The screenshot shows the DISH RESERVATION web application interface. The top navigation bar includes the DISH RESERVATION logo, a notification bell, the text "Test Bistro Training", a language selector (UK flag), and a refresh icon. The left sidebar contains a menu with the following items: Reservations (highlighted), Table plan, Menu, Guests, Feedback, Reports, Settings (with a dropdown arrow), and Integrations. The main content area features a teal banner with the text "Have a walk-in customer? Received a reservation request over phone / email? Don't forget to add it to your reservation book!" and two orange buttons: "WALK-IN" and "ADD RESERVATION". Below the banner is a date range selector showing "Wed, 18 Oct - Wed, 18 Oct" with navigation arrows and a calendar icon, and a dropdown menu for "All services". A message states "There is 1 active limit configured for the selected time period" with a "Show more" link. Below this is a filter bar with radio buttons for "All" (selected), "Completed", "Upcoming", and "Cancelled", and icons for a calendar (0), guests (0), and a table (0/37). The main content area displays a large circular icon of a person with a magnifying glass and the text "No reservations available". A "Print" button is located at the bottom left of the main content area. The footer includes a status message "Too many guests in house? Pause online reservations" with a pause icon, the text "Designed by DISH Digital Solutions GmbH. All rights reserved.", and a footer menu with links for FAQ, Terms of use, Imprint, Data privacy, and Privacy Settings. A large orange question mark icon is positioned in the bottom right corner of the main content area.
