

Bienvenido al panel de control de **DISH Reservation**. En este tutorial, te mostramos cómo administrar la configuración de tus notificaciones.

The screenshot shows the DISH Reservation admin panel. The top header includes the DISH RESERVATION logo, a notification bell, a user profile dropdown, a language selector (UK flag), and a refresh icon. The left sidebar contains navigation links: Reservations, Table plan, Menu, Guests, Feedback, Reports, Settings (with a dropdown arrow), and Integrations. The main content area features a teal banner with a message about walk-in customers and two buttons: WALK-IN and ADD RESERVATION. Below this is a date range selector showing 'Thu, 28 Sep - Thu, 28 Sep'. A summary box indicates 'There is 1 active limit configured for the selected time period' with a 'Show more' link. A filter bar shows 'All', 'Completed', 'Upcoming' (selected), and 'Cancelled' filters, along with counts for a calendar icon (0), a group of people icon (0), and a table icon (0/37). The main content area displays 'No reservations available' with an illustration of a person looking through binoculars. At the bottom, there is a 'Print' button, a status message 'Too many guests in house? Pause online reservations' with a pause icon, a footer with 'Designed by Hospitality Digital GmbH. All rights reserved.', and a help icon (question mark) next to links for FAQ, Terms of use, Imprint, Data privacy, and Privacy Settings.

Primero, vaya a **Configuración** en el menú de su izquierda.
