

Welkom bij de DISH POS app. In deze tutorial laten we zien hoe je de QR-code van een tafel kunt weergeven, zodat de klant daarmee kan betalen.

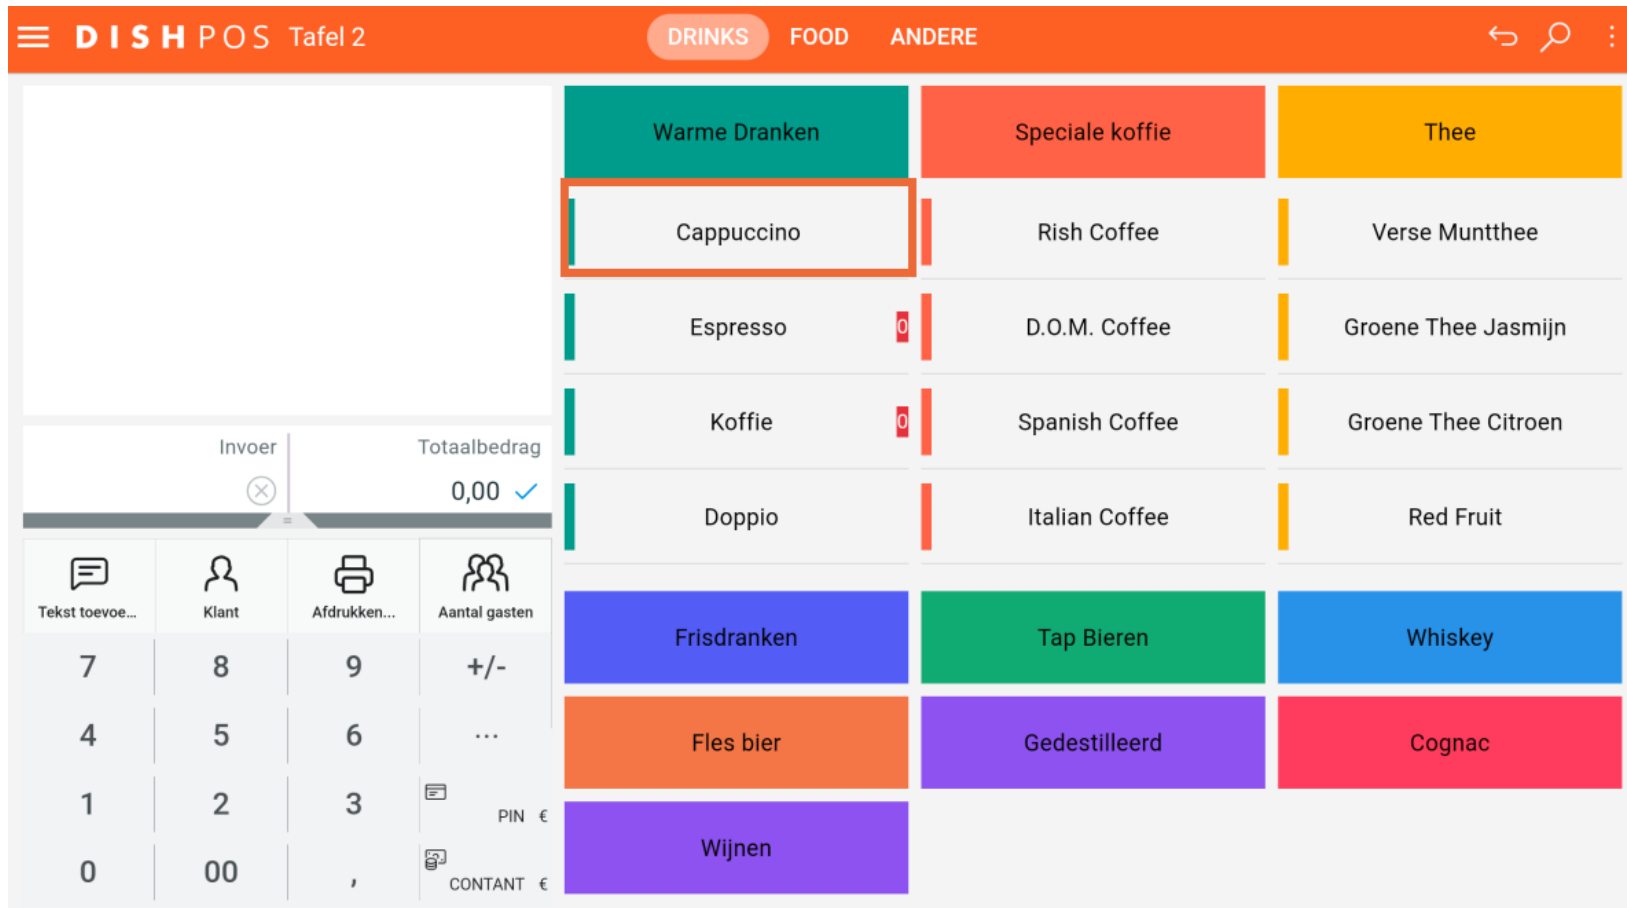

Selecteer eerst de bijbehorende **tafel**.

