Domain\* testbistrotrainingbar.com

**X CANCEL DOMAIN CONFIGURATION**

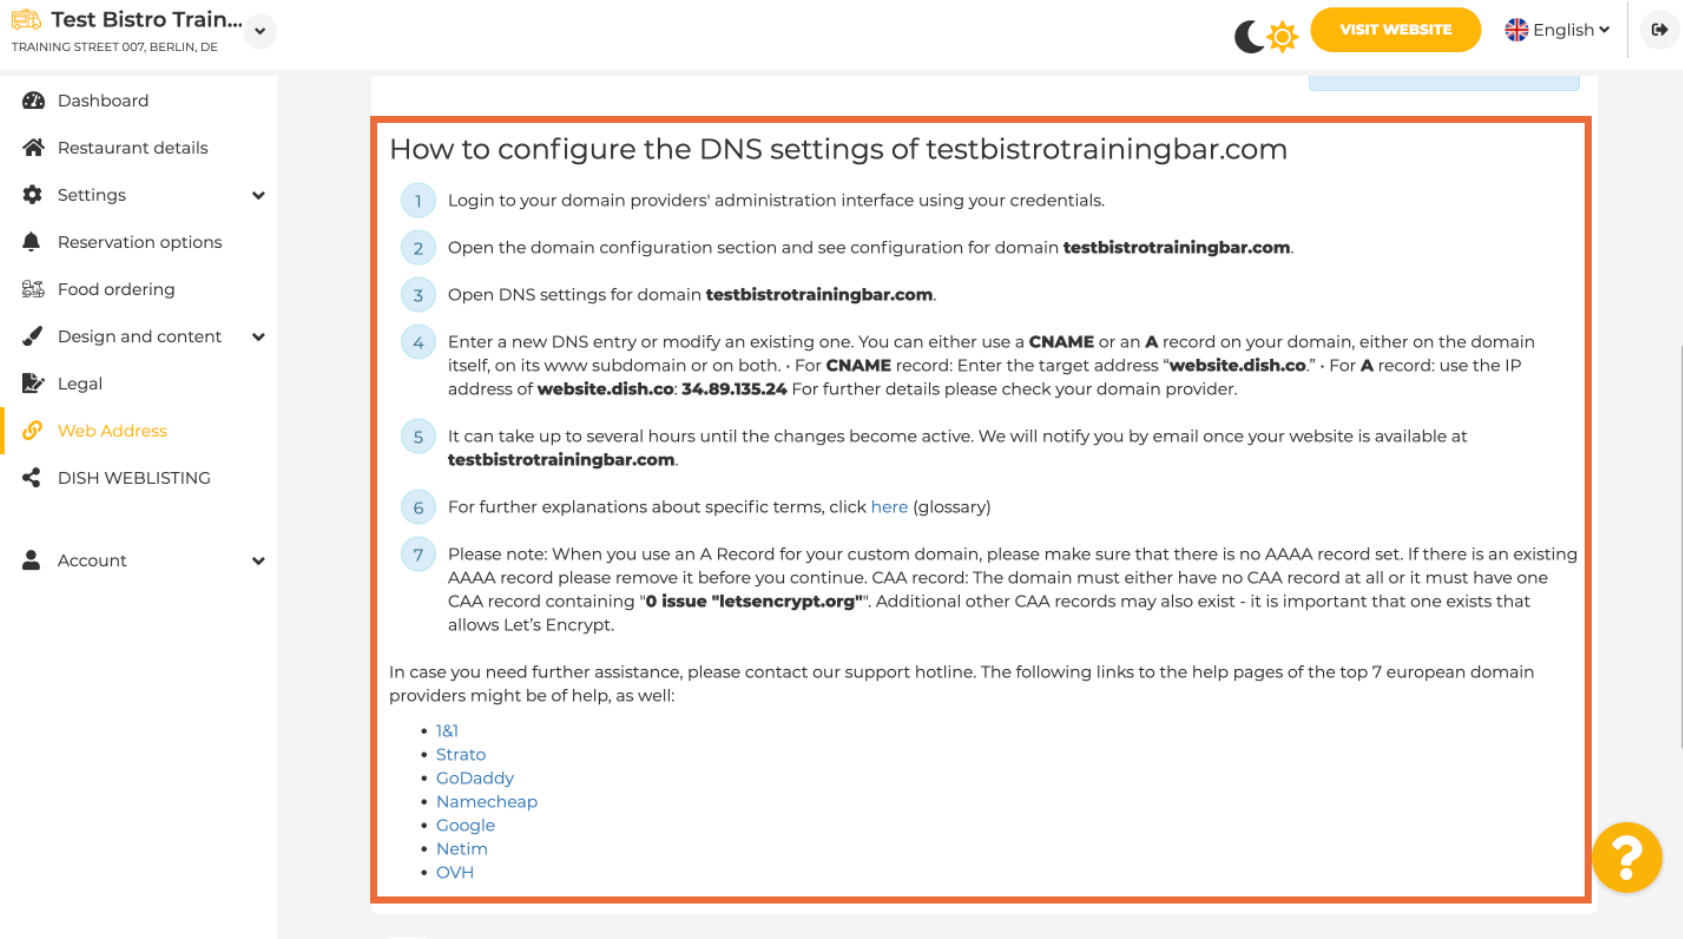

**Waiting for configuration**  
The DNS settings of this domain have not yet been configured. Please follow the adjacent instructions.

### How to configure the DNS settings of testbistrotrainingbar.com

- 1 Login to your domain providers' administration interface using your credentials.
- 2 Open the domain configuration section and see configuration for domain **testbistrotrainingbar.com**.
- 3 Open DNS settings for domain **testbistrotrainingbar.com**.
- 4 Enter a new DNS entry or modify an existing one. You can either use a **CNAME** or an **A** record on your domain, either on the domain itself, on its www subdomain or on both. For **CNAME** record: Enter the target address "**website.dish.co**". For **A** record: use the IP address of **website.dish.co**: **34.89.135.24** For further details please check your domain provider.
- 5 It can take up to several hours until the changes become active. We will notify you by email once your website is available at **testbistrotrainingbar.com**.
- 6 For further explanations about specific terms, click [here](#) (glossary)
- 7 Please note: When you use an A Record for your custom domain, please make sure that there is no AAAA record set. If there is an existing AAAA record, please remove it before you continue. CAA record: The domain must either have no CAA record at all or it must have one.

Aqui você vê as etapas adicionais que você precisa concluir na tela de configuração do seu próprio provedor de domínio.
