Y haga clic en **+ Agregar menú** .

The screenshot shows the DISH POS v2.49.0 interface. The top navigation bar includes the version, a video demo link, a tutorial link, an update availability indicator, and a user profile. The left sidebar contains various menu categories like Dashboard, Articles, Product groups, Price levels, Menus, French menus, Option menus, Price management, Time periods, Promotions, Finances, General, Payment, and Self-service. The main content area is titled 'Menus' and features a toggle for 'Show your reference' and a highlighted '+ Add menu' button. Below this is a table with three columns: 'Menus', 'Selected menu', and 'Products'. The 'Menus' column contains radio buttons for 'Enterprise menu' and 'Store menu', a search bar, and a list item 'Menukaart'. The 'Selected menu' column contains instructions on creating subfolders and using references. The 'Products' column contains instructions on adding products to menu cards. A 'No results found' message is displayed below the search bar.

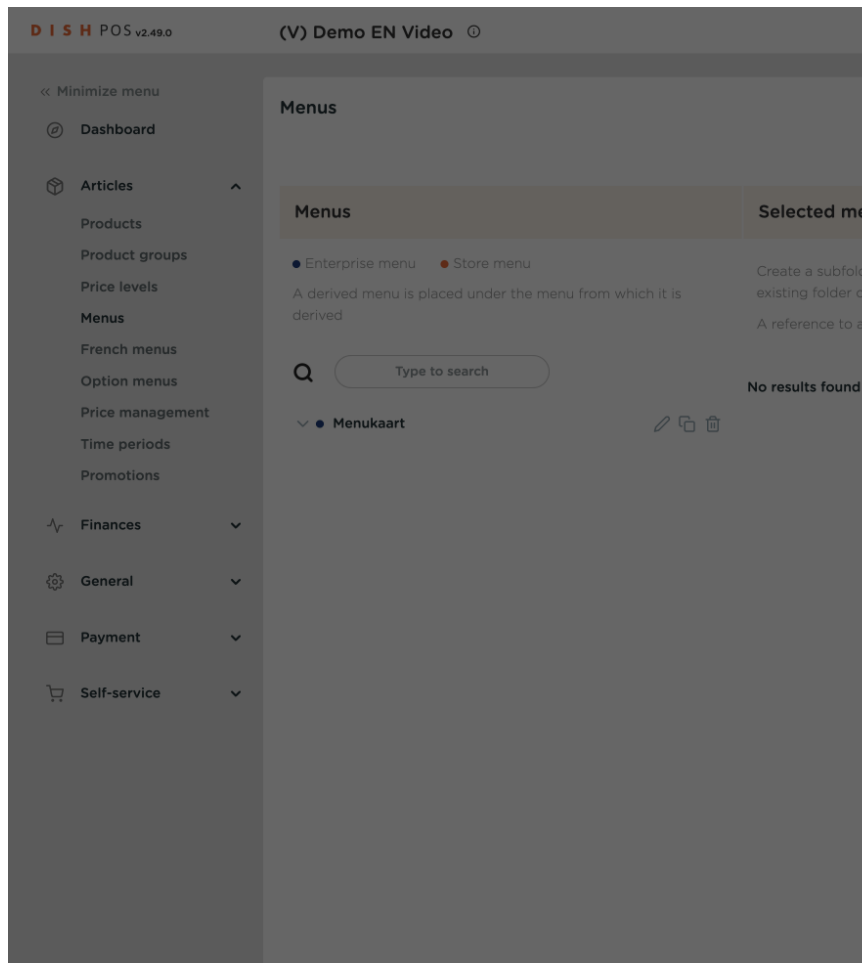

Se abrirá una nueva ventana donde podrá introducir toda la información del nuevo menú. Para empezar, introduzca el nombre en el **campo de texto** correspondiente .

The screenshot displays the 'Add menu' dialog box in the DISH POS v2.49.0 application. The dialog box is titled 'Menu' and features a 'CLOSE' button with an 'X' icon in the top right corner. The 'Name' field is highlighted with a yellow border. Below the 'Name' field, there are sections for 'Numbers/Description' (with an 'Is derived menu' checkbox), 'Base menu' (dropdown menu), 'Store' (dropdown menu), 'Identification' (with a 'Your reference' field), and 'ID' (text field). A 'Save' button is located at the bottom right of the dialog box. The background shows the main application interface with a sidebar menu and a 'Menus' section.

