Sada je DISH Reservation spreman za korištenje i možete nastaviti do njegove nadzorne ploče klikom na **Nadzorna ploča**.

 To je to. Završili ste vodič i uspješno postavili DISH rezervaciju.

The screenshot displays the DISH RESERVATION web application interface. The top navigation bar includes the DISH logo, a notification bell, the establishment name '*Test Establishment', a language selector (UK flag), and a refresh icon. The left sidebar contains a menu with the following items: Reservations (highlighted), Menu, Guests, Feedback, Reports, Settings (with a dropdown arrow), and Integrations. The main content area features a teal banner with the text 'Have a walk-in customer? Received a reservation request over phone / email? Don't forget to add it to your reservation book!' and two orange buttons: 'WALK-IN' and 'ADD RESERVATION'. Below this is a date range selector showing 'Tue, 24 Oct - Tue, 24 Oct'. A message states 'You have no limits configured for the selected date.' with an 'Add a new limit' button. A filter bar shows 'All' selected, with other options 'Completed', 'Upcoming', and 'Cancelled'. It also displays counts: a calendar icon with '0', a group of people icon with '0', and a fork and knife icon with '0/3'. The main reservation list area is empty, showing a large circular icon of a person with a magnifying glass and the text 'No reservations available'. At the bottom left, there is a 'Print' button and a status message 'Too many guests in house? Pause online reservations' with a pause icon. The footer contains the text 'Designed by DISH Digital Solutions GmbH. All rights reserved.' and a row of links: 'FAQ', 'Terms of use', 'Imprint', 'Data privacy', and 'Privacy Settings'. A yellow question mark icon is located in the bottom right corner of the main content area.
