

Welcome to your **DISH mobile dashboard**. In this tutorial we show you how to set up your PIN for the app.

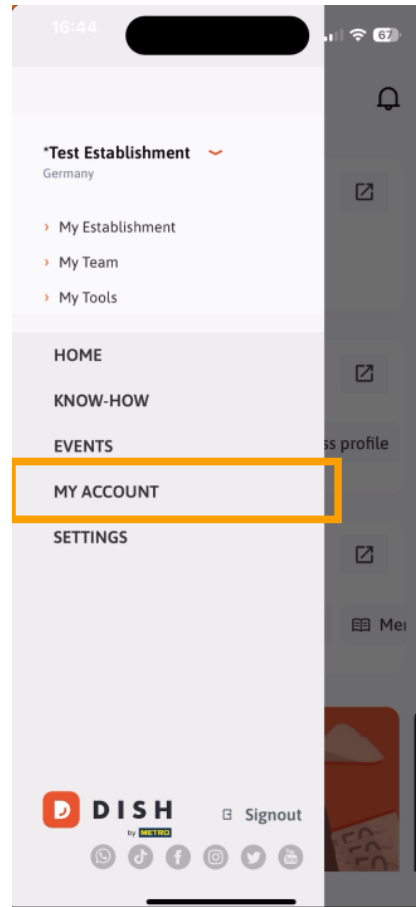

First, tap on the **menu**.

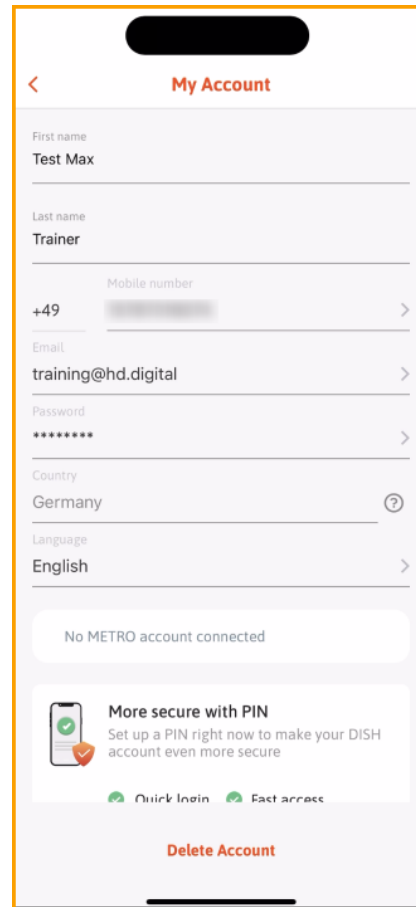

Then select **MY ACCOUNT** to open the settings of your account.

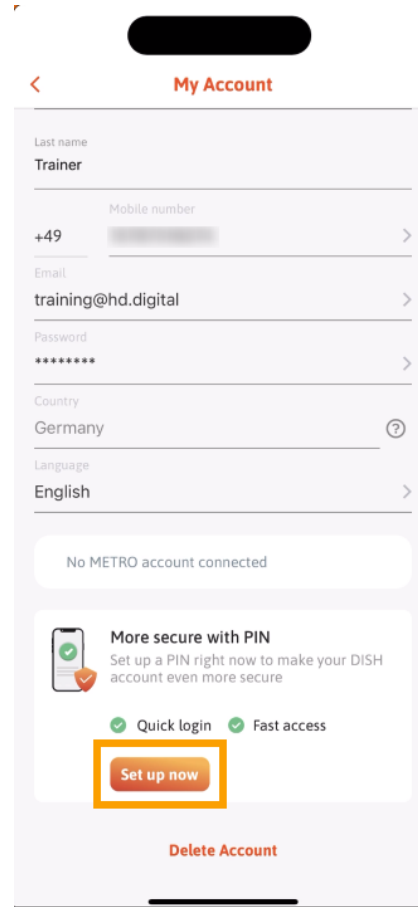

You are now in your account settings. Scroll down to get to the PIN setup.