Marque la **casilla "Menú derivado"**. **Nota: Un menú derivado será una copia de su menú existente, dentro de su menú existente.**

🔑 Dado que es un menú derivado, puedes elegir de qué menú se derivará utilizando el **menú desplegable** correspondiente .

The screenshot displays the 'Add menu' configuration window in the DISH POS system. The window is titled 'Add menu' and features a 'Menu' icon. The form includes the following elements:

- Name\***: A text input field containing 'Lunch menu'.
- Numbers/Description**: A text input field.
- Is derived menu**: A checked checkbox.
- Base menu**: A dropdown menu currently set to 'None', with a list of options including 'Menukaart' and 'Webshop' visible below it.
- Store**: A text input field.
- Identification**: A text input field.
- Your reference**: A text input field.
- ID**: A text input field.

A 'Save' button is located at the bottom right of the dialog. The background interface shows the 'Menus' section with a search bar and a list of menu items, including 'Menukaart'.

Si tienes varias tiendas, puedes seleccionar una con el **menú desplegable** correspondiente.

The image shows two parts of the DISH POS interface. On the left is the 'Menus' configuration page, and on the right is the 'Add menu' dialog.

**Menus Configuration Page:**

- Header: DISH POS v2.49.0 (V) Demo EN Video
- Left sidebar: Dashboard, Articles, Products, Product groups, Price levels, Menus, French menus, Option menus, Price management, Time periods, Promotions, Finances, General, Payment, Self-service.
- Main content: 'Menus' section with 'Enterprise menu' and 'Store menu' options. A search bar contains 'Type to search' and shows 'No results found'. A dropdown menu is open showing 'Menukaart'.

**Add menu Dialog:**

- Header: Add menu (Menu)
- Form fields: Name\* (Lunch menu), Numbers/Description, Is derived menu (checked), Base menu (Menukaart), Store (None), Identification (None), Your reference (HD Video Demo English), ID.
- Buttons: Save

Una vez que hayas configurado toda la información, haz clic en **Guardar** para aplicar los cambios.

