The screenshot displays the DISH Reservation admin panel. The interface includes a dark sidebar on the left with navigation options: Reservations, Table plan, Menu, Guests, Feedback, Reports, Settings, and Integrations. The main content area features a top header with the text "DISH RESERVATION" and a user profile "Test Bistro Training". A teal banner at the top prompts users to add walk-in reservations with "WALK-IN" and "ADD RESERVATION" buttons. Below this is a date range selector set to "Fri, 22 Sep - Fri, 22 Sep". A summary bar indicates "There is 1 active limit configured for the selected time period" with a "Show more" link. Filter tabs for "All", "Completed", "Upcoming" (selected), and "Cancelled" are present, along with summary statistics: 1 confirmed reservation, 3 guests, and 1/50 tables. A detailed reservation entry for "Fri, 22/09/2023" at "02:45 PM" for "Doe, John" (3 guests, 1-2 tables) is shown as "Confirmed" with a "Print" button and an "Allergies: Peanuts" note. A bottom status bar includes a warning "Too many guests in house? Pause online reservations", a copyright notice "Designed by Hospitality Digital GmbH. All rights reserved.", and links for "FAQ", "Terms of use", "Imprint", "Data privacy", and "Privacy Settings". A help icon is also visible in the bottom right corner.