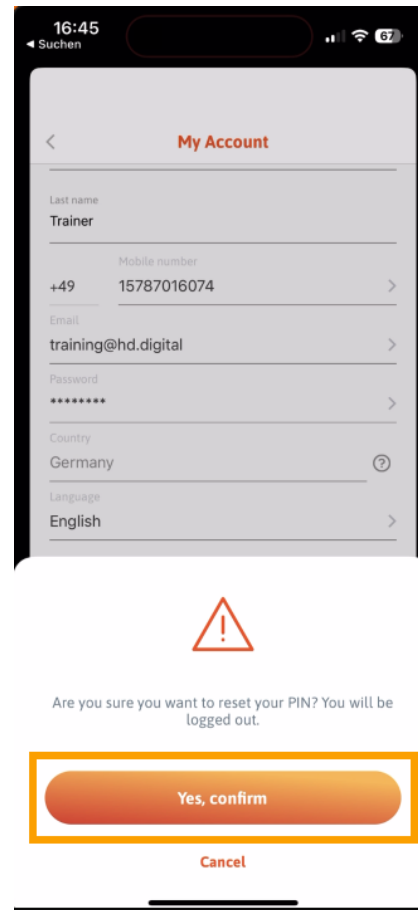

Now tap on **Set up now** to start setting up your PIN.

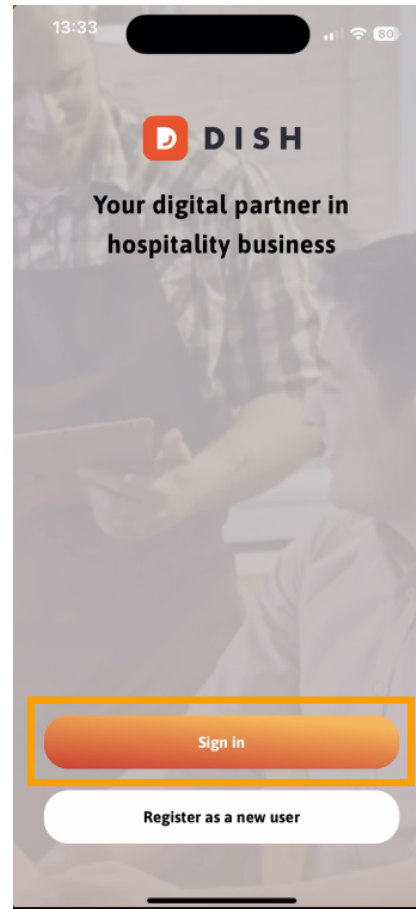

You will then be asked to confirm resetting your PIN. Tap on **Yes, confirm** to continue. **Note: You will be logged out.**

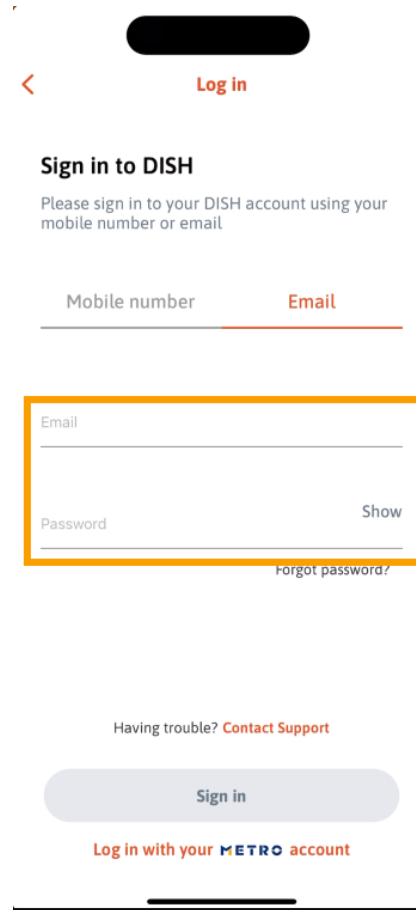

📱 Back in the login screen, tap on **Sign in** to log in to your account.