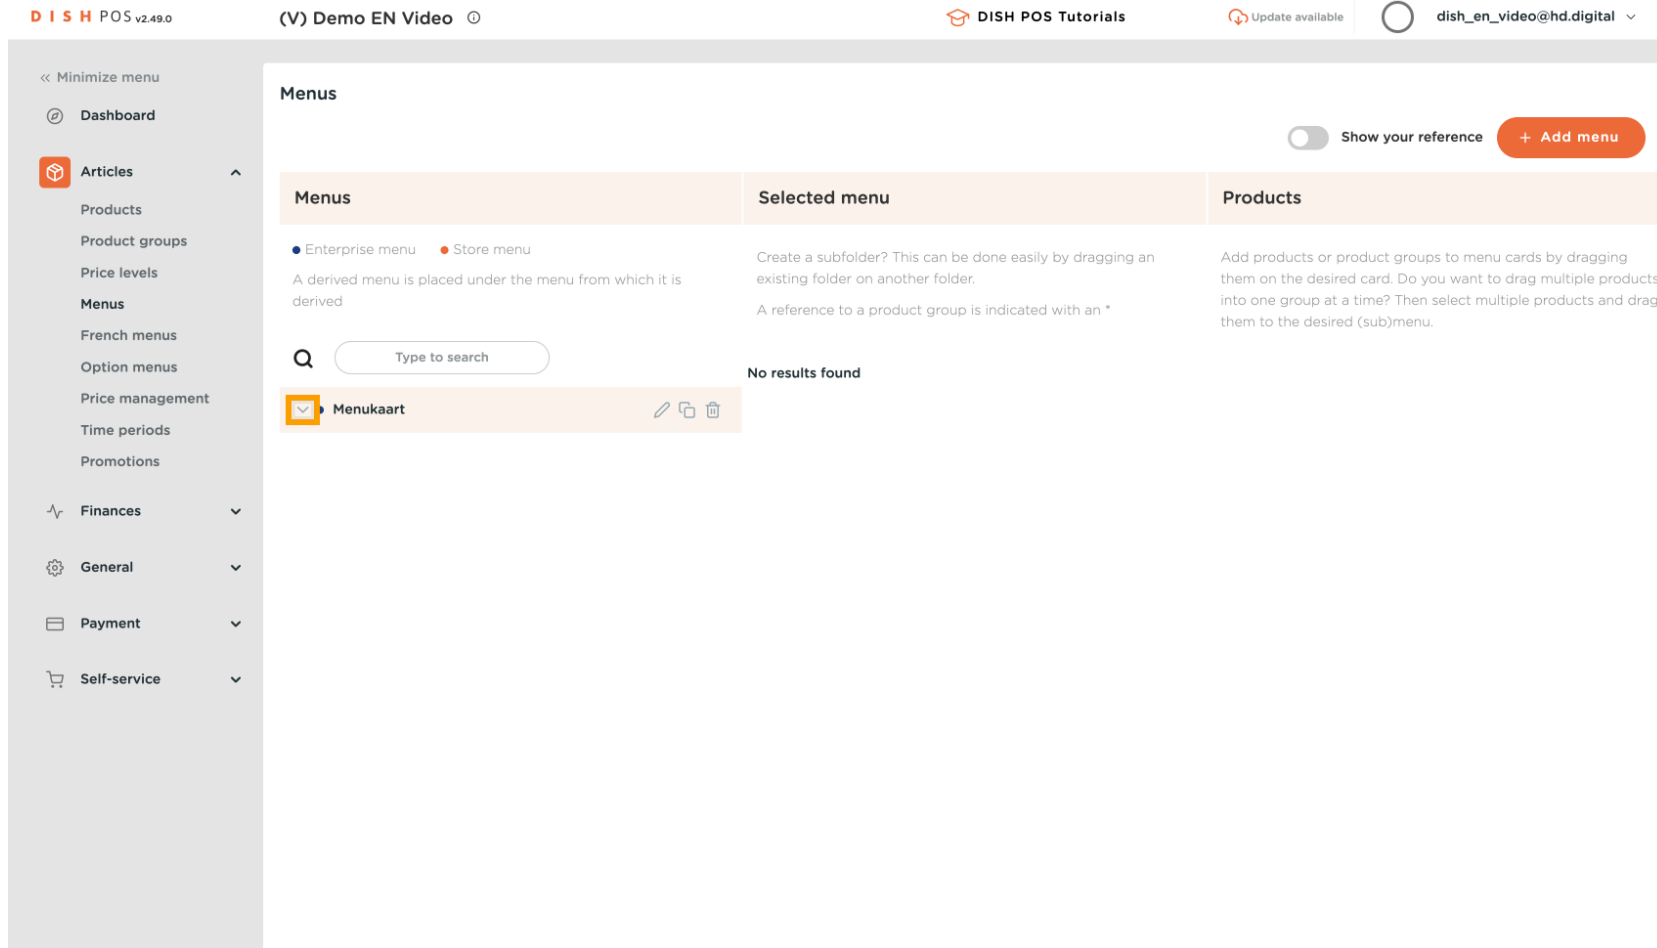

The screenshot shows the 'Add menu' dialog in the DISH POS system. The dialog is titled 'Menu' and has a 'CLOSE' button in the top right corner. It contains the following fields and options:

- Name\***: A text input field containing 'Lunch menu'.
- Numbers/Description**:
  - Is derived menu**
  - Base menu**: A dropdown menu with 'Menukaart' selected.
  - Store**: A dropdown menu with 'None' selected.
- Identification**:
  - Your reference**: An empty text input field.
  - ID**: An empty text input field.

A yellow-bordered 'Save' button is located at the bottom right of the dialog.

Para administrar el menú derivado, expanda el menú base utilizando la **flecha hacia abajo**.

