

Welcome to DISH POS dashboard. In this tutorial, we will show you how to link DISH Reservation to your POS. First, go to **General**.

The screenshot shows the DISH POS dashboard interface. At the top, there's a navigation bar with 'DISH POS v3.65.0', '(V) Demo EN Video', 'Dish Support', 'Update is available', and 'Demo DISH POS'. On the left, a sidebar menu includes 'Dashboard', 'Products', 'Finance', 'General' (highlighted with an orange box), 'Payment', and 'Self-service'. The main content area is titled 'Dashboard' and features a toggle for 'Show amounts including VAT'. Below this, 'Today's turnover data' is displayed in four columns: Turnover (€ 0.00), Transactions (0), Average spending (€ 0.00), and Open orders (€ 0.00). The 'Open orders' section also shows 'Amount' (0) and 'Last update: Today at 15:46'. At the bottom, 'Turnover details' includes a line chart comparing 'This week' and 'Previous week' turnover, and a summary table with the following data:

Metric	This Week	Last Week
Turnover to Date This Week	€ 0.00	€ 0.00
Turnover to Date Last Week	€ 0.00	€ 0.00
Total Turnover Last Week	€ 0.00	€ 0.00
Average Spending to Date This Week	€ 0.00	€ 0.00
Average Spending to Date Last Week	€ 0.00	€ 0.00
Average Spending Last Week	€ 0.00	€ 0.00
Number of Transactions to Date This Week	0	0
Number of Transactions to Date Last Week	0	0
Total Transactions Last Week	0	0

Afterwards, click on **App links**.

Navigation menu: Minimise menu, Dashboard, Products, Finance, General, General, Production stations, Facilities, Cash stores, Printers, **App links**, Table map, Users, User groups, POS devices, Courses, Customers, Currency, Turnover categories, Customer displays, Translations, Packaging profiles

You are now in the overview of your app links. To create the DISH Reservation app link, click on + Add app link.

The screenshot shows the DISH POS v3.65.0 interface. The top navigation bar includes 'Dish Support', 'Update is available', and 'Demo DISH POS'. The left sidebar contains a menu with 'General' selected. The main content area is titled 'App links (2)' and features a search bar, a 'Show 50 Records' dropdown, and a '+ Add app link' button highlighted with a red box. Below this is a table with two entries:

Name	URL
[Redacted]	https://support.dish.co/
booq POS	https://www.booq-pos.com/en

You can now insert the name of the link in the **respective field**, which is **DISH Reservation**.

The image shows a screenshot of the DISH POS v3.65.0 interface. On the left is a sidebar menu with categories like Products, Finance, and General. The 'App links (2)' section is active, displaying a table with two entries: 'booq Support' and 'booq POS'. To the right, a modal titled 'Add app link' is open, showing a form with fields for 'ID', 'Name', and 'URL*'. The 'Name' field is highlighted with an orange border. At the bottom of the modal are buttons for 'Cancel', 'Save and add new', and 'Save'.

Then enter the following URL: <https://reservation.dish.co/https://reservation.dish.co/> into the corresponding **text field**.

The screenshot shows the DISH POS v3.65.0 interface. On the left is a navigation menu with options like Products, Finance, General, Production stations, Facilities, Cash stores, Printers, App links, Table map, Users, User groups, POS devices, Courses, Customers, Currency, Turnover categories, Customer displays, Translations, and Packaging profiles. The 'App links' section is active, displaying a table with two entries: 'booq Support' and 'booq POS'. A modal window titled 'Add app link' is open, showing a form with 'Name*' set to 'DISH Reservation' and a 'URL*' field highlighted with a red box. At the bottom of the modal are buttons for 'Cancel', 'Save and add new', and 'Save'.

Once you entered all the information, click on **Save** to apply the changes.

The screenshot displays the DISH POS v3.65.0 interface. On the left, a sidebar menu lists various settings categories, with 'App links' selected. The main content area shows a table of existing app links:

Name
booq Support
booq POS

To the right, a modal window titled 'Add app link' is open. It contains the following fields:

- ID**: An empty text input field.
- Name***: A text input field containing 'DISH Reservation'.
- Settings**: A section header.
- URL***: A text input field containing 'https://reservation.dish.co/'.

At the bottom of the modal, there are three buttons: 'Cancel', 'Save and add new', and 'Save'. The 'Save' button is highlighted with a red border.

Now you need to send your changes. To do so, click on **General**.

The screenshot shows the DISH POS v3.65.0 interface. The top navigation bar includes 'Dish Support', 'Update is available', and 'Demo DISH POS'. The left sidebar contains a menu with 'General' highlighted by a red box. The main content area displays 'App links (3)' with a search bar and a '+ Add app link' button. A table lists the following app links:

Name	URL
[Redacted]	https://support.dish.co/
[Redacted]	https://www.boooq-pos.com/en
DISH Reservation	https://reservation.dish.co/

Finally, click on **Send**.

The screenshot shows the DISH POS v3.65.0 interface. The top navigation bar includes 'DISH POS v3.65.0', '(V) Demo EN Video', 'Dish Support', 'Update is available', and 'Demo DISH POS'. A left sidebar contains a 'Minimise menu' button and a list of settings: Products, Finance, General (selected), Production stations, Facilities, Cash stores, Printers, App links, Table map, Users, User groups, POS devices, Courses, Customers, Currency, Turnover categories, Customer displays, Translations, and Packaging profiles. The main content area is titled 'Stores' and features a 'Normalise price rules' button and a highlighted 'SEND' button. Below this is a table with the following data:

Name	Current version	Update status	Send status	Last
HD Video Demo English	v3s195b2	Update is available (v3s195b2.0)	Update	202...

That's it. You completed the tutorial and now know how to link DISH Reservation to your POS devices.