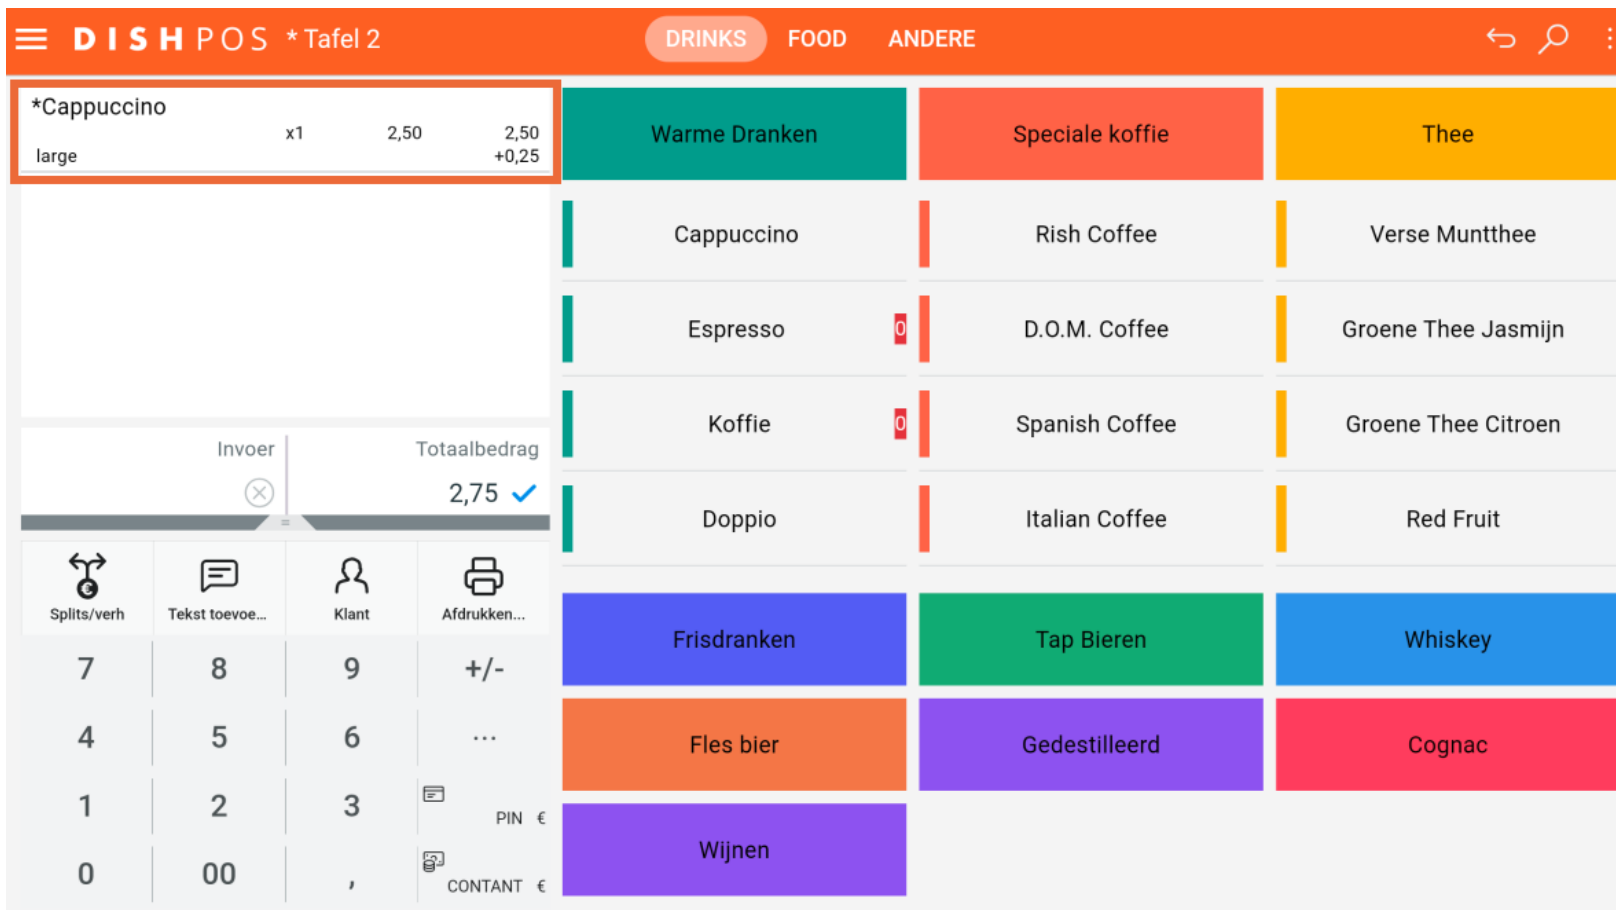

Voeg vervolgens artikelen toe aan de bestelling door op het betreffende **item** te tikken.

De geselecteerde artikelen worden dan weergegeven in het bestelvenster.

