 **Change** your Web address with a domain provided by DISH. Click the **text field** and add your desired domain.

The screenshot shows the 'Web address' configuration page in the DISH dashboard. The page is titled 'Web address' and features a sidebar on the left with navigation options: Dashboard, Restaurant details, Settings, Reservation options, Food ordering, Design and content, Legal, Web Address (highlighted), DISH WEBLISTING, and Account. The main content area is divided into two sections: 'Web address' and 'External domain'. In the 'Web address' section, there is a text input field containing 'test-bistro-training-bar', which is highlighted with a red border. Below the input field, the current web address is displayed as 'test-bistro-training-bar.eatbu.com' with the note 'This is your current web address.' and a 'SAVE' button. To the right of the input field, there are radio buttons for domain selection: 'eatbu.com' (selected), 'metro.bar', 'metro.biz', and 'metro.rest'. The 'External domain' section contains a text input field for 'Domain\*' with the placeholder 'YourExistingDomain.com' and a 'CHECK DOMAIN' button. A help icon (question mark) is visible in the bottom right corner of the page.

These are the domains within DISH. Chose one, by **clicking** on the desired **domain**.

The screenshot shows the 'Web address' configuration page in the DISH dashboard. The page is titled 'Web address' and features a sidebar on the left with navigation options: Dashboard, Restaurant details, Settings, Reservation options, Food ordering, Design and content, Legal, Web Address (highlighted), DISH WEBLISTING, and Account. The main content area is divided into two sections: 'Web address' and 'External domain'. In the 'Web address' section, there is a text input field containing 'test-bistro-training-bar', a 'SAVE' button, and a list of domain options: eatbu.com (selected), metro.bar, metro.biz, and metro.rest. The 'External domain' section includes a text input field for 'Domain\*' with the placeholder 'YourExistingDomain.com' and a 'CHECK DOMAIN' button. A help icon (question mark) is visible in the bottom right corner of the interface.

Here you can see your current Web address. **Note: The link is red, if the domain is not available.**

The screenshot shows the 'Web address' configuration page for 'Test Bistro Train...'. The page includes a sidebar with navigation options like 'Dashboard', 'Restaurant details', 'Settings', 'Reservation options', 'Food ordering', 'Design and content', 'Legal', 'Web Address', 'DISH WEBLISTING', and 'Account'. The main content area has two sections: 'Web address' and 'External domain'. In the 'Web address' section, the current address 'test-bistro-training-bar' is shown in a grey input field. Below it, the address 'test-bistro-training-bar.eatbu.com' is highlighted with a red border and a green checkmark, with the text 'This is your current web address.' underneath. To the right, there are radio buttons for domain options: 'eatbu.com' (selected), 'metro.bar', 'metro.biz', and 'metro.rest'. A yellow 'SAVE' button is at the bottom of this section. The 'External domain' section has a text box for 'Domain\*' containing 'YourExistingDomain.com' and a yellow 'CHECK DOMAIN' button. A yellow question mark icon is in the bottom right corner of the main content area.

Click on **SAVE**.

The screenshot shows the configuration page for a restaurant website. The top navigation bar includes the restaurant name 'Test Bistro Train...' and location 'TRAINING STREET 007, BERLIN, DE'. On the right, there are icons for a moon and sun, a 'VISIT WEBSITE' button, and a language selector set to 'English'. A left sidebar contains a menu with items like 'Dashboard', 'Restaurant details', 'Settings', 'Reservation options', 'Food ordering', 'Design and content', 'Legal', 'Web Address', 'DISH WEBLISTING', and 'Account'. The main content area has two sections: 'Web address' and 'External domain'. In the 'Web address' section, a text input field contains 'test-bistro-training-bar'. To its right, there are radio buttons for domain options: 'eatbu.com' (selected), 'metro.bar', 'metro.biz', and 'metro.rest'. Below the input field, the text 'test-bistro-training-bar.eatbu.com' is displayed in green, followed by 'This is your current web address.' A yellow 'SAVE' button is highlighted with a red rectangular box. The 'External domain' section below it has a text input field with 'YourExistingDomain.com' and a yellow 'CHECK DOMAIN' button. A yellow question mark icon is located in the bottom right corner of the main content area.