Do you want to drag multiple products into one group at a time? Then select multiple products and drag them to the desired (sub)menu.</p>

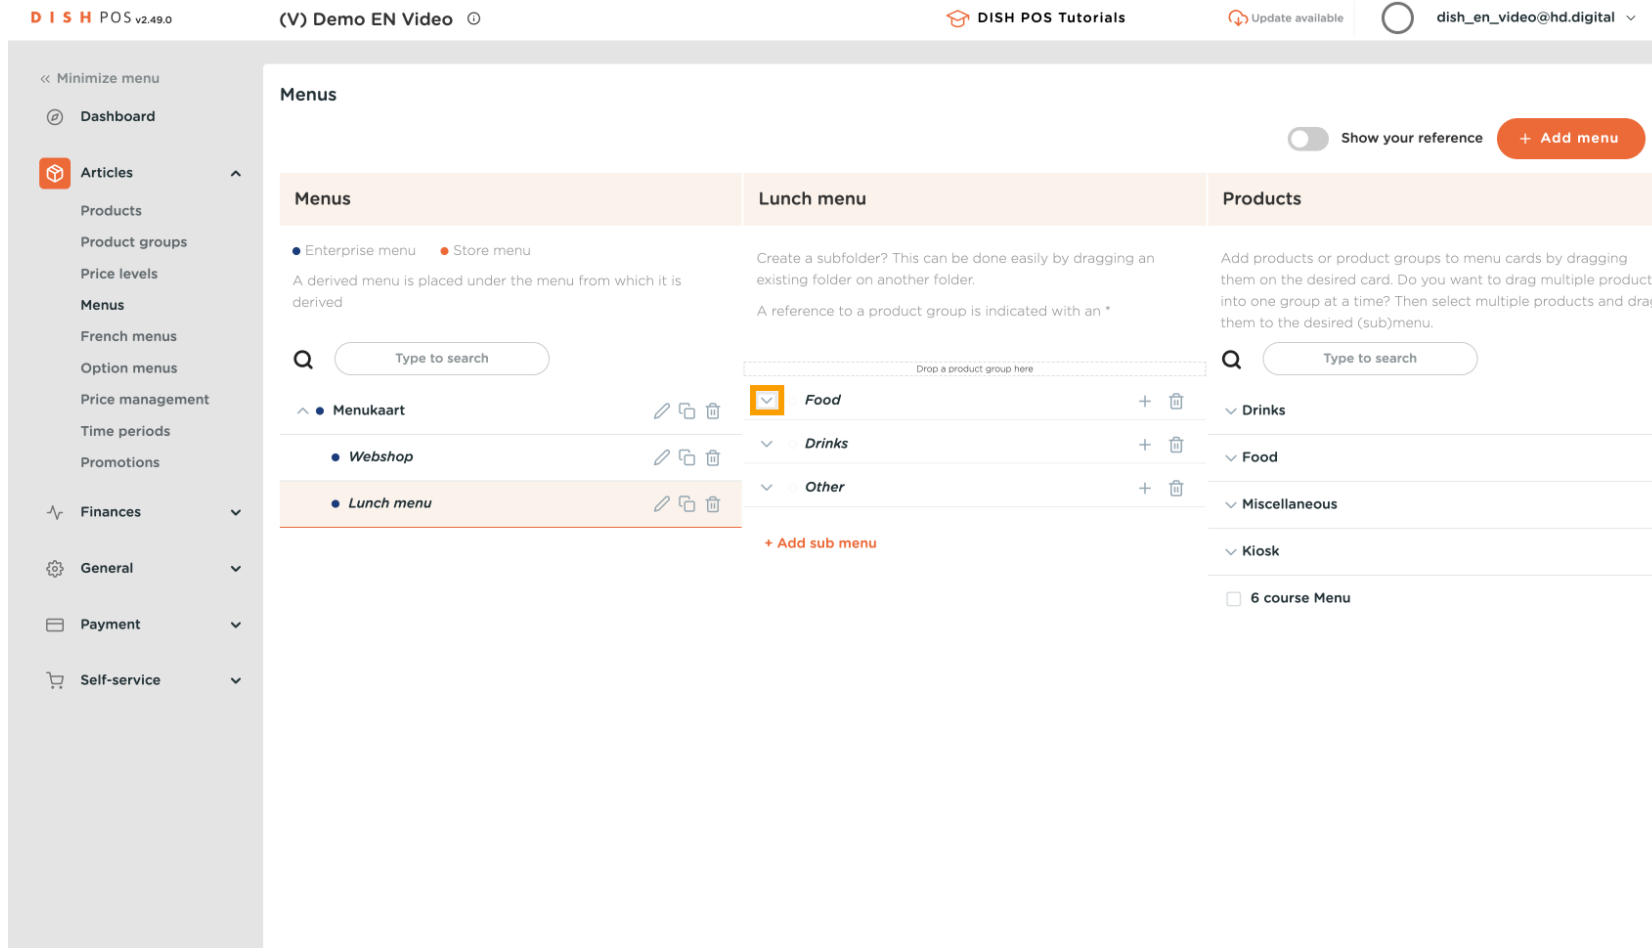

A continuación seleccione el **menú derivado** .

