

Welcome to the DISH POS dashboard. In this tutorial, we are going to show you how to link two menus to one ordering kiosk sales channel.

The first step is to click on **Products**.

How do I link two different menus in the Kiosk based on Eat-In or Takeaway?

Then click on **Menus**.

Click on the **down-facing arrow** next to the desired facility for expanding a list of options.

The screenshot displays the DISH POS v3.80.0 interface. The top navigation bar includes the DISH POS logo, version information, a demo video link, support links, and user information. The left sidebar contains a 'Minimise menu' button and a list of menu management options: Dashboard, Products, Product groups, Price levels, Menus, French menus, Option menus, Price management, Periods, Promotions, Finance, General, General, Production stations, Facilities, Cash stores, Printers, App links, Table map, Users, User groups, POS devices, and Courses. The main content area is titled 'Facilities' and features a search bar, a warning message, and a list of facilities. The facility '4D Video Demo English' is highlighted with a red box around its down-facing arrow icon, indicating it is the selected facility for expansion.

Click on the **down facing arrow** next to the E-Commerce.
