

Otvorite aplikaciju DISH terminala za narudžbe. Automatski ćete biti preusmjereni na otvorene narudžbe. Sada dodirnite **ikonu padajućeg izbornika** za odabir skenera barkodova.

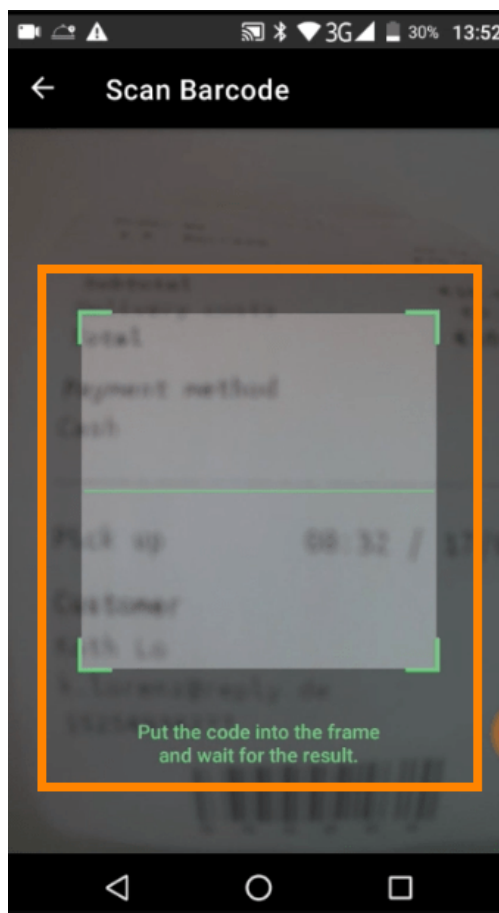

Dodirnite **skeniranje barkoda** .

Skenirajte barkod narudžbe. Napomena: Provjerite je li aplikaciji DISH Order dopušteno korištenje kamere terminala.

Sada će se prikazati sve informacije o narudžbi.

The screenshot shows a mobile application interface for a completed order. The status bar at the top indicates 3G connectivity, 30% battery, and the time 13:52. The app's header bar is black with a back arrow, the text 'Completed Order', and a print icon. The main content is divided into three sections: 'Customer data', 'Order #6', and 'Payment method'. The 'Customer data' section shows the name 'Kath Lo' and redacted email and phone numbers. The 'Order #6' section contains a receipt-like table with one item, '1 X Burrata' for €10.00, and a subtotal, delivery costs, and total of €10.00. The 'Payment method' section shows '\$ Cash' as the selected option. The entire content area is framed by an orange border.

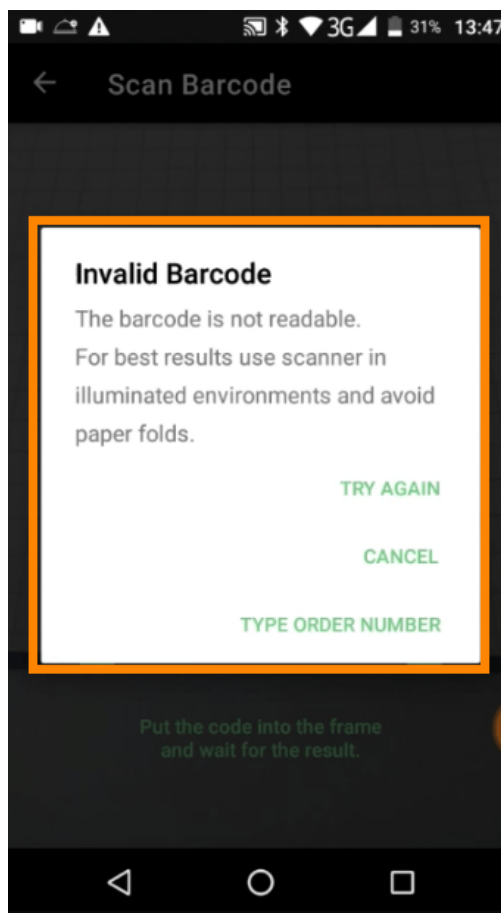

Customer data	
Kath Lo	
Mail:	[Redacted]
Tel.:	[Redacted]

Order #6	
1 X Burrata	€10.00
Subtotal	€10.00
Delivery costs	€0.00
Total	€10.00

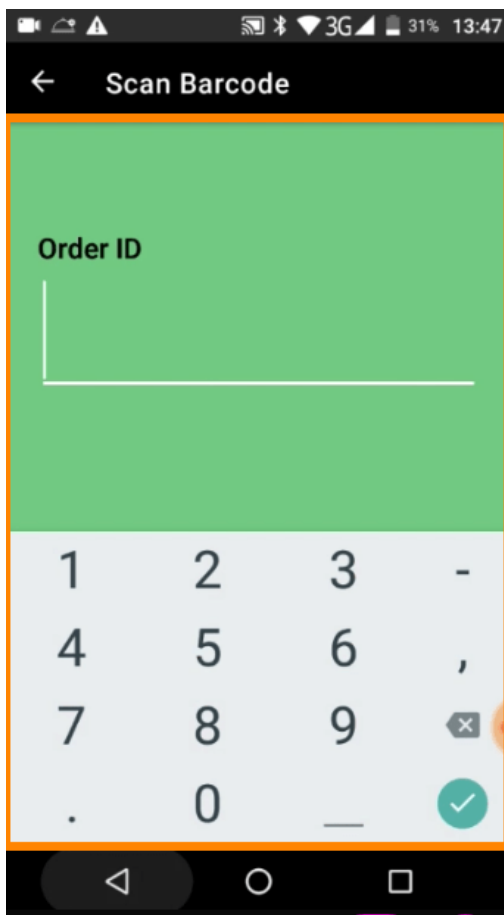

Payment method	
\$	Cash

Ako se barkod nije mogao pročitati, dobit ćete ovu obavijest o pogrešci. Sada možete **pokušati ponovno**, **otkazati** ili **upisati broj narudžbe**.

-  Kada odaberete ručni unos broja narudžbe, prikazat će se ovo sučelje. Unesite **broj narudžbe** i prikazat će se sve informacije o narudžbi.
