

Welcome to the DISH POS app. In this tutorial, we show you how to select an EFT device.

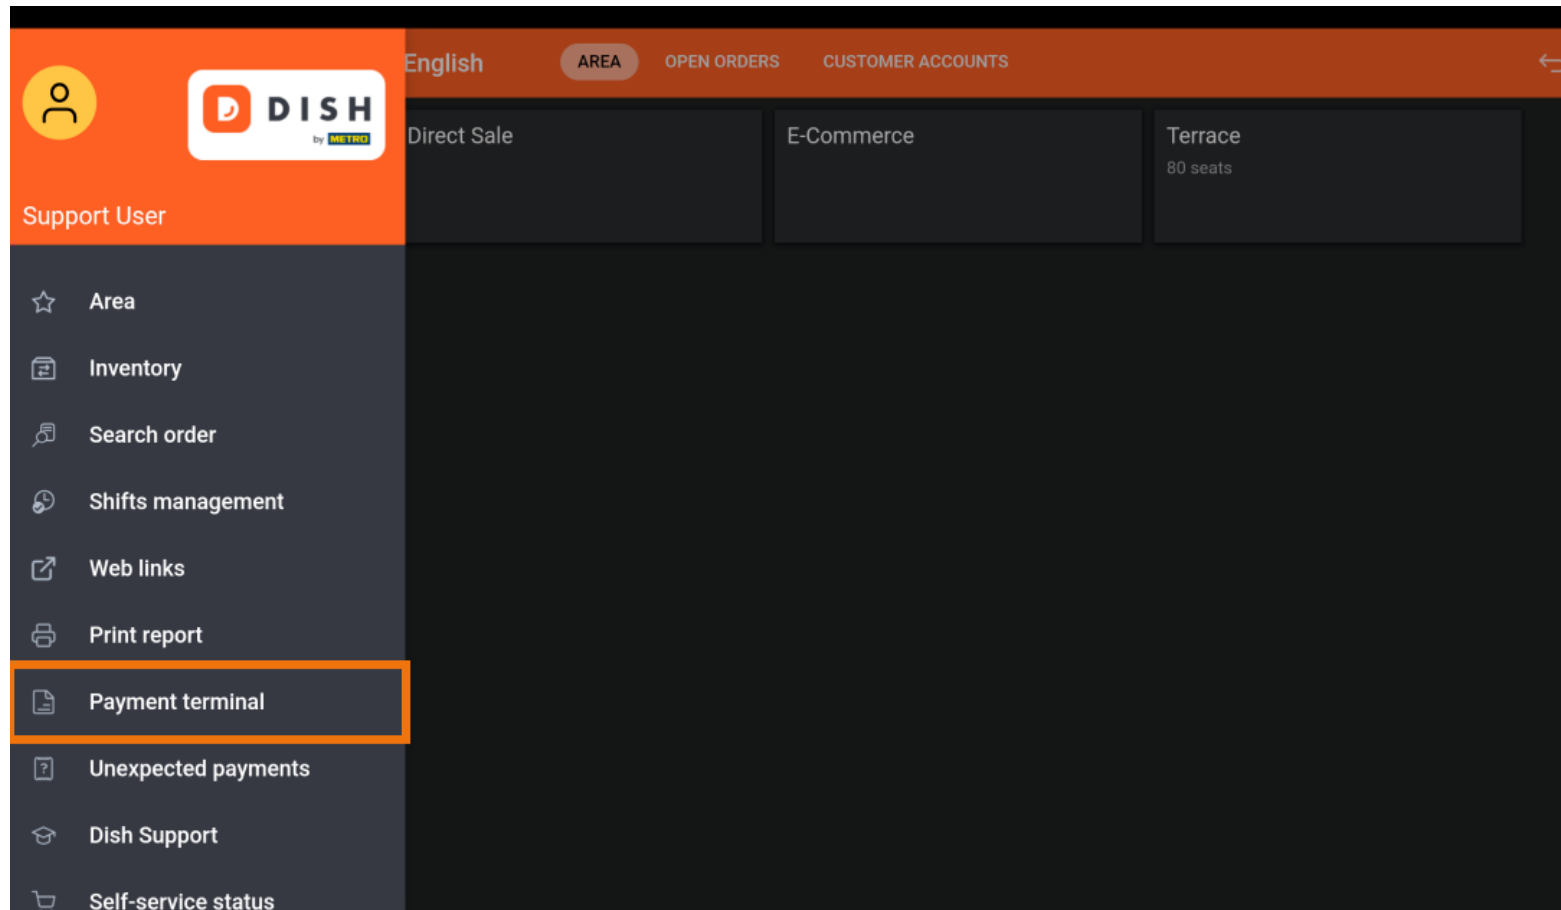

First, open the **menu**.

