A new window will open with the setting of the selected store. Now go to **Fixed discounts** to start managing those.

The screenshot shows the DISH POS v3.54.1 interface. On the left is a sidebar with a 'Minimise menu' button and various navigation options. The 'General' section is expanded, and 'Fixed discounts' is highlighted with an orange box. To the right of the sidebar is the 'Edit store' window. This window has a title bar with a close button. Below the title bar are fields for 'Name' (HD Video Demo English) and 'Language' (English). The main content area is divided into three columns: 'Option menus', 'Payment method menus', and 'Price levels'. Each column has a dropdown menu and a '+ Add' button. The 'Option menus' dropdown is set to 'Select option menu'. The 'Payment method menus' dropdown is set to 'Select payment method menu'. The 'Price levels' dropdown is set to 'Select price level'. At the bottom of the window is an 'Identification' section with fields for 'Your reference' (fdb3a31f-512d-4300-ade8-8042dc04) and 'ID' (1035). At the very bottom are 'Cancel' and 'Save' buttons.

To create a new fixed discount, click on **+ Add row**.
