The screenshot displays the DISH Reservation web application. The top navigation bar includes the 'DISH RESERVATION' logo, a notification bell, the user 'Test Bistro Training', a language selector (UK flag), and a refresh icon. A left sidebar contains navigation links: Reservations, Table plan, Menu, Guests, Feedback, Reports, Settings, and Integrations. The main content area features a teal banner with a message about walk-in customers and 'WALK-IN' and 'ADD RESERVATION' buttons. Below this is a date range selector set to 'Wed, 18 Oct - Wed, 18 Oct' and a service filter dropdown set to 'All services'. A message states 'There is 1 active limit configured for the selected time period' with a 'Show more' link. Filter tabs for 'All', 'Completed', 'Upcoming', and 'Cancelled' are present, along with summary statistics: 0 reservations, 0 guests, and 0/37 tables. The central area shows 'No reservations available' with an illustration of a person looking through binoculars. At the bottom, there is a 'Print' button, a 'Too many guests in house? Pause online reservations' warning, a copyright notice 'Designed by DISH Digital Solutions GmbH. All rights reserved.', and a footer with links for FAQ, Terms of use, Imprint, Data privacy, and Privacy Settings. A yellow question mark icon is located in the bottom right corner.