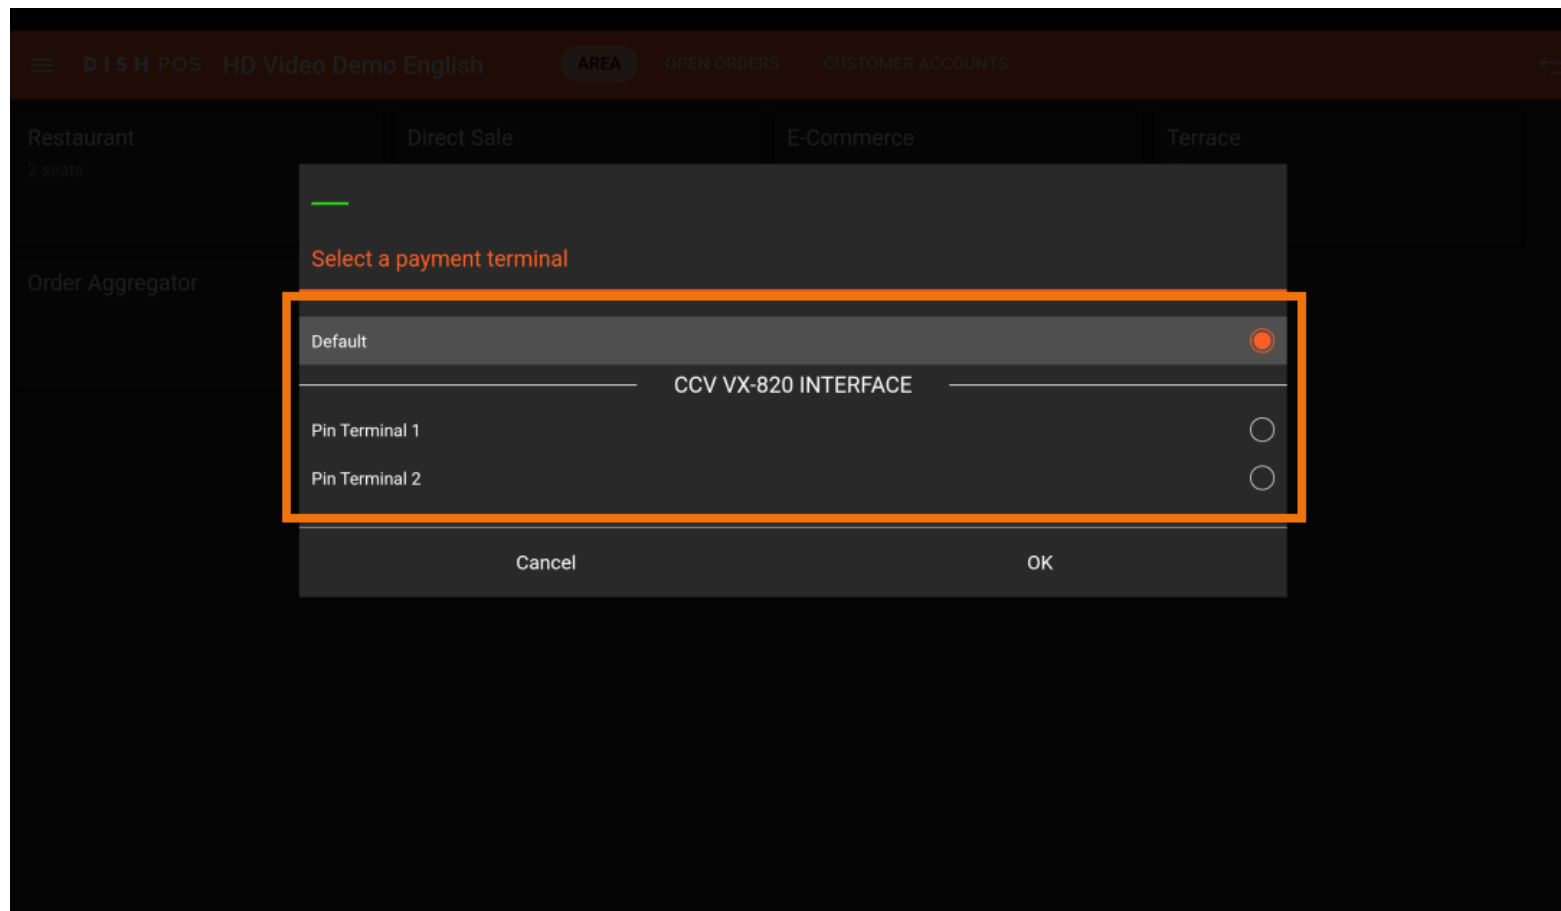

Then tap on **Payment terminal**.