CHECK DOMAIN

**T** Add a custom domain by going to External domain. If you have an external domain, enter it in the text field.

The screenshot shows the 'External domain' configuration page in the DISH management system. The page is titled 'External domain' and includes a text input field for the domain name, currently containing 'YourExistingDomain.com'. Below the input field is a yellow 'CHECK DOMAIN' button. The page also features a 'Domain Status' section with a green 'Published' indicator and a timestamp of 'Thu, May 20, 15:09 PM'. A grey 'UNPUBLISH MY WEBSITE' button is located at the bottom of the status section. The left sidebar contains navigation options such as 'Dashboard', 'Restaurant details', 'Settings', 'Reservation options', 'Food ordering', 'Design and content', 'Legal', 'Web Address', 'DISH WEBLISTING', and 'Account'. The top right corner includes a 'VISIT WEBSITE' button, a language selector set to 'English', and a help icon.

Click on **CHECK DOMAIN**.

**Domain\***  
testbistrotrainingbar.com

**CHECK DOMAIN**

**Domain Status**

 Here you can see whether the domain is active et who the owner is et where it's registered.

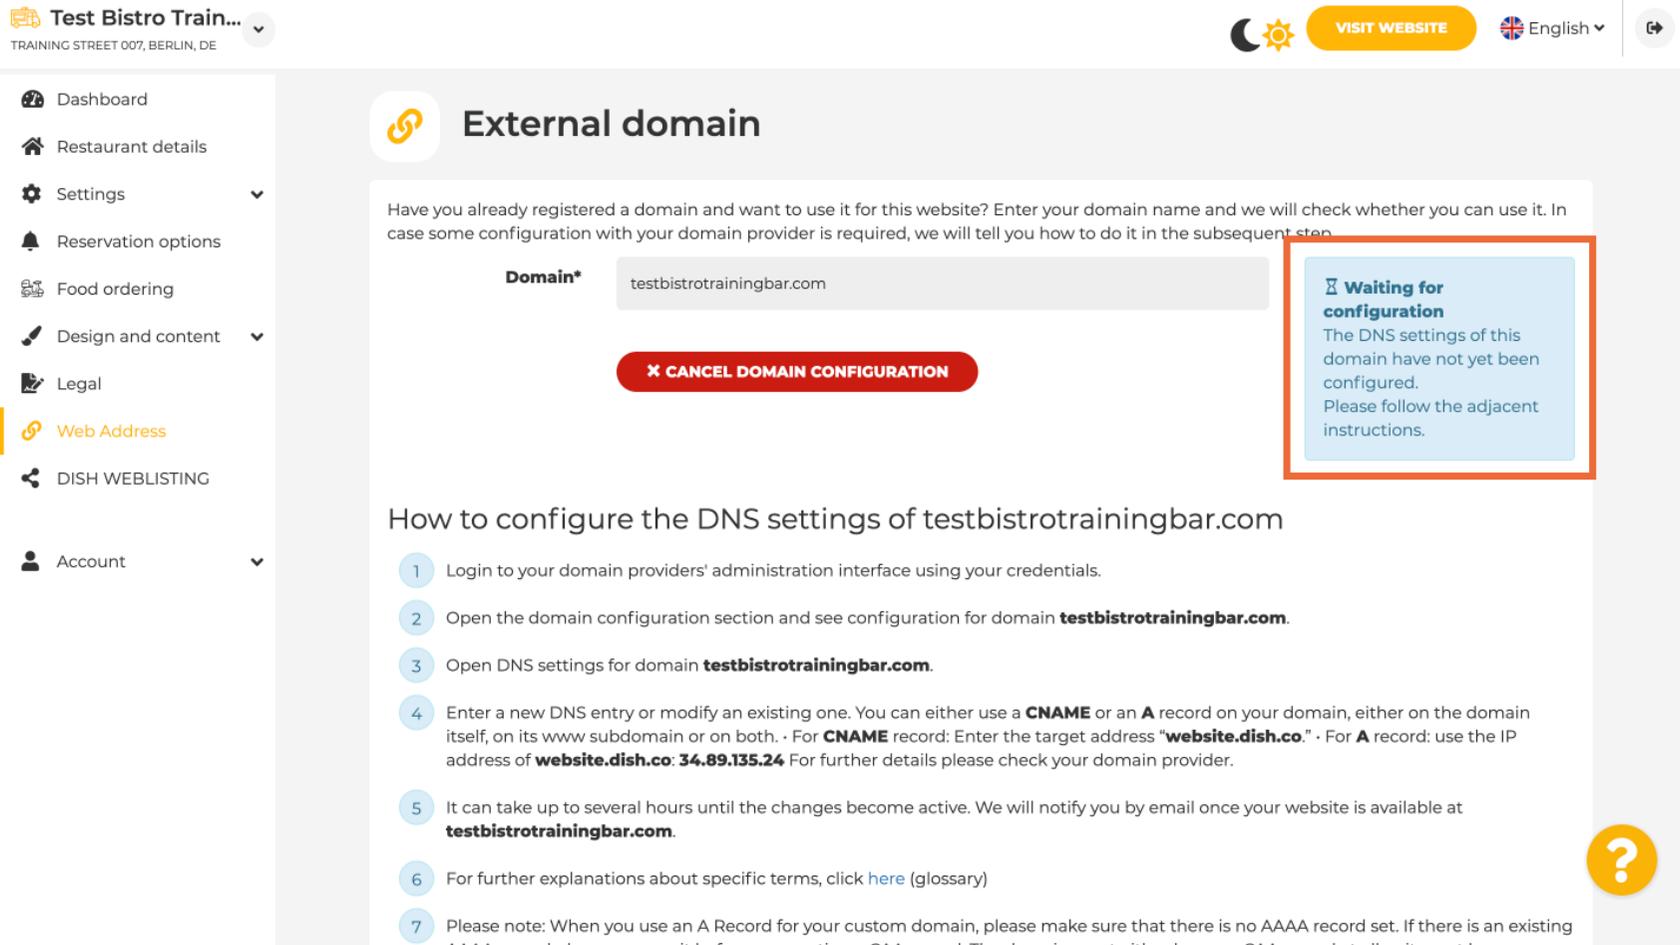

The screenshot shows the 'Web Address' configuration page for 'Test Bistro Training' (TRAINING STREET 007, BERLIN, DE). The page includes a sidebar with navigation options: Dashboard, Restaurant details, Settings, Reservation options, Food ordering, Design and content, Legal, Web Address (highlighted), DISH WEBLISTING, and Account. The main content area displays the current web address 'test-bistro-training-bar.eatbu.com' with a 