And then select **Account**.

The screenshot displays the DISH RESERVATION web application interface. On the left, a dark sidebar contains a menu with the following items: Reservations, Menu, Guests, Feedback, Reports, Settings (with a dropdown arrow), Hours, Reservations, Tables/Seats, Offers, Notifications, **Account** (highlighted with an orange box), and Help. The main content area features a teal banner at the top with the text "Have a walk-in customer? Received a reservation request over phone / email? Don't forget to add it to your reservation book!" and two orange buttons: "WALK-IN" and "ADD RESERVATION". Below the banner is a date range selector showing "Thu, 15/07/2021 - Thu, 15/07/2021" and a dropdown menu for "All mealtypes". A filter bar below this shows three radio buttons: "All" (selected), "Completed", and "Upcoming", along with icons for a calendar and a group of people. The central area displays a large circular icon of a person with a magnifying glass and the text "No reservations available". At the bottom of the sidebar, there is a notification: "Too many guests in house? Pause online reservations" with a pause icon. The footer includes a "Print" button, the text "Designed by Hospitality Digital GmbH. All rights reserved.", and a help icon (question mark in a circle). Links for "FAQ", "Terms of use", "Imprint", and "Data privacy" are also present.

After that, click on **my data**.