The screenshot shows the DISH POS v2.49.0 interface. The top navigation bar includes the version, a video demo link, a tutorial link, an update notification, and a user profile. The left sidebar contains various menu categories, with 'Articles' expanded to show 'Menus'. The main content area is titled 'Menus' and features a search bar, a 'Show your reference' toggle, and an 'Add menu' button. A table lists menu items: 'Menukaart' (expanded to show 'Webshop' and 'Lunch menu'), 'Webshop', and 'Lunch menu'. The 'Lunch menu' row is highlighted with an orange border. The 'Products' column on the right provides instructions on how to add products to menu cards.

Menu	Selected menu	Products
<ul style="list-style-type: none"><li>Enterprise menu</li><li>Store menu</li></ul> <p>Create a subfolder? This can be done easily by dragging an existing folder on another folder.</p> <p>A reference to a product group is indicated with an *</p> <p>Q <input type="text" value="Type to search"/></p> <p>No results found</p> <ul style="list-style-type: none"><li>Menukaart<ul style="list-style-type: none"><li>Webshop</li><li><b>Lunch menu</b></li></ul></li></ul>		Add products or product groups to menu cards by dragging them on the desired card. Do you want to drag multiple products into one group at a time? Then select multiple products and drag them to the desired (sub)menu.

Y despliega la subcategoría que quieras gestionar utilizando el botón correspondiente. **flecha que apunta hacia abajo**.

The screenshot shows the DISH POS v2.49.0 interface. The top navigation bar includes 'DISH POS Tutorials', 'Update available', and a user profile 'dish\_en\_video@hd.digital'. The left sidebar contains various menu management options like 'Articles', 'Products', 'Price levels', 'Menus', 'French menus', 'Option menus', 'Price management', 'Time periods', 'Promotions', 'Finances', 'General', 'Payment', and 'Self-service'. The main content area is titled 'Menus' and features a 'Show your reference' toggle and an '+ Add menu' button. It is divided into three columns: 'Menus', 'Lunch menu', and 'Products'. The 'Lunch menu' column is active and shows a tree view with 'Menukaart' expanded to reveal 'Webshop' and 'Lunch menu'. The 'Lunch menu' item is highlighted, and a '+ Add sub menu' button is visible below it. The 'Products' column shows a search bar and a list of product categories like 'Drinks', 'Food', 'Miscellaneous', and 'Kiosk', with a '6 course Menu' checkbox at the bottom.

-  Dado que este es un menú derivado, no se pueden eliminar completamente los elementos del menú. Solo se pueden desactivar o activar. Para desactivar un elemento, use el **icono de la papelera** . **Nota: Solo se pueden eliminar los elementos que haya añadido al menú y que no estén incluidos en el menú base.**

Do you want to drag multiple products into one group at a time? Then select multiple products and drag them to the desired (sub)menu.</p> <p>Q <input type="text" value="Type to search"/></p> <ul style="list-style-type: none"> <li>▼ Drinks</li> <li>▼ Food</li> <li>▼ Miscellaneous</li> <li>▼ Kiosk</li> <li><input type="checkbox"/> 6 course Menu</li> </ul>

Ahora tenemos que vincular el nuevo menú con las instalaciones. Vaya a **Instalaciones** , en el menú General.

The screenshot shows the DISH POS v2.49.0 interface. The top navigation bar includes 'DISH POS Tutorials', 'Update available', and the user email 'dish\_en\_video@hd.digital'. The main content area is titled 'Menus' and features a 'Show your reference' toggle and an '+ Add menu' button. The interface is divided into three columns: 'Menus', 'Lunch menu', and 'Products'. The 'Menus' column shows a tree structure with 'Menukaart' containing 'Webshop' and 'Lunch menu'. The 'Lunch menu' column provides instructions on creating subfolders and references. The 'Products' column lists various product groups like 'Drinks', 'Food', 'Miscellaneous', 'Kiosk', and '6 course Menu'. The left sidebar contains various system settings, with 'Facilities' highlighted in orange.