'SAVE' button. Below this is the 'External domain' section, which prompts the user to enter a domain name. The input field contains 'testbistrotrainingbar.com'. Two buttons are visible: 'CHECK DOMAIN' and 'USE DOMAIN FOR YOUR WEBSITE'. A red box highlights the 'Domain active' status, indicating that the domain can be used as an external domain. Below this, the fields for 'Registered at:' and 'Owner:' are visible but empty. The page also features a 'VISIT WEBSITE' button, a language selector set to 'English', and a list of suggested domains: metro.bar, metro.biz, and metro.rest.

Click on **USE DOMAIN FOR YOUR WEBSITE.**

The screenshot shows the 'Web Address' section of the DISH website management interface. The top navigation bar includes the restaurant name 'Test Bistro Train...' and location 'TRAINING STREET 007, BERLIN, DE', along with a 'VISIT WEBSITE' button and a language selector set to 'English'. A sidebar on the left lists various management options, with 'Web Address' highlighted. The main content area displays the current web address 'test-bistro-training-bar.eatbu.com' and a 'SAVE' button. Below this, the 'External domain' section is active, showing a text input field with 'testbistrotrainingbar.com'. Two buttons are present: 'CHECK DOMAIN' and 'USE DOMAIN FOR YOUR WEBSITE', with the latter highlighted by a red box. The status below the input field reads 'Domain active' and 'You can use it as external domain.' Below this, there are labels for 'Registered at:' and 'Owner:'. At the bottom of the page, there is a 'Domain Status' section and a help icon.

 Now you can configure the settings for your external domain.

