

Bienvenue sur le tableau de bord de **DISH Reservation**. Ce tutoriel vous explique comment gérer les paramètres de votre compte.

The screenshot shows the DISH Reservation admin dashboard. The top navigation bar includes the DISH RESERVATION logo, a notification bell, the user name 'Test Bistro Training', a language selector (UK flag), and a help icon. The left sidebar contains a menu with the following items: Reservations, Table plan, Menu, Guests, Feedback, Reports, Settings (with a dropdown arrow), and Integrations. The main content area features a teal banner with the text 'Have a walk-in customer? Received a reservation request over phone / email? Don't forget to add it to your reservation book!' and two buttons: 'WALK-IN' and 'ADD RESERVATION'. Below the banner is a date range selector showing 'Thu, 28 Sep - Thu, 28 Sep'. A summary box indicates 'There is 1 active limit configured for the selected time period' with a 'Show more' link. A filter bar shows 'All', 'Completed', 'Upcoming' (selected), and 'Cancelled' filters, along with counts for '0' items in each category. The main content area displays 'No reservations available' with an illustration of a person looking through binoculars. At the bottom, there is a 'Print' button, a status indicator 'Too many guests in house? Pause online reservations' with a pause icon, and a footer with 'Designed by Hospitality Digital GmbH. All rights reserved.' and links for 'FAQ', 'Terms of use', 'Imprint', 'Data privacy', and 'Privacy Settings'. A large yellow question mark icon is also present in the bottom right corner.

Tout d'abord, allez dans **Paramètres** dans le menu à votre gauche.
