

Welcome to the DISH POS app. In this tutorial, we guide you through the updating process of the app.

Once there is an available update for the app, a pop-up will appear asking if you want to update the app. To do so, tap on **OK**.

You may also receive a message with the information that you have to update before continuing. Here, as well, tap on **OK** to start the update.

You then will see a loading screen.

Afterward, a window will appear asking if you want to install the new update. Do so by tapping on **INSTALL**.

Once the new version of the app got installed, tap on **OPEN** to launch the app again.

That's it. You completed the tutorial and now know what the updating process of the app looks like.
