The screenshot shows the DISH POS v2.49.0 interface. The top navigation bar includes the DISH POS Tutorials logo, an update availability indicator, and the user email dish_en_video@hd.digital. The left sidebar contains a menu with categories like Dashboard, Articles, Finances, and General. The 'General' category is currently selected, showing sub-items like General, Production stations, Facilities, Cash stores, Printers, App links, Table map, Users, Usergroups, POS devices, Courses, and Customers. The main content area is titled 'Facilities' and features a search bar, two buttons ('+ Generate area' and '+ Add facility'), and a list of facilities. A warning message states: 'Be extra careful when you use QR ordering through CMS: QR codes are linked to facilities. Once created, these QR codes cannot be reassigned to a different facility.' The list shows one facility, 'HD Video Demo English', which is highlighted with a pencil icon indicating it can be edited.