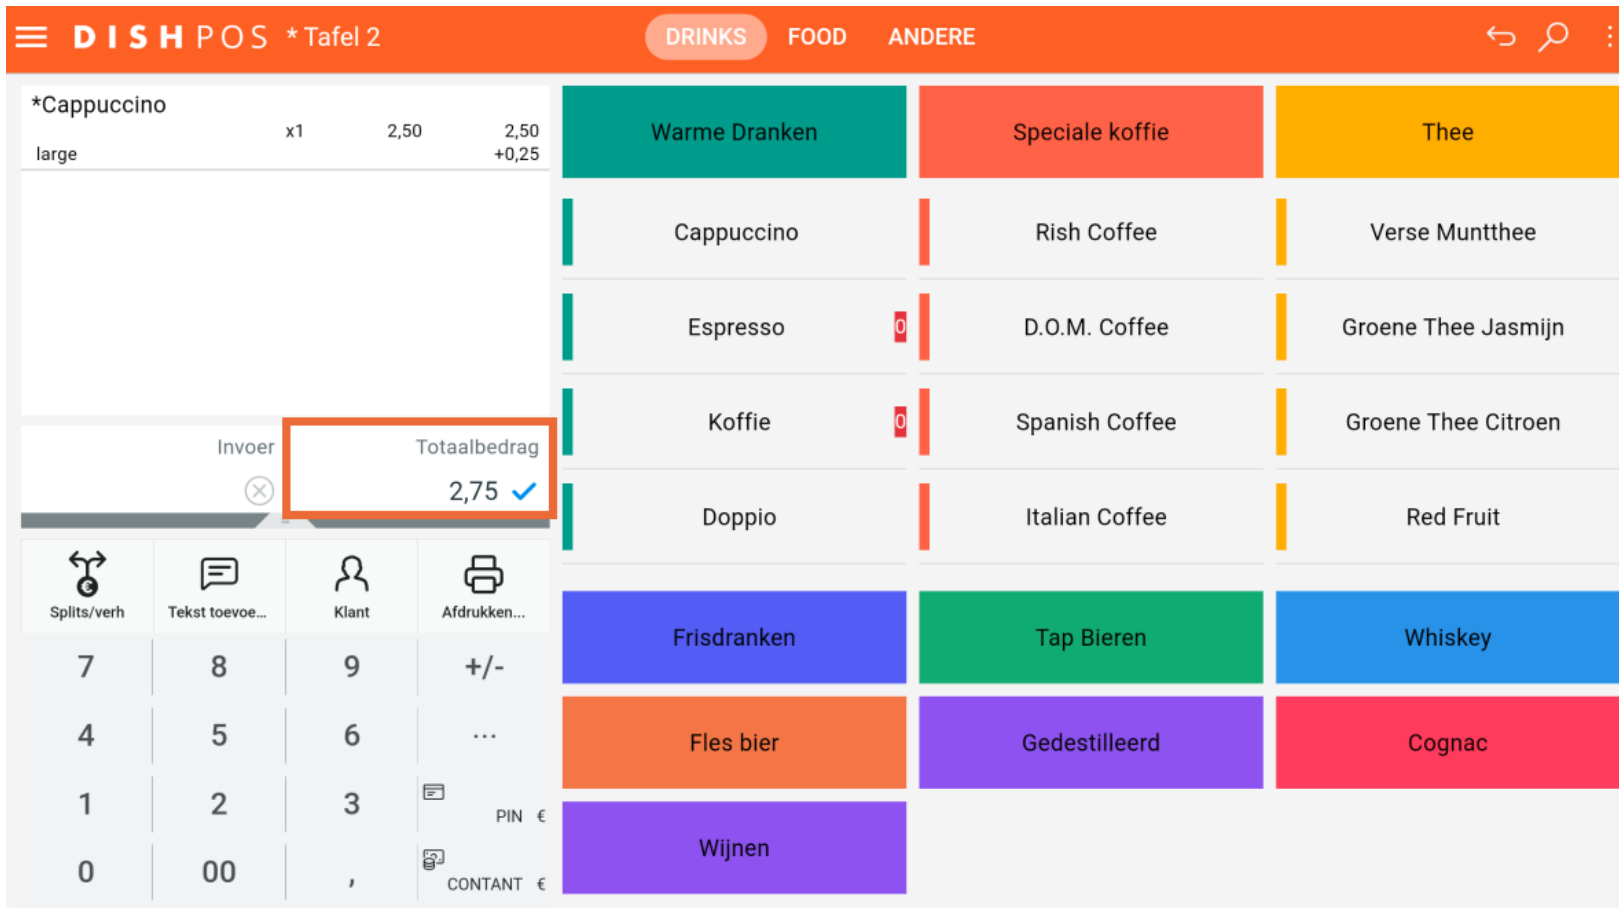

The screenshot shows the DISH POS interface for 'Tafel 2'. The top bar includes the DISH POS logo, the table name, and navigation tabs for DRINKS, FOOD, and ANDERE. The order summary on the left shows a *Cappuccino (large) for 2,50, with a total of 2,75. The main grid displays various drink categories and their items.

