

Benvenuti alla dashboard di **DISH Reservation**. In questo tutorial vi mostreremo come gestire le impostazioni del vostro account.

The screenshot displays the DISH Reservation administration dashboard. The interface features a dark sidebar on the left with navigation links: Reservations, Table plan, Menu, Guests, Feedback, Reports, Settings (with a dropdown arrow), and Integrations. The main content area has a dark header with the text 'DISH RESERVATION' and user information 'Test Bistro Training' with a dropdown arrow, a flag icon, and a refresh icon. Below the header, a light blue banner contains the text 'Have a walk-in customer? Received a reservation request over phone / email? Don't forget to add it to your reservation book!' and two orange buttons: 'WALK-IN' and 'ADD RESERVATION'. A date range selector shows 'Thu, 28 Sep - Thu, 28 Sep'. A summary box indicates 'There is 1 active limit configured for the selected time period' with a 'Show more' link. A filter bar includes radio buttons for 'All', 'Completed', 'Upcoming' (selected), and 'Cancelled', along with icons for a checklist (0), people (0), and a table (0/37). The main content area shows a large grey box with a magnifying glass icon and the text 'No reservations available'. At the bottom left, a 'Print' button is visible. The footer contains a status message 'Too many guests in house? Pause online reservations' with a pause icon, the text 'Designed by Hospitality Digital GmbH. All rights reserved.', and a row of links: FAQ, Terms of use, Imprint, Data privacy, and Privacy Settings. A yellow question mark icon is located in the bottom right corner.
