

Bun venit în tabloul de bord al **serviciului DISH Reservation**. În acest tutorial, vă vom arăta cum să gestionați setările contului.

The screenshot displays the DISH Reservation dashboard. The top navigation bar includes the 'DISH RESERVATION' logo, a notification bell, the user profile 'Test Bistro Training', a language selector (UK flag), and a help icon. The left sidebar contains a menu with options: Reservations, Table plan, Menu, Guests, Feedback, Reports, Settings (with a dropdown arrow), and Integrations. The main content area features a teal banner with a message about walk-in customers and two buttons: 'WALK-IN' and 'ADD RESERVATION'. Below this is a date range selector showing 'Thu, 28 Sep - Thu, 28 Sep'. A summary box indicates 'There is 1 active limit configured for the selected time period' with a 'Show more' link. A filter bar shows 'All', 'Completed', 'Upcoming' (selected), and 'Cancelled' filters, along with counts for a calendar, guests (0), and tables (0/37). The central area displays 'No reservations available' with an illustration of a person looking through binoculars. At the bottom, there is a 'Print' button, a status message 'Too many guests in house? Pause online reservations' with a pause icon, a footer note 'Designed by Hospitality Digital GmbH. All rights reserved.', and a help icon. The footer also contains links for FAQ, Terms of use, Imprint, Data privacy, and Privacy Settings.

Mai întâi, accesați **Setări** în meniul din stânga.
