

Welcome to the DISH POS dashboard. In this tutorial, we show you how to display the lottery function and adjust its position within the app.

First, click on **General**.

Then go to the sub-menu **General**.

A new window will open with the setting of the selected store. Now go to **App functions** to start managing those.

The screenshot shows the DISH POS v3.29.1 interface. On the left is a sidebar with a 'Minimise menu' button and a list of categories: Dashboard, Articles, Finance, General, Production stations, Facilities, Cash stores, Printers, App links, Table map, Users, User groups, POS devices, Courses, Customers, Currency, Turnover categories, Customer displays, Translations, Packaging profiles, Scan services, Payment, and Self-service. The 'App functions' option under the 'General' category is highlighted with a red box. The main area shows the 'Edit store' window for 'Dish Video Demo Italy'. The window has a title bar with a close button. Below the title bar, there are fields for 'Name' (Dish Video Demo Italy) and 'Language' (English). The main content area is divided into three columns: 'Option menus', 'Payment method menus', and 'Price levels'. Each column has a dropdown menu and a '+ Add' button. The 'Option menus' dropdown is set to 'Select option menu'. The 'Payment method menus' dropdown is set to 'Select payment method menu'. The 'Price levels' dropdown is set to 'Select price level'. Below these columns is an 'Identification' section with a 'Your reference' field containing 'fdb3a31f-512d-4300-ade8-8042dc04e505' and an 'ID' field containing '1113'. At the bottom of the window are 'Cancel' and 'Save' buttons.

You are now in the overview of DISH POS app functions. To have the lottery feature be displayed within the app, uncheck the corresponding **checkbox**.