The screenshot shows the 'External domain' configuration page in the DISH management interface. The page title is 'External domain' with a link icon. Below the title, there is a text prompt: 'Have you already registered a domain and want to use it for this website? Enter your domain name and we will check whether you can use it. In case some configuration with your domain provider is required, we will tell you how to do it in the subsequent step.' A text input field contains 'testbistrotrainingbar.com'. Below the input field is a red button labeled 'X CANCEL DOMAIN CONFIGURATION'. To the right of the input field, there is a blue callout box with a clock icon and the text: 'Waiting for configuration. The DNS settings of this domain have not yet been configured. Please follow the adjacent instructions.' Below this, there is a section titled 'How to configure the DNS settings of testbistrotrainingbar.com' with a 7-step numbered list. A yellow question mark icon is located in the bottom right corner of the page content area.

**External domain**

Have you already registered a domain and want to use it for this website? Enter your domain name and we will check whether you can use it. In case some configuration with your domain provider is required, we will tell you how to do it in the subsequent step.

Domain\* testbistrotrainingbar.com

**X CANCEL DOMAIN CONFIGURATION**

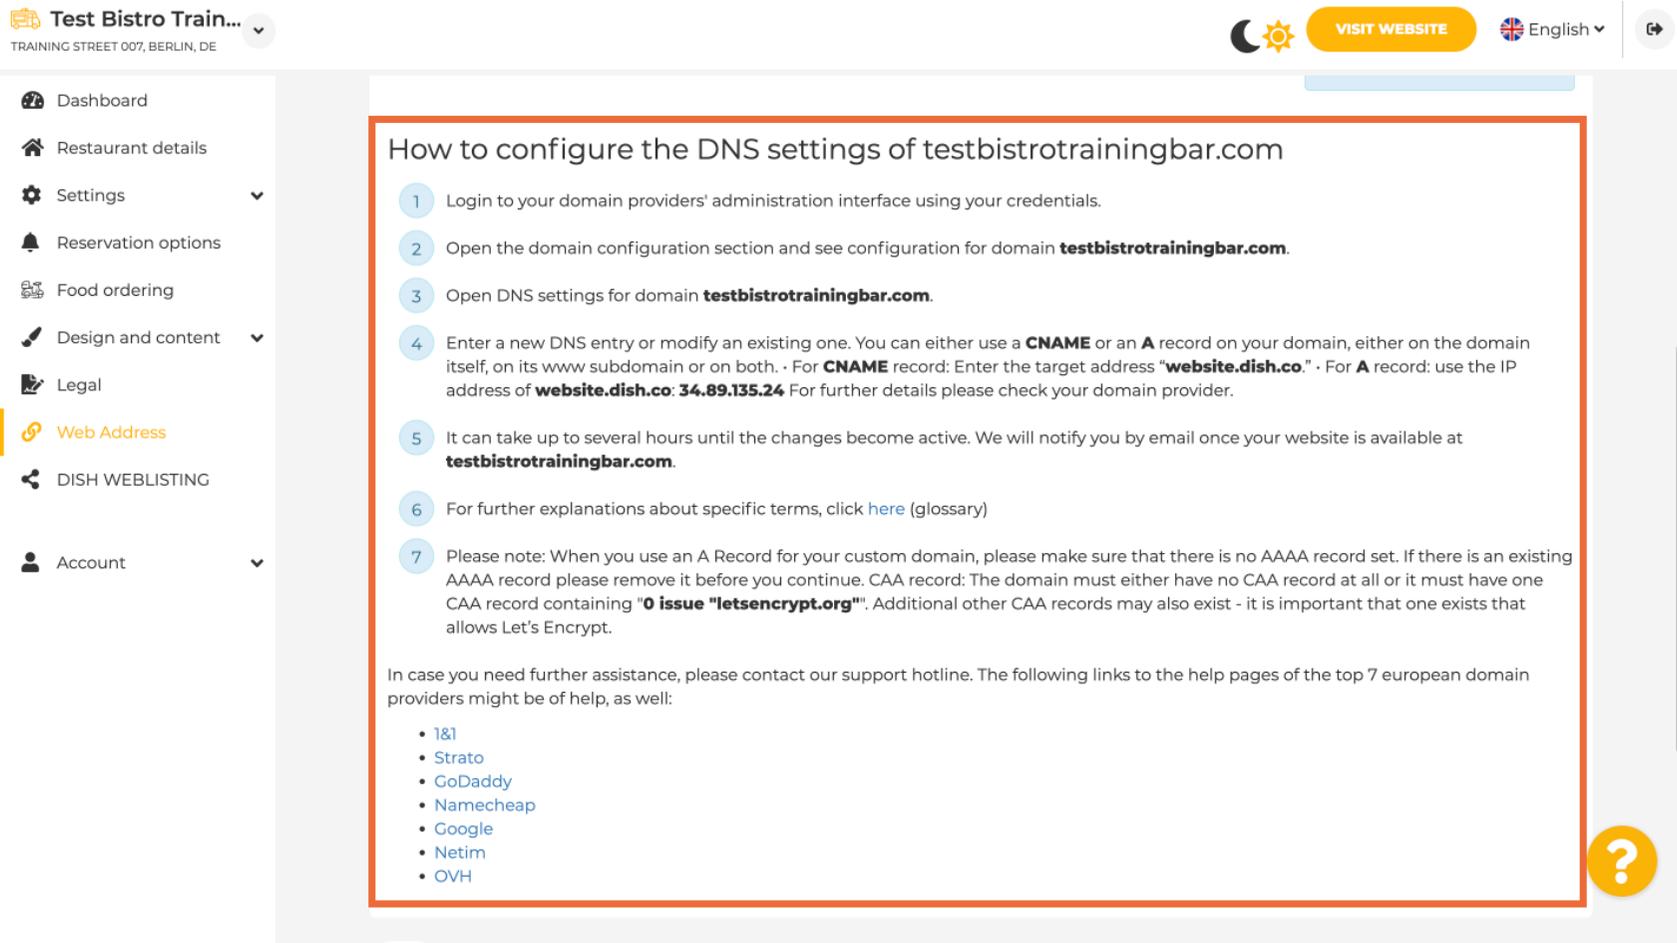

**Waiting for configuration**  
The DNS settings of this domain have not yet been configured. Please follow the adjacent instructions.

### How to configure the DNS settings of testbistrotrainingbar.com

- 1 Login to your domain providers' administration interface using your credentials.
- 2 Open the domain configuration section and see configuration for domain **testbistrotrainingbar.com**.
- 3 Open DNS settings for domain **testbistrotrainingbar.com**.
