The screenshot shows the DISH Reservation web application interface. The header includes the DISH RESERVATION logo, a notification bell, the user name 'Test Bistro Training', a language selector (UK flag), and a help icon. The left sidebar contains navigation links: Reservations, Table plan, Menu, Guests, Feedback, Reports, Settings, and Integrations. The main content area features a teal banner with a message about walk-in customers and buttons for 'WALK-IN' and 'ADD RESERVATION'. Below this is a date range selector set to 'Wed, 18 Oct - Wed, 18 Oct' and a service filter dropdown set to 'All services'. A message states 'There is 1 active limit configured for the selected time period' with a 'Show more' link. Filter tabs for 'All', 'Completed', 'Upcoming', and 'Cancelled' are shown, along with counts for each: 0. A large white box with a magnifying glass icon and the text 'No reservations available' is displayed. A 'Print' button is at the bottom left. The footer includes a warning about too many guests, a copyright notice for DISH Digital Solutions GmbH, and links for FAQ, Terms of use, Imprint, Data privacy, and Privacy Settings.
