

Bun venit în tabloul de bord al **serviciului DISH Reservation**. În acest tutorial, vă vom arăta cum să gestionați setările de notificare.

The screenshot displays the DISH Reservation dashboard. On the left is a dark sidebar with navigation links: Reservations, Table plan, Menu, Guests, Feedback, Reports, Settings (with a dropdown arrow), and Integrations. The main content area has a dark header with the 'DISH RESERVATION' logo, a notification bell, a user profile, and a language selector (UK flag). Below the header is a light blue banner with a message about walk-in customers and two buttons: 'WALK-IN' and 'ADD RESERVATION'. A date range selector shows 'Thu, 28 Sep - Thu, 28 Sep'. A summary bar indicates 'There is 1 active limit configured for the selected time period' with a 'Show more' link. Below this is a filter bar with radio buttons for 'All', 'Completed', 'Upcoming' (selected), and 'Cancelled', along with icons for a checklist (0), guests (0), and a table (0/37). The central area shows 'No reservations available' with an illustration of a person looking through binoculars. At the bottom left, there's a 'Print' button and a status message 'Too many guests in house? Pause online reservations' with a pause icon. The footer contains copyright information, a list of links (FAQ, Terms of use, Imprint, Data privacy, Privacy Settings), and a large yellow question mark icon.

Mai întâi, accesați **Setări** în meniul din stânga.
