Une fois connecté, vous accéderez à votre tableau de bord. Cliquez ensuite sur « **Réservation DISH** » .

Cliquez ensuite sur **Ouvrir l'outil** pour ouvrir votre tableau de bord de réservation DISH.

Voilà ! Vous avez terminé le tutoriel et savez maintenant comment vous connecter à DISH Réservation.

The screenshot shows the DISH RESERVATION dashboard. On the left is a dark sidebar with navigation links: Reservations, Table plan, Menu, Guests, Feedback, Reports, Settings, and Integrations. At the bottom of the sidebar, there is a warning: "Too many guests in house? Pause online reservations" with a pause icon. The main content area has a top header with "DISH RESERVATION" and user information "Test Bistro Training" with a language dropdown (UK flag) and a refresh icon. Below the header is a teal banner with the text "Have a walk-in customer? Received a reservation request over phone / email? Don't forget to add it to your reservation book!" and two buttons: "WALK-IN" and "ADD RESERVATION". The main section features a date range selector set to "Wed, 18 Oct - Wed, 18 Oct" and a service dropdown set to "All services". Below this, a message states "There is 1 active limit configured for the selected time period" with a "Show more" link. A filter bar shows "All" selected, with other options: "Completed", "Upcoming", and "Cancelled". To the right of the filters are counts: a calendar icon with "0", a group of people icon with "0", and a table icon with "0/37". The central area displays "No reservations available" with an illustration of a person looking through binoculars. At the bottom left of the main area is a "Print" button. The footer contains the text "Designed by DISH Digital Solutions GmbH. All rights reserved." and a row of links: "FAQ", "Terms of use", "Imprint", "Data privacy", and "Privacy Settings". A large yellow question mark icon is positioned in the bottom right corner of the dashboard area.