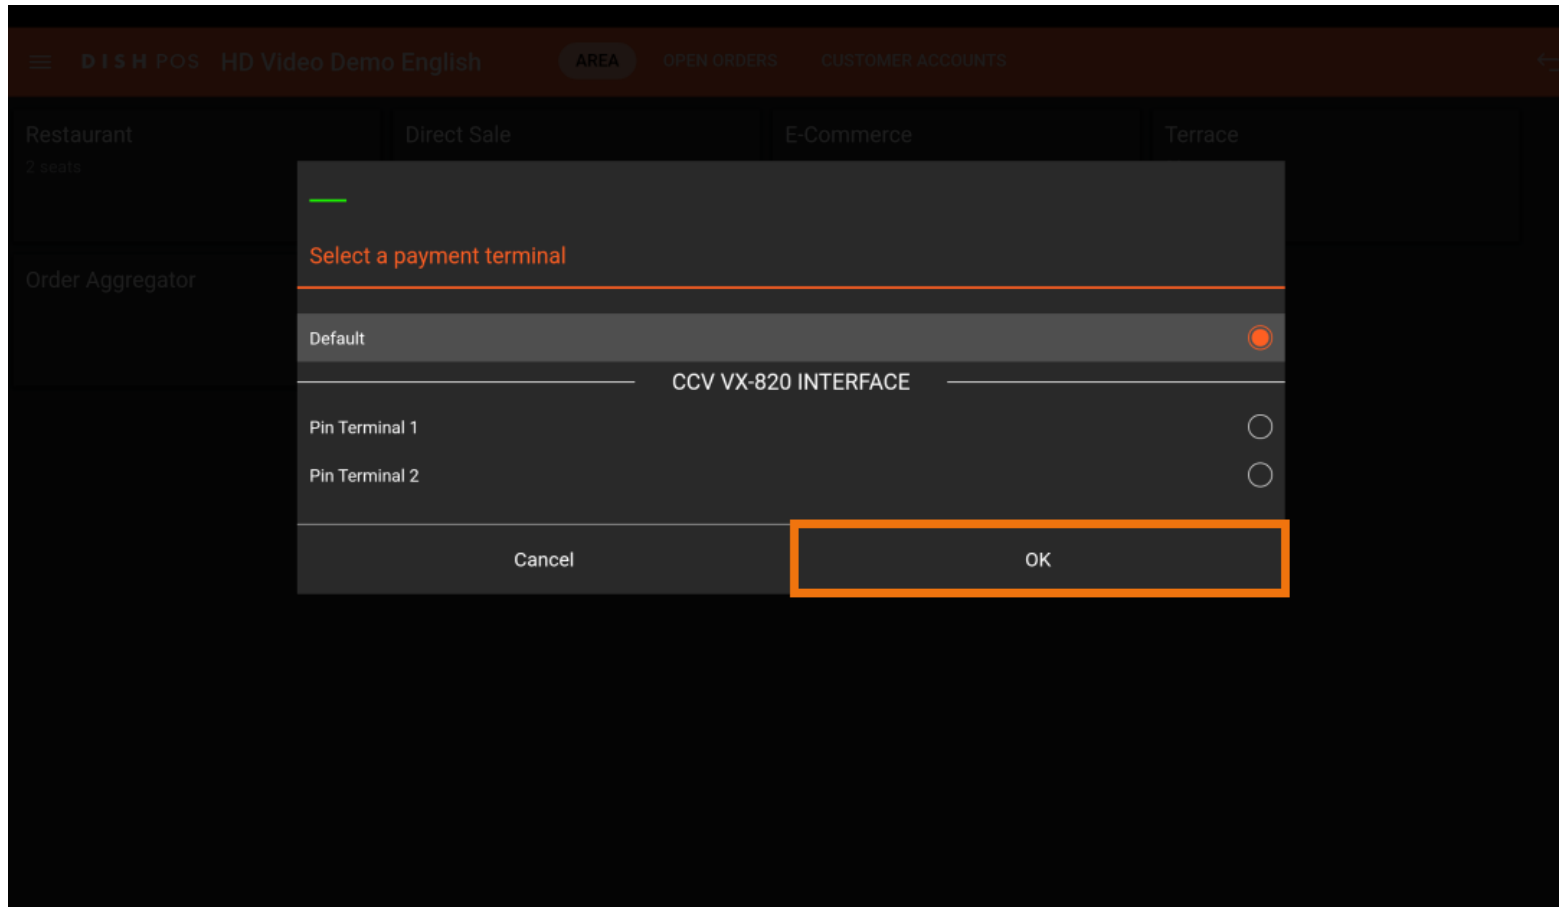

A pop-up will then appear with options of EFT devices. If you have additional devices, you can select those by setting the corresponding **checkmark**. **Note: When you log out, the selection is reset to the default device.**

