

Welcome to the dashboard of **DISH Reservation**. In this tutorial, we show you how to add and adjust opening hours.

The screenshot displays the DISH Reservation dashboard. The top header bar includes the 'DISH RESERVATION' logo, a notification bell, the user 'Test Bistro Training', a language selector (UK flag), and a help icon. A left-hand sidebar contains navigation links: Reservations, Table plan, Menu, Guests, Feedback, Reports, Settings, and Integrations. The main content area features a teal banner with a message about adding walk-in customers and two buttons: 'WALK-IN' and 'ADD RESERVATION'. Below this is a date range selector set to 'Mon, 2 Oct - Mon, 2 Oct'. A summary box indicates 'There is 1 active limit configured for the selected time period' with a 'Show more' link. A filter bar shows 'All', 'Completed', 'Upcoming' (selected), and 'Cancelled' filters, along with counts for a calendar, guests (0), and tables (0/37). The central area shows 'No reservations available' with an icon of a person looking through binoculars. At the bottom, there is a 'Print' button, a status indicator 'Too many guests in house? Pause online reservations', a footer with 'Designed by Hospitality Digital GmbH. All rights reserved.', and a row of links: FAQ, Terms of use, Imprint, Data privacy, and Privacy Settings. A large yellow question mark icon is also present in the bottom right corner.

First, go to **Settings** on the menu to your left.
