

Welcome to the DASHBOARD of DISH Website. Click on **Web Address** to configure your web address.

The screenshot displays the dashboard for 'Test Bistro Training' located at 'TRAINING STREET 007, BERLIN, DE'. The main navigation menu on the left includes: Dashboard, Restaurant details, Settings, Reservation options, Food ordering, Design and content, Legal, **Web Address** (highlighted with a red box), DISH WEBLISTING, and Account. The 'Website Performance' section features a 'Test Bistro Training' card showing 0 website views in the past 28 days with a +0.0% change. A 'Website views per day' line chart shows zero activity from 30.08 to 25.09. Other cards include 'Top browsing languages' (German: 3, British: 1), 'Top devices' (Pie chart showing Tablet and Other), 'Opening hours views' (0 views, +0.0% change), and 'Contacts' (0 contacts, +0.0% change). A 'VISIT WEBSITE' button and language selector are in the top right.

 **Change** your Web address with a domain provided by DISH. Click the **text field** and add your desired domain.

The screenshot displays the DISH website management interface. At the top, the restaurant name is 'Test Bistro Train...' with the address 'TRAINING STREET 007, BERLIN, DE'. The interface includes a navigation menu on the left with options like Dashboard, Restaurant details, Settings, Reservation options, Food ordering, Design and content, Legal, Web Address (highlighted), DISH WEBLISTING, and Account. The main content area is titled 'Web address' and features a text input field containing 'test-bistro-training-bar', which is highlighted with a red box. Below the input field, the current web address is shown as 'test-bistro-training-bar.eatbu.com' with the note 'This is your current web address.' and a 'SAVE' button. To the right, a list of domain options is shown: eatbu.com (selected), metro.bar, metro.biz, and metro.rest. Below this, the 'External domain' section asks if the user has a registered domain and provides a text input field for 'YourExistingDomain.com' and a 'CHECK DOMAIN' button. A help icon is visible in the bottom right corner.

These are the domains within DISH. Chose one, by **clicking** on the desired **domain**.

The screenshot displays the 'Web address' configuration page for a restaurant named 'Test Bistro Train...'. The page includes a sidebar with navigation options like 'Dashboard', 'Restaurant details', 'Settings', 'Reservation options', 'Food ordering', 'Design and content', 'Legal', 'Web Address', 'DISH WEBLISTING', and 'Account'. The main content area is divided into two sections: 'Web address' and 'External domain'. In the 'Web address' section, a text input field contains 'test-bistro-training-bar'. Below it, the current web address is shown as 'test-bistro-training-bar.eatbu.com'. To the right, a list of domain options is presented with radio buttons: 'eatbu.com' (selected), 'metro.bar', 'metro.biz', and 'metro.rest'. A red box highlights this list. A 'SAVE' button is located below the domain list. The 'External domain' section contains a text input field with 'YourExistingDomain.com' and a 'CHECK DOMAIN' button. A help icon (question mark) is visible in the bottom right corner of the interface.

Here you can see your current Web address. **Note: The link is red, if the domain is not available.**

CHECK DOMAIN

**T** Add a custom domain by going to External domain. If you have an external domain, enter it in the text field.

The screenshot shows the DISH website management interface. On the left is a navigation menu with items: Dashboard, Restaurant details, Settings, Reservation options, Food ordering, Design and content, Legal, Web Address (highlighted), DISH WEBLISTING, and Account. The main content area has a top bar with 'Test Bistro Train...', 'TRAINING STREET 007, BERLIN, DE', a 'VISIT WEBSITE' button, and a language selector set to 'English'. Below this, the 'External domain' section contains a text input field with 'YourExistingDomain.com' and a 'CHECK DOMAIN' button. The 'Domain Status' section shows a green dot next to 'Published', the date 'Thu, May 20, 15:09 PM', and a message: 'Your website is currently published online! Visit your website anytime by "visit website" or by looking for it on search engines. You can unpublish your website by clicking the button below.' Below the message is an 'UNPUBLISH MY WEBSITE' button. A help icon (question mark) is in the bottom right corner.

Click on **CHECK DOMAIN**.

The screenshot shows the management interface for a restaurant website. The top navigation bar includes the restaurant name 'Test Bistro Train...' and location 'TRAINING STREET 007, BERLIN, DE', along with a 'VISIT WEBSITE' button and a language selector set to 'English'. A sidebar on the left contains menu items: Dashboard, Restaurant details, Settings, Reservation options, Food ordering, Design and content, Legal, Web Address (highlighted), DISH WEBLISTING, and Account. The main content area is divided into sections. The 'Web address' section shows the current address 'test-bistro-training-bar' and a list of available domains: eatbu.com (selected), metro.bar, metro.biz, and metro.rest. A 'SAVE' button is present. Below this is the 'External domain' section, which prompts the user to enter a domain name for verification. The input field contains 'testbistrotrainingbar.com', and the 'CHECK DOMAIN' button is highlighted with a red border. A 'Domain Status' section is partially visible at the bottom.

Here you can see whether the domain is active and who the owner is and where it's registered.

The screenshot shows the 'Web Address' section of the DISH website management interface. The top navigation bar includes the restaurant name 'Test Bistro Train...', location 'TRAINING STREET 007, BERLIN, DE', a 'VISIT WEBSITE' button, and a language selector set to 'English'. A sidebar on the left contains navigation options: Dashboard, Restaurant details, Settings, Reservation options, Food ordering, Design and content, Legal, Web Address (highlighted), DISH WEBLISTING, and Account.