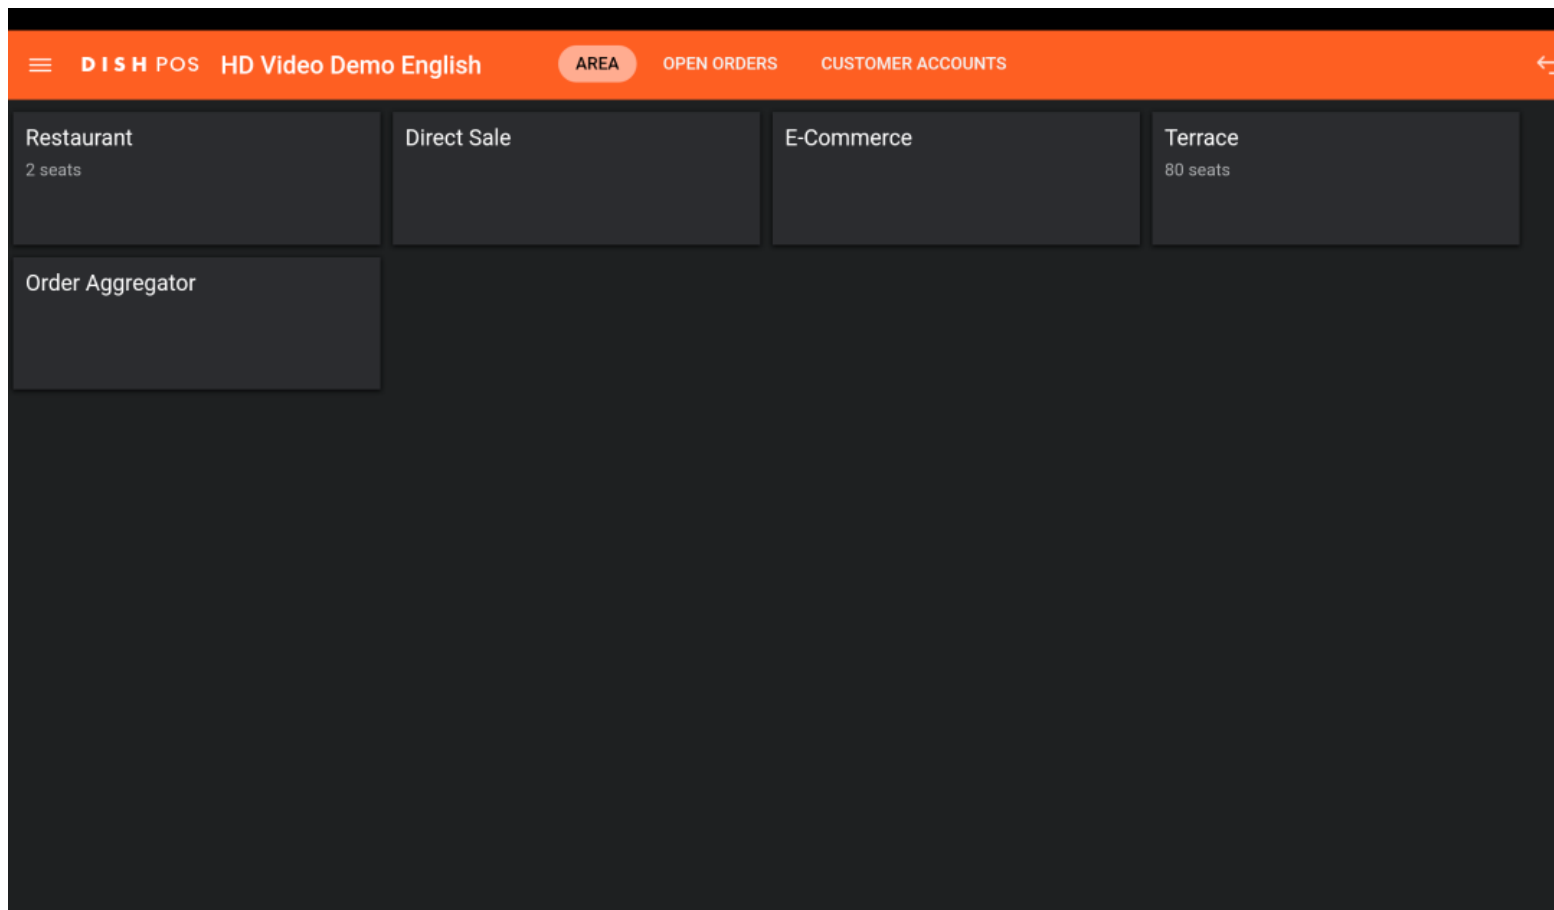

Once you chose an EFT device, tap on **OK** to confirm your selection.

That's it. You completed the tutorial and now know how to select an EFT device.
