You are now in the overview of your product stations. Click on **+ Add production station** to create a new one.

The screenshot displays the DISH POS v3.54.1 interface. At the top, there is a header with the logo, version, and user information. A sidebar menu on the left lists various settings categories, with 'General' expanded to show 'Production stations'. The main content area is titled 'production station (1)' and features a search bar, a table with one row labeled 'production station', and a '+ Add production stations' button highlighted with an orange box. The table row includes icons for edit and delete, and the name 'test'.

A new window will enter where you have to set up the information of the new production station. Start by adding the name into the respective **text field**.

The screenshot displays the DISH POS v3.54.1 interface. On the left is a dark sidebar menu with options like Dashboard, Products, Finance, General, Production stations, Facilities, Cash stores, Printers, App links, Table map, Users, User groups, POS devices, Courses, Customers, Currency, Turnover categories, Customer displays, Translations, and Packaging profiles. The 'Production stations' option is selected, leading to a window titled 'Add production stations'. Inside this window, there is a sub-section 'Production station' with a gear icon. The main form is titled 'Production station' and has a close button (X) in the top right corner. The 'Name' field at the top is highlighted with an orange border. Below it are sections for 'References' and 'Locations*'. The 'References' section includes dropdowns for 'Production attribute*' (with a '+ Create new attribute' link), 'Production printer name', 'Ticket layout*' (set to 'Default'), and 'Combine with' (set to 'None'). The 'Settings' section has checkboxes for 'In use' (checked) and 'Share product information' (unchecked). The 'Identification' section has two input fields: 'Your reference' and 'ID'. At the bottom, there are 'Cancel' and 'Save' buttons.

Then select the location to which you want to add this new production station. Do so, by setting the corresponding **checkmark**. **Note: You can expand the list of locations by using the down-facing arrow.**

The screenshot displays the 'Add production stations' interface in the DISH POS v3.54.1 application. On the left is a sidebar menu with options like Dashboard, Products, Finance, General, Production stations, Facilities, Cash stores, Printers, App links, Table map, Users, User groups, POS devices, Courses, Customers, Currency, Turnover categories, Customer displays, Translations, and Packaging profiles. The 'Production stations' section is active, showing a form titled 'Production station' with a close button (X).

The form contains the following sections:

- Name***: A text input field containing 'Keunken Production'.
- References**: A section with a 'Production attribute*' dropdown menu and a '+ Create new attribute' link.
- Locations***: A dropdown menu with a checkmark icon and the selected option 'HD Video Demo English', which is highlighted with an orange box.
- Production printer name**: A dropdown menu.
- Ticket layout***: A dropdown menu with 'Default' selected.
- Combine with**: A dropdown menu with 'None' selected.
- Settings**: A section with two checkboxes: 'In use' (checked) and 'Share product information' (unchecked).
- Identification**: A section with two input fields: 'Your reference' and 'ID'.

At the bottom of the form are two buttons: 'Cancel' and 'Save'.

Afterward, set a production attribute by using the corresponding **drop-down menu**. **Note: If you see an info icon next to your set location, then a production station has already been set for this production attribute.**

Now select a production printer name. To do so, use the corresponding **drop-down menu**.

The screenshot displays the 'Add production stations' dialog in the DISH POS v3.54.1 application. On the left is a sidebar menu with options like Dashboard, Products, Finance, and General. The 'Production station' configuration form is open, showing the following details:

- Name***: Keunken Production
- References**:
 - Production attribute***: K che (with a '+ Create new attribute' link and a 'K che x' tag)
 - Production printer name**: A drop-down menu is highlighted with an orange box.
 - Ticket layout***: Default
 - Combine with**: None
- Locations***:
 - HD Video Demo English
 - Locations is mandatory** (indicated by a red circle icon)
- Settings**:
 - In use
 - Share product information
- Identification**:
 - Your reference**: [Empty text field]
 - ID**: [Greyed-out text field]

At the bottom of the dialog are 'Cancel' and 'Save' buttons.

Once you set up your production station, click on **Save** to apply the changes.

The screenshot displays the 'Add production stations' configuration page in the DISH POS system. On the left is a sidebar menu with options like Dashboard, Products, Finance, and General. The main content area is titled 'Add production stations' and contains a 'Production station' form. The form has a title bar with a close button. The 'Name' field is filled with 'Keunken Production'. Under 'References', the 'Production attribute' is set to 'Küche', with a '+ Create new attribute' link and a 'Küche x' tag below. The 'Production printer name' is 'KITCHENPRINTER', 'Ticket layout' is 'Default', and 'Combine with' is 'None'. Under 'Settings', 'In use' is checked and 'Share product information' is unchecked. Under 'Identification', there are two empty input fields labeled 'Your reference' and 'ID'. At the bottom right, a 'Save' button is highlighted with an orange border, and a 'Cancel' button is at the bottom left.

Back in the overview, you can adjust production stations by using the **edit icon**.

To make sure you are not deleting an item by accident, you will be asked to confirm your action. To do so, click on **Delete**.

The screenshot displays the DISH POS v2.58.4 interface. The top navigation bar includes the version number, a video player title '(V) Demo EN Video', the 'DISH POS Tutorials' logo, an 'Update available' notification, and a user profile 'dish_en_video@hd.digital'. A left sidebar menu lists various system components, with 'General' expanded to show 'Production stations'. The main content area is titled 'Production station (1 production station)' and features a search bar, a 'Show 50 records' dropdown, and an '+ Add production station' button. A table lists a single item, 'Keuken Production', with edit and delete icons. A modal dialog box is centered on the screen, asking 'Are you sure to delete the selected item?' with 'Cancel' and 'Delete' buttons. The 'Delete' button is highlighted with an orange border.

That's it. You completed the tutorial and now know how to add and manage production stations.

The screenshot displays the DISH POS v2.58.4 interface. The top navigation bar includes the version number, a video icon labeled '(V) Demo EN Video', the 'DISH POS Tutorials' logo, an 'Update available' notification, and a user profile dropdown for 'dish_en_video@hd.digital'. The left sidebar menu is expanded to show 'Production stations' under the 'General' category. The main content area is titled 'Production station (0 production station)' and features a search input field with the placeholder 'Type to search', a menu icon, a 'Show 50 records' dropdown, and a prominent orange '+ Add production station' button. Below these elements is a large, empty orange rectangular area representing the list of production stations.
