

Welcome to **DISH Order dashboard**. In this tutorial, we will show how to access the storefront or the guest view. The first step is to login into **DISH Order**.

Then click on the **storefront icon**.

The screenshot displays the DISH Order dashboard interface. On the left is a dark blue sidebar with navigation links: DASHBOARD, RESTAURANT, KITCHEN, SALES, MARKETING, LOCALISATION, and TOOLS. The main content area is light gray and features a date range selector at the top (April 8, 2022 - September 29, 2023). Below this, the 'Orders' section contains eight metric cards: Total Orders (197), Accepted Orders (3), Declined Orders (139), Completed Orders (30), Cash Payment Orders (126), Card Payment Orders (36), Online Payment Orders (23), and Pick-up Orders (118). The 'Delivery Orders' card shows 76, and the 'Average Basket Size' card shows 1 item. The 'Revenue' section at the bottom includes four cards: Total Revenue, Delivery Revenue, Pick-up Revenue, and Cash Payment Revenue. In the top right corner, a storefront icon (a shopping bag) is highlighted with an orange box, next to a user profile icon. An orange 'UPDATES' button is located on the right edge of the dashboard.