Enter your **credentials**.

< Log in

Sign in to DISH

Please sign in to your DISH account using your mobile number or email

Having trouble? [Contact Support](#)

Sign in

Log in with your **METRO** account

And tap on **Sign in** to continue.

The screenshot shows the DISH app login interface. At the top, there is a black header bar with a white back arrow on the left and the text "Log in" in red on the right. Below the header, the title "Sign in to DISH" is displayed in bold black text, followed by the instruction "Please sign in to your DISH account using your mobile number or email". There are two tabs: "Mobile number" and "Email", with the "Email" tab selected and highlighted in red. Below the tabs, there are two input fields. The first field is labeled "Email" and contains the text "training@hd.digital", with a green checkmark icon to its right. The second field is labeled "Password" and is empty, with a "Show" link to its right. Below the password field, there is a link that says "Forgot password?". At the bottom of the form, there is a link that says "Having trouble? Contact Support". Below this link is a large orange button with the text "Sign in" in white. Below the button, there is a link that says "Log in with your METRO account". At the very bottom of the screen, there is a black bar with a white home indicator.

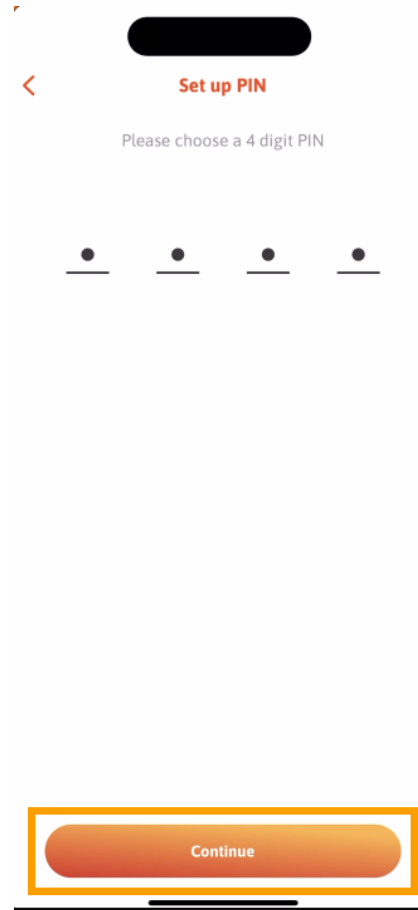

You then will be asked to choose a 4 digit PIN. Enter your PIN in the respective **field**.

A screenshot of the DISH App's PIN setup screen. At the top, there is a black header bar with a white back arrow on the left and a black rounded rectangle on the right. Below the header, the text "Set up PIN" is displayed in red. Underneath, the instruction "Please choose a 4 digit PIN" is shown in a smaller, grey font. A large, empty rectangular box with a thick orange border is positioned in the center, containing four horizontal lines for digit entry. At the bottom of the screen, there is a light grey rounded button labeled "Continue". The very bottom of the image shows a portion of a mobile device's home indicator bar.

Afterward, tap on **Continue** to proceed.