Para administrar una instalación, use el **icono de edición** . Sin embargo, como solo queremos asignar el nuevo menú a un área específica, seleccionaremos una subinstalación.

The screenshot shows the DISH POS v2.49.0 interface. The top navigation bar includes the logo, version, and user information. The left sidebar contains a menu with categories like Dashboard, Articles, Finances, and General. The main content area is titled 'Facilities' and features a search bar, two buttons ('+ Generate area' and '+ Add facility'), and a warning message: 'Be extra careful when you use QR ordering through CMS: QR codes are linked to facilities. Once created, these QR codes cannot be reassigned to a different facility.' Below this, a list of facilities is shown, with 'HD Video Demo English' selected and its edit icon highlighted by a red box.

Una vez que haya decidido su subinstalación, utilice el **ícono de edición** para ajustar su configuración.

The screenshot shows the DISH POS v2.49.0 interface. The top navigation bar includes the version number, a demo label '(V) Demo EN Video', 'DISH POS Tutorials', an 'Update available' notification, and a user profile 'dish\_en\_video@hd.digital'. The left sidebar contains a 'Minimize menu' button and a list of menu items: Dashboard, Articles (Products, Product groups, Price levels, Menus, French menus, Option menus, Price management, Time periods, Promotions), Finances, and General (General, Production stations, Facilities, Cash stores, Printers, App links, Table map, Users, Usergroups, POS devices, Courses, Customers). The main content area is titled 'Facilities' and features a search bar with the placeholder 'Type to search'. Below the search bar is a warning message: 'Be extra careful when you use QR ordering through CMS: QR codes are linked to facilities. Once created, these QR codes cannot be reassigned to a different facility.' The facilities list includes: HD Video Demo English, Restaurant, Direct Sale, E-Commerce, and Terrace. Each facility has an edit icon (pencil) and a delete icon (trash). The edit icon for the 'Terrace' facility is highlighted with a yellow box. At the top right of the facilities section, there are two buttons: '+ Generate area' and '+ Add facility'.

Ahora se encuentra en la configuración de la instalación. Para asignarle un período de tiempo y un menú específico, haga clic en **Menú**.

The screenshot displays the 'Edit sales point' configuration window in the DISH POS v2.49.0 application. The left sidebar menu is visible, with the 'Menu' option highlighted by a red rectangular box. The main configuration area is titled 'Sales point' and includes a 'CLOSE' button in the top right corner. The configuration is divided into several sections:

- Name:** A text input field containing 'Terrace'.
- Parent:** A dropdown menu showing 'HD Video Demo English'.
- Numbers/Description:** A section containing a 'Receipt printer' dropdown menu set to 'BARPRINTER'.
- References:** A section containing a 'Price level' dropdown menu set to 'Inherit'.
- Settings:** A section with several checkboxes:
  - Inherit settings
  - Visible in app
  - Price includes VAT
  - Order text popup
  - Use take away number
  - Log off after ticket
  - Print receipt
- Identification:** A section with two input fields:
  - 'Your reference': An empty text input field.
  - 'ID': A text input field containing the value '166'.

A red 'Save' button is located at the bottom right of the configuration window.

En la sección "Planificación de menú", puede seleccionar si desea configurar un menú con horario para el TPV o el autoservicio. Simplemente seleccione la **opción** que necesite.

The screenshot shows the 'Edit sales point' interface in the DISH POS system. On the left is a navigation menu with categories like Dashboard, Articles, Finances, and General. The main area is titled 'Menu' and contains the following configuration options:

- Name:** Terrace
- Parent:** HD Video Demo English
- POS menu:** Webshop
- Self-service menu:** Inherit
- Menu planning:**
  - POS:** Self-service (highlighted with a yellow box)
  - Table:**

Period	Menu
None	None

A '+ Add' button is located to the right of the table. A 'Save' button is at the bottom right of the configuration panel.

Luego seleccione un período de tiempo utilizando el **menú desplegable** correspondiente .

**Menu** CLOSE
