

Welcome to the DISH POS app. In this tutorial, we show you how to adjust the view of the menu and order screen.

First, open the **menu**.

Then go to **Settings**.

Now navigate to **Menu and Order Screen** by tapping on it.

To adjust the font size of the product items, move the corresponding **control** either to the left to reduce the size or to the right to increase it.

By tapping on **Product presentation**, you can adjust the number of lines that are used when a product is displayed.

A pop-up window will then appear in which you must check the corresponding **option**. To then confirm your selection, tap on **OK**.

To adjust the font size of big orders, move the corresponding **control** either to the left to reduce the size or to the right to increase it.

The same goes for the font size of small orders, move the corresponding **control** either to the left to reduce the size or to the right to increase it.
