Then expand your main facility by clicking on the **down-facing arrow**.

The screenshot shows the DISH POS v2.49.0 interface. The top navigation bar includes the version, user name (dish_en_video@hd.digital), and a tutorial link. The left sidebar contains a menu with categories like Dashboard, Articles, Finances, General, Payment, and Self-service. The 'General' category is expanded, showing sub-items like General, Production stations, Facilities, Cash stores, Printers, App links, Table map, Users, Usergroups, POS devices, Courses, Customers, Currencies, Turnover groups, Translations, and Package profiles. The 'Facilities' sub-item is selected, and its details are expanded, showing a list of facilities. The first facility, 'HD Video Demo English', is highlighted with a yellow box, and a down-facing arrow is visible next to it. A warning message is displayed above the facilities list: 'Be extra careful when you use QR ordering through CMS: QR codes are linked to facilities. Once created, these QR codes cannot be reassigned to a different facility.'

Then click on the respective **edit icon** of the facility you want to manage.