Order Summary	DRINKS	FOOD	ANDERE
*Cappuccino large x1 2,50 2,50 +0,25	Warme Dranken	Speciale koffie	Thee
	Cappuccino	Rish Coffee	Verse Muntthee
	Espresso	D.O.M. Coffee	Groene Thee Jasmijn
	Koffie	Spanish Coffee	Groene Thee Citroen
	Doppio	Italian Coffee	Red Fruit
	Frisdranken	Tap Bieren	Whiskey
	Fles bier	Gedestilleerd	Cognac
	Wijnen		

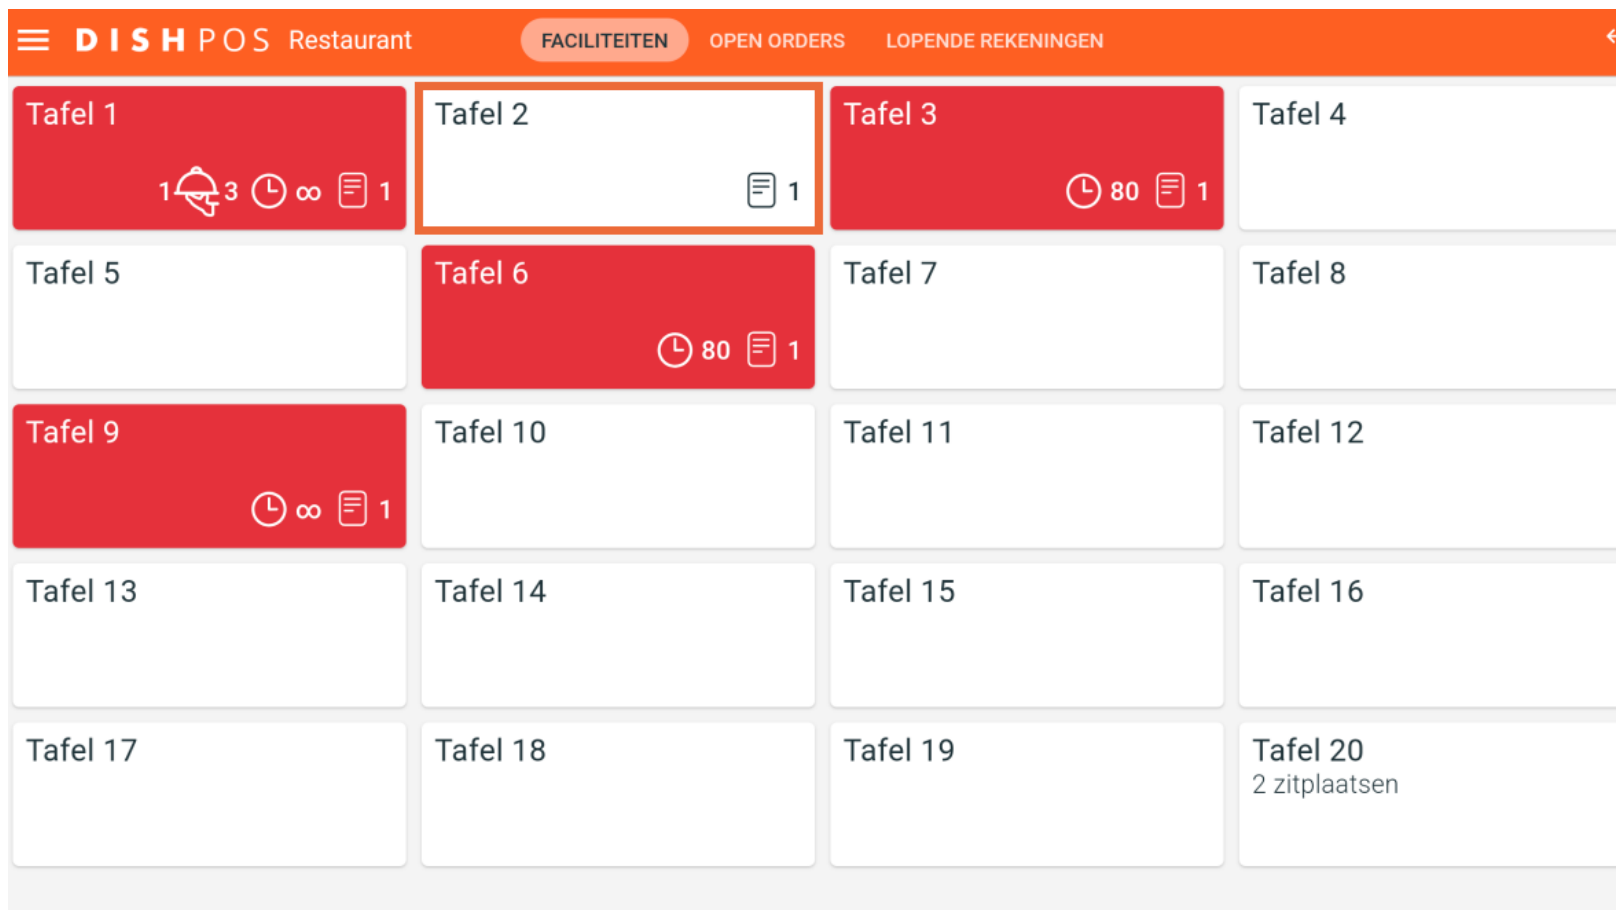

At the bottom, there is a numeric keypad and buttons for 'Splits/verh', 'Tekst toevoe...', 'Klant', and 'Afdrukken...'. The total amount is 2,75.

Tik op het **totaalbedrag** om de bestelling af te ronden.

