

Welcome to DISH POS dashboard. In this tutorial, we will show you how to link DISH Reservation to your POS. First, go to **General**.

The screenshot shows the DISH POS v3.65.0 dashboard. The sidebar on the left contains a menu with the following items: Dashboard, Products, Finance, **General** (highlighted with a red box), Payment, and Self-service. The main dashboard area displays 'Today's turnover data' with four key metrics: Turnover (€ 0.00), Transactions (0), Average spending (€ 0.00), and Open orders (€ 0.00). Below this is a 'Turnover details' section with a line chart comparing 'This week' and 'Previous week' turnover. To the right of the chart is a summary table of weekly performance metrics.

Metric	This Week	Last Week	Total Last Week
Turnover to Date	€ 0.00	€ 0.00	€ 0.00
Average Spending to Date	€ 0.00	€ 0.00	€ 0.00
Number of Transactions to Date	0	0	0

Afterwards, click on **App links**.

App links (2)

Search Show 50 Records + Add app link

Name	URL
DISH Reservation	https://support.dish.co/
booq POS	https://www.booq-pos.com/en

1

You can now insert the name of the link in the **respective field**, which is **DISH Reservation**.

The image shows two parts of the DISH POS interface. On the left is a screenshot of the main application with a sidebar menu. The 'App links' section is highlighted in the sidebar. The main content area shows a list of app links with a search bar and two entries: 'booq Support' and 'booq POS'. On the right is a modal window titled 'Add app link'. It contains a form with an 'ID' field and a 'Name' field. The 'Name' field is highlighted with a red box. Below the form is a 'Settings' section with a 'URL\*' field. At the bottom of the modal are three buttons: 'Cancel', 'Save and add new', and 'Save'.

Then enter the following URL: <https://reservation.dish.co/https://reservation.dish.co/> into the corresponding **text field**.

The screenshot shows the DISH POS v3.65.0 interface. On the left is a navigation menu with options like Products, Finance, General, and App links. The main area displays 'App links (2)' with a search bar and a table containing two entries: 'booq Support' and 'booq POS'. An 'Add app link' modal is open, showing a form with 'Name' set to 'DISH Reservation' and a 'URL' field highlighted with a red box. The modal also has 'Cancel', 'Save and add new', and 'Save' buttons at the bottom.

Once you entered all the information, click on **Save** to apply the changes.

The screenshot shows the DISH POS v3.65.0 interface. On the left is a navigation menu with 'General' selected. The main area displays 'App links (2)' with a search bar and a table listing 'booq Support' and 'booq POS'. To the right, an 'Add app link' modal is open, showing a form with 'Name' set to 'DISH Reservation' and 'URL' set to 'https://reservation.dish.co/'. The 'Save' button at the bottom right of the modal is highlighted with a red box.

Finally, click on **Send**.

The screenshot shows the DISH POS v3.65.0 interface. The top navigation bar includes 'DISH POS v3.65.0', '(V) Demo EN Video', 'Dish Support', 'Update is available', and 'Demo DISH POS'. A left sidebar contains a 'Minimise menu' button and a 'Dashboard' icon, followed by a list of menu items: Products, Finance, General (selected), Production stations, Facilities, Cash stores, Printers, App links, Table map, Users, User groups, POS devices, Courses, Customers, Currency, Turnover categories, Customer displays, Translations, and Packaging profiles. The main content area is titled 'Stores' and features a table with columns: Name, Current version, Update status, Send status, and Last. The table contains one row for 'HD Video Demo English' with current version 'v3s195b2' and update status 'Update is available (v3s195b2.0)'. Above the table, there are two buttons: 'Normalise price rules' and 'SEND' (highlighted with a red box). Below the table, there is an 'Update' button and a green checkmark.

Name	Current version	Update status	Send status	Last
HD Video Demo English	v3s195b2	Update is available (v3s195b2.0)	✓	202

That's it. You completed the tutorial and now know how to link DISH Reservation to your POS devices.