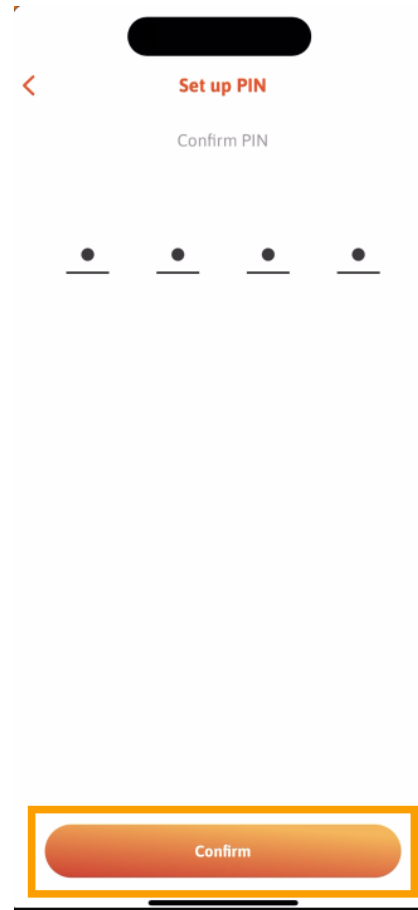

To conform you recently chosen PIN, enter your PIN again in the respective **field**.

The screenshot displays the 'Set up PIN' screen in the DISH app. At the top, there is a back arrow on the left and a title bar in the center. Below the title bar, the text 'Set up PIN' is displayed in red, followed by 'Confirm PIN' in a smaller, gray font. A four-digit PIN input field is shown with an orange border, containing four dashes. At the bottom of the screen, there is a light gray 'Confirm' button. The bottom of the screen shows the home indicator bar of an iPhone.

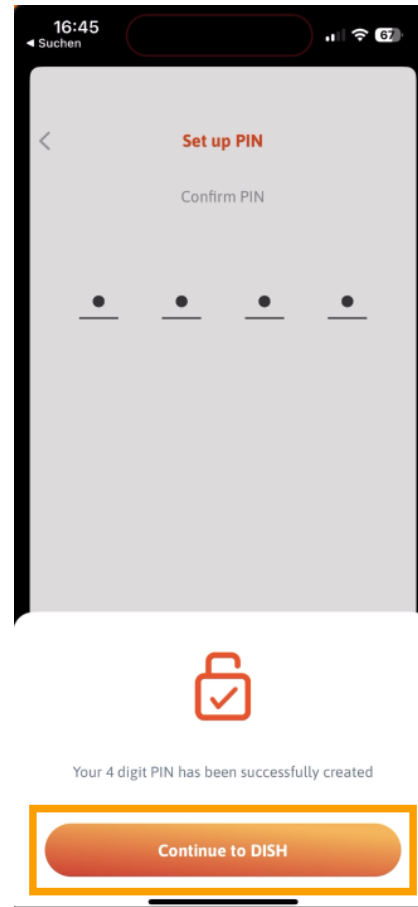

And tap on **Confirm**, to apply your new PIN.

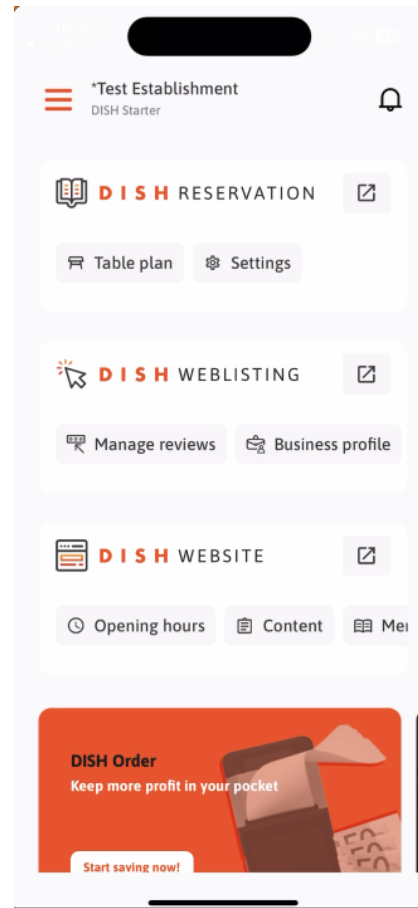

Your PIN has been set up successfully. Click on **Continue to DISH** to get back to the dashboard.

That's it. You completed the tutorial and now know how to set up your PIN for the app.
