	Cancel		ок					
SETTINGS								

• After selecting a drawer, tap on OK to confirm your choice.

	Choose cash drawer			
	Drawer Wallet		0	
D.	Cancel	ок		

Once you are finished with your shift, you want to log out. To do so, open the menu first.
