Stores Normalize price rules TRANSMIT

Name	Installed version	Update status	Transmit status	Last transmission
HD Video Demo English	v3s24b0.0	Update available (v3s38b3.0)	Update ✓	2023-03-17 11:24

A new window will open with the settings of your store. Now select a price level through the corresponding **drop-down menu**.

The screenshot shows the 'Update store' interface in the DISH POS v2.49.0 application. On the left is a dark sidebar with a menu including 'Dashboard', 'Articles', 'Finances', 'General', 'Production stations', 'Facilities', 'Cash stores', 'Printers', 'App links', 'Table map', 'Users', 'Usergroups', 'POS devices', 'Courses', 'Customers', 'Currencies', 'Turnover groups', 'Translations', 'Package profiles', 'Payment', and 'Self-service'. The main content area is titled 'Update store' and contains several sections: 'Store' (with a sub-menu for 'Store'), 'Settings', 'POS configuration', 'App functions', 'Card templates', 'Standard discounts', and 'App users'. The 'Store' section is expanded, showing 'Name' (HD Video Demo English) and 'Language' (English). Below this are three columns: 'Option menus' (with a 'Select an option menu' dropdown and '+ Add new option menu' link), 'Payment method menus' (with 'External Payments', 'Payment Methods', and 'Online Payments' items, each with a trash icon, and a 'Select a payment method menu' dropdown, plus '+ Add new payment method menu' link), and 'Price levels' (with a 'Select a price level' dropdown highlighted by an orange box and '+ Add new price level' link). At the bottom, the 'Identification' section shows 'Your reference' (fdb3a31f-512d-4300-ade8-8042dc04e505) and 'ID' (1035). A red 'Save' button is located at the bottom right.

Once the drop-down menu expanded, select one of the **options**.

The screenshot shows the 'Update store' interface in the DISH POS v2.49.0 application. The left sidebar contains a navigation menu with categories like 'Dashboard', 'Articles', 'Finances', 'General', 'Payment', and 'Self-service'. The main content area is titled 'Update store' and includes sections for 'Option menus', 'Payment method menus', and 'Price levels'. The 'Price levels' section is expanded, showing a list of options: 'Happy Hour' (highlighted with an orange border) and another 'Happy Hour' option. The 'Save' button is located at the bottom right of the interface.

Then click on **+ Add new price level** to enable the set price level.

Left sidebar menu items: Dashboard, Articles, Finances, General, Production stations, **Facilities**, Cash stores, Printers, App links, Table map, Users, Usergroups, POS devices, Courses, Customers, Currencies, Turnover groups, Translations, Package profiles, Payment, Self-service

Then expand your main facility by clicking on the **down-facing arrow**.

The screenshot shows the DISH POS v2.49.0 interface. The top navigation bar includes the user name 'dish\_en\_video@hd.digital' and a 'DISH POS Tutorials' link. The left sidebar is expanded to the 'General' section, which contains a list of settings including 'Facilities'. The main content area is titled 'Facilities' and features a search bar with the placeholder 'Type to search'. Below the search bar is a yellow warning message: 'Be extra careful when you use QR ordering through CMS: QR codes are linked to facilities. Once created, these QR codes cannot be reassigned to a different facility.' Underneath the warning is a table of facilities. The first entry is 'HD Video Demo English', which is highlighted with a yellow box around its dropdown arrow. To the right of the table are two buttons: '+ Generate area' and '+ Add facility'.

Then click on the respective **edit icon** of the facility you want to manage.

The screenshot shows the DISH POS v2.49.0 interface. The top navigation bar includes the version, user name '(V) Demo EN Video', 'DISH POS Tutorials', 'Update available', and a user profile dropdown. The left sidebar contains a 'Minimize menu' button and a list of menu items: Dashboard, Articles, Finances, General (selected), Production stations, Facilities, Cash stores, Printers, App links, Table map, Users, Usergroups, POS devices, Courses, Customers, Currencies, Turnover groups, Translations, Package profiles, Payment, and Self-service. The main content area is titled 'Facilities' and features a search bar, '+ Generate area', and '+ Add facility' buttons. A yellow warning banner states: 'Be extra careful when you use QR ordering through CMS: QR codes are linked to facilities. Once created, these QR codes cannot be reassigned to a different facility.' Below this, a table lists facilities: 'HD Video Demo English', 'Restaurant' (expanded to show 'Direct Sale'), 'E-Commerce', and 'Terrace'. Each facility has an edit icon (pencil) and a delete icon (trash). The edit icon for the 'Restaurant' facility is highlighted with a yellow box.

A new window will open with the settings of the selected facility. Use the corresponding **drop-down menu** to assign a price level.

The screenshot displays the 'Edit sales point' window in the DISH POS v2.49.0 application. The window is titled 'Sales point' and has a 'CLOSE' button in the top right corner. The 'Name' field is set to 'Restaurant' and the 'Parent' dropdown is set to 'HD Video Demo English'. The 'Numbers/Description' section includes a 'Receipt printer' dropdown. The 'References' section features a 'Price level' dropdown menu, which is highlighted with an orange border and shows 'Inherit' as the selected option. The 'Settings' section contains several checkboxes: 'Inherit settings' (checked), 'Visible in app' (checked), 'Price includes VAT' (checked), 'Order text popup' (unchecked), 'Use take away number' (unchecked), 'Log off after ticket' (unchecked), and 'Print receipt' (unchecked). The 'Identification' section includes a 'Your reference' field with the value '4ec810ec-1370-4b5e-8bdb-efc39da73b57' and an 'ID' field with the value '2'. A red 'Save' button is located at the bottom right of the window.

Then select the **price level** you want to assign to this facility.

The screenshot displays the 'Edit sales point' interface in the DISH POS system. The left sidebar shows a navigation menu with categories like 'Facilities', 'Menu', 'Payment', and 'Self-service'. The main content area is titled 'Sales point' and shows the configuration for a 'Restaurant' facility. The 'Parent' is set to 'HD Video Demo English'. Under the 'References' section, the 'Price level' dropdown is highlighted with an orange box, showing 'Happy Hour' as the selected option. The 'Settings' section includes options for 'Inherit settings', 'Visible in app', 'Price includes VAT', 'Order text popup', 'Use take away number', 'Log off after ticket', and 'Print receipt'. The 'Identification' section shows the 'Your reference' as '4ec810ec-1370-4b5e-8bdb-efc39da73b57' and the 'ID' as '2'. A 'Save' button is located at the bottom right of the configuration panel.

Once you are finished, click on **Save** to apply the changes.