- 4 Enter a new DNS entry or modify an existing one. You can either use a **CNAME** or an **A** record on your domain, either on the domain itself, on its www subdomain or on both. For **CNAME** record: Enter the target address "**website.dish.co**". For **A** record: use the IP address of **website.dish.co**: **34.89.135.24** For further details please check your domain provider.
- 5 It can take up to several hours until the changes become active. We will notify you by email once your website is available at **testbistrotrainingbar.com**.
- 6 For further explanations about specific terms, click [here](#) (glossary)
- 7 Please note: When you use an A Record for your custom domain, please make sure that there is no AAAA record set. If there is an existing AAAA record, please remove it before you continue. CAA record: The domain must either have no CAA record at all or it must have one.

Here you see the further steps which you have to complete in the setup screen of your own domain provider.

**VISIT WEBSITE** English

Under Domain Status, you can always check if the DISH website is published. That's it, you're done.

The screenshot shows the 'Web Address' section of the DISH website management interface. The left sidebar contains navigation options: Dashboard, Restaurant details, Settings, Reservation options, Food ordering, Design and content, Legal, Web Address (highlighted), DISH WEBLISTING, and Account. The main content area displays the domain 'testbistrotrainingbar.com' and a 'Domain Status' section. The 'Domain Status' section indicates the domain is 'Published' on 'Thu, May 20, 15:09 PM'. Below this, a message states: 'Your website is currently published online! Visit your website anytime by "visit website" or by looking for it on search engines. You can unpublish your website by clicking the button below.' A 'UNPUBLISH MY WEBSITE' button is visible. The interface also includes a 'VISIT WEBSITE' button, a language selector set to 'English', and a footer with 'Designed by Dish Digital Solutions GmbH. All rights reserved.' and links for 'Imprint', 'FAQ', 'Terms of Use', 'Data Privacy', and 'Privacy Settings'.