The main content area is divided into two sections:

- Current Web Address:** Displays 'test-bistro-training-bar.eatbu.com' with the note 'This is your current web address.' and a 'SAVE' button. To the right, there are three radio button options: 'metro.bar', 'metro.biz', and 'metro.rest'.
- External domain:** Contains a link icon and the title 'External domain'. Below the title is a text box with instructions: 'Have you already registered a domain and want to use it for this website? Enter your domain name and we will check whether you can use it. In case some configuration with your domain provider is required, we will tell you how to do it in the subsequent step.' A text input field contains 'testbistrotraningbar.com'. Below the input are two buttons: 'CHECK DOMAIN' and 'USE DOMAIN FOR YOUR WEBSITE'. A red-bordered box highlights the following information:
  - Domain active:** You can use it as external domain.
  - Registered at:**
  - Owner:**

At the bottom of the 'External domain' section is a 'Domain Status' section with a link icon and a question mark icon.

Click on **USE DOMAIN FOR YOUR WEBSITE**.

**Test Bistro Train...**  
TRAINING STREET 007, BERLIN, DE

**test-bistro-training-bar.eatbu.com**  
This is your current web address.

**SAVE**

**External domain**

Have you already registered a domain and want to use it for this website? Enter your domain name and we will check whether you can use it. In case some configuration with your domain provider is required, we will tell you how to do it in the subsequent step.

**Domain\*** testbistrotraningbar.com

**CHECK DOMAIN** **USE DOMAIN FOR YOUR WEBSITE**

**Domain active**  
You can use it as external domain.

**Registered at:**

**Owner:**

**Domain Status**

 Now you can configure the settings for your external domain.

The screenshot shows the 'External domain' configuration page in the DISH management system. The page title is 'External domain' with a link icon. Below the title, there is a text prompt: 'Have you already registered a domain and want to use it for this website? Enter your domain name and we will check whether you can use it. In case some configuration with your domain provider is required, we will tell you how to do it in the subsequent step.' A text input field contains 'testbistrotrainingbar.com'. Below the input field is a red button labeled 'X CANCEL DOMAIN CONFIGURATION'. To the right of the input field, there is a blue callout box with a clock icon and the text: 'Waiting for configuration. The DNS settings of this domain have not yet been configured. Please follow the adjacent instructions.' Below this, there is a section titled 'How to configure the DNS settings of testbistrotrainingbar.com' followed by a 7-step numbered list. A yellow question mark icon is located in the bottom right corner of the page content area.

**External domain**

Have you already registered a domain and want to use it for this website? Enter your domain name and we will check whether you can use it. In case some configuration with your domain provider is required, we will tell you how to do it in the subsequent step.

**X CANCEL DOMAIN CONFIGURATION**

**⌚ Waiting for configuration**  
The DNS settings of this domain have not yet been configured. Please follow the adjacent instructions.

**How to configure the DNS settings of testbistrotrainingbar.com**

- 1 Login to your domain providers' administration interface using your credentials.
- 2 Open the domain configuration section and see configuration for domain **testbistrotrainingbar.com**.
- 3 Open DNS settings for domain **testbistrotrainingbar.com**.
- 4 Enter a new DNS entry or modify an existing one. You can either use a **CNAME** or an **A** record on your domain, either on the domain itself, on its www subdomain or on both. For **CNAME** record: Enter the target address "**website.dish.co**". For **A** record: use the IP address of **website.dish.co**: **34.89.135.24** For further details please check your domain provider.
- 5 It can take up to several hours until the changes become active. We will notify you by email once your website is available at **testbistrotrainingbar.com**.
- 6 For further explanations about specific terms, click [here](#) (glossary)
- 7 Please note: When you use an A Record for your custom domain, please make sure that there is no AAAA record set. If there is an existing AAAA record, please remove it before you continue. CAA record: The domain must either have no CAA record at all or it must have one.

Here you see the further steps which you have to complete in the setup screen of your own domain provider.

The list of domain providers is enclosed in a red box in the original image. A question mark icon is visible in the bottom right corner of the page.

Under Domain Status, you can always check if the DISH website is published. That's it, you're done.

The screenshot shows the 'Web Address' section of the DISH website management interface. The left sidebar contains navigation options: Dashboard, Restaurant details, Settings, Reservation options, Food ordering, Design and content, Legal, Web Address (highlighted), DISH WEBLISTING, and Account. The main content area is titled 'Domain Status' and features a search bar for the domain 'testbistrotrainingbar.com'. Below the search bar are two buttons: 'CHECK DOMAIN' and 'USE DOMAIN FOR YOUR WEBSITE'. The status is 'Domain active' with the message 'You can use it as external domain.' Below this, there are labels for 'Registered at:' and 'Owner:'. A large orange-bordered box highlights the 'Domain Status' section, which includes a green dot next to the word 'Published' and the timestamp 'Thu, May 20, 15:09 PM'. Below this, a message states: 'Your website is currently published online! Visit your website anytime by "visit website" or by looking for it on search engines. You can unpublish your website by clicking the button below.' At the bottom of this box is a button labeled 'UNPUBLISH MY WEBSITE'. The footer of the interface includes the text 'Designed by Dish Digital Solutions GmbH. All rights reserved.' and a list of links: 'Imprint | FAQ | Terms of Use | Data Privacy | Privacy Settings'. A 'VISIT WEBSITE' button and a language selector set to 'English' are visible in the top right corner.
