

Welcome to the DISH POS dashboard. In this tutorial, we show you how to create QR codes for the self-service.

First, click on **Self-service**.

☐	Table 3	QR - Online payment	Restaurant	Table 3	8e1582ea-975c-4c8b-84a	Copy link

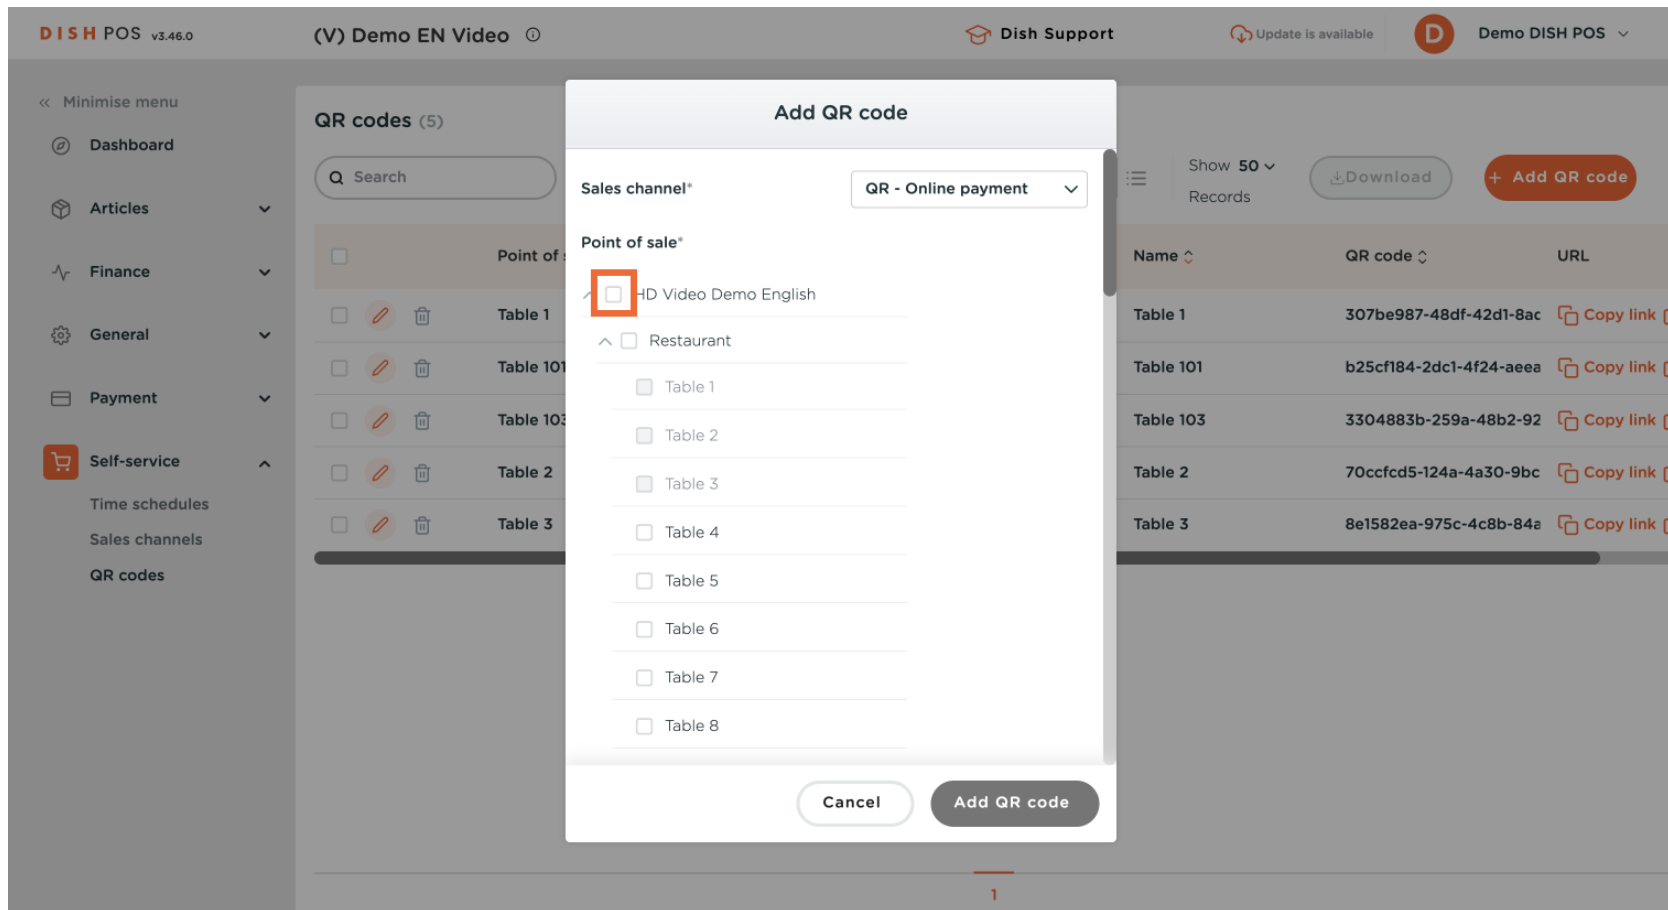

A new window will open, where you first have to select a sales channel. Do so by using the corresponding drop-down menu.

The screenshot displays the DISH POS v3.46.0 interface. A modal window titled "Add QR code" is open in the center. At the top of the modal is a "Sales channel*" dropdown menu, which is highlighted with a red rectangular box. Below this is a "Point of sale*" section. It starts with an expandable header "HD Video Demo English" and a sub-header "Restaurant". Under "Restaurant", there is a list of tables from "Table 1" to "Table 8", each with a checkbox. At the bottom of the modal are "Cancel" and "Add QR code" buttons. In the background, the "QR codes (5)" section is visible, featuring a search bar and a table with columns "Name", "QR code", and "URL". The table lists several QR codes for different tables, each with a "Copy link" button.

Then select the sales point/area which you want to create QR codes for by setting the respective **checkmark**. **Note: By selecting an area, all sales points in this area will be selected.**