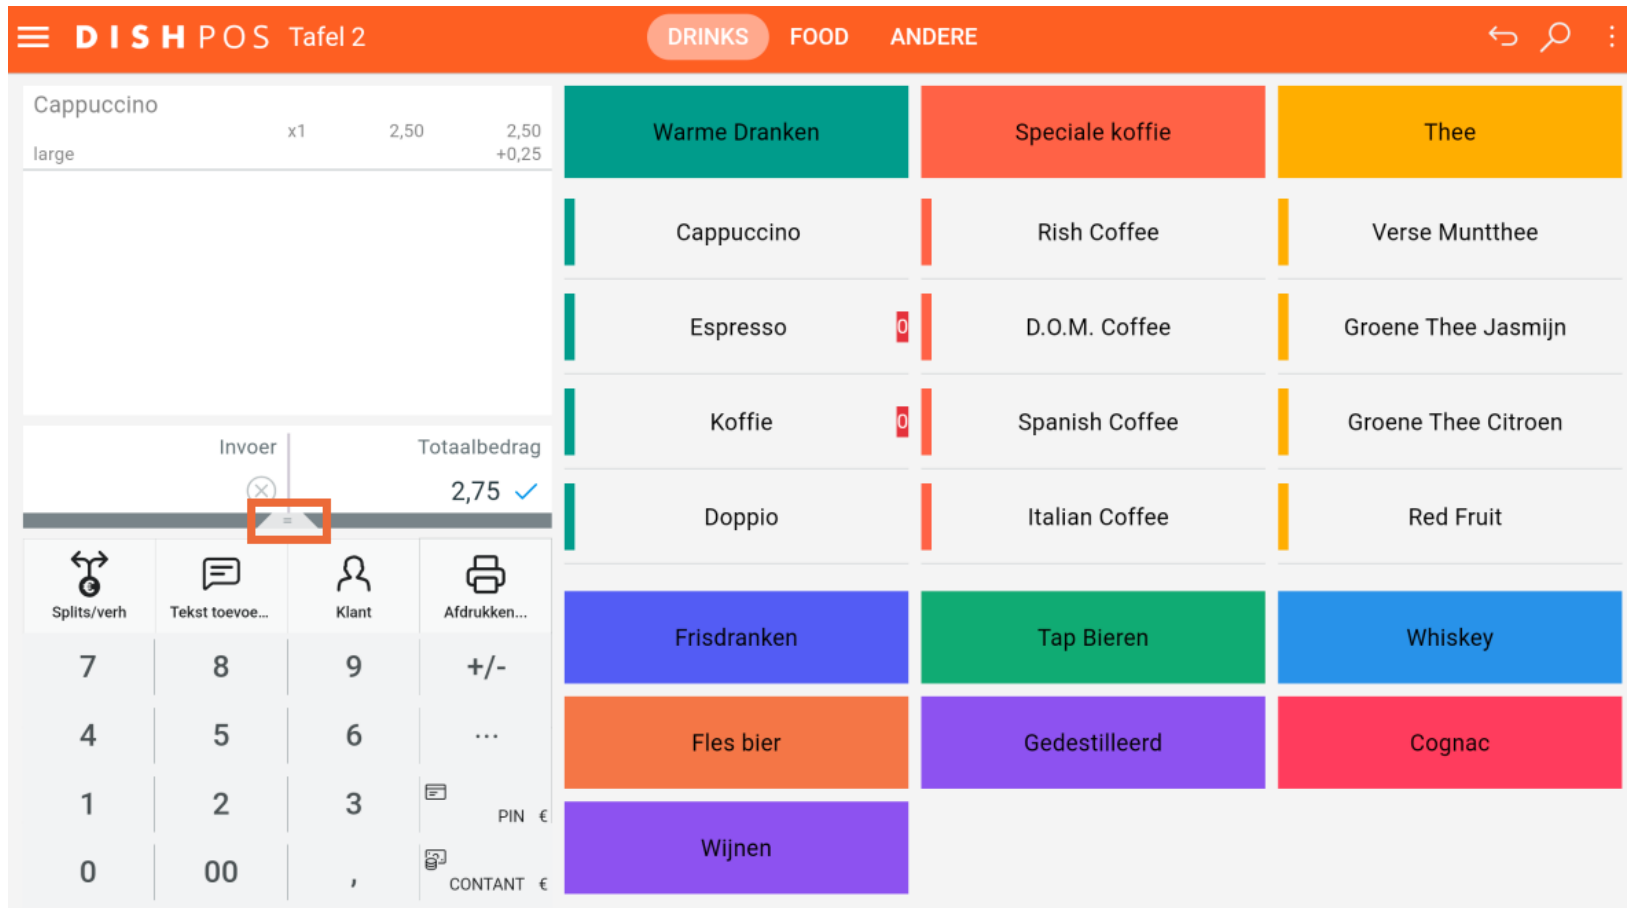

The screenshot shows the DISH POS interface for 'Tafel 2'. The top bar is orange with the DISH POS logo and navigation tabs for DRINKS, FOOD, and ANDERE. The main area displays a list of items: *Cappuccino (large) x1 for 2,50, with a sub-total of 2,50 and a tax of +0,25. Below the items, there is a section for 'Invoer' (input) and 'Totaalbedrag' (total amount). The 'Totaalbedrag' is highlighted with a red box and shows '2,75' with a blue checkmark. To the right of the input section is a grid of product categories: Warme Dranken, Speciale koffie, Thee, Frisdranken, Tap Bieren, Whiskey, Fles bier, Gedestilleerd, Cognac, and Wijnen. At the bottom, there is a numeric keypad and buttons for 'Splits/verh', 'Tekst toevoe...', 'Klant', 'Afdrukken...', 'PIN €', and 'CONTANT €'.

 Zodra de klant klaar is om te betalen, selecteer je de bijbehorende **tafel**.

 Sleep het **bedieningselement** vervolgens naar boven om meer functies uit te breiden.

The screenshot shows the DISH POS interface for 'Tafel 2'. The top bar is orange with the DISH POS logo and navigation tabs for DRINKS, FOOD, and ANDERE. The main area displays a list of items, including Cappuccino, Espresso, Koffie, and Doppio. The bottom section shows a payment screen with a numeric keypad and buttons for Splits/verh, Tekst toevoe..., Klant, and Afdrukken... A red box highlights the 'Invoer' button, which is used to add items to the order.

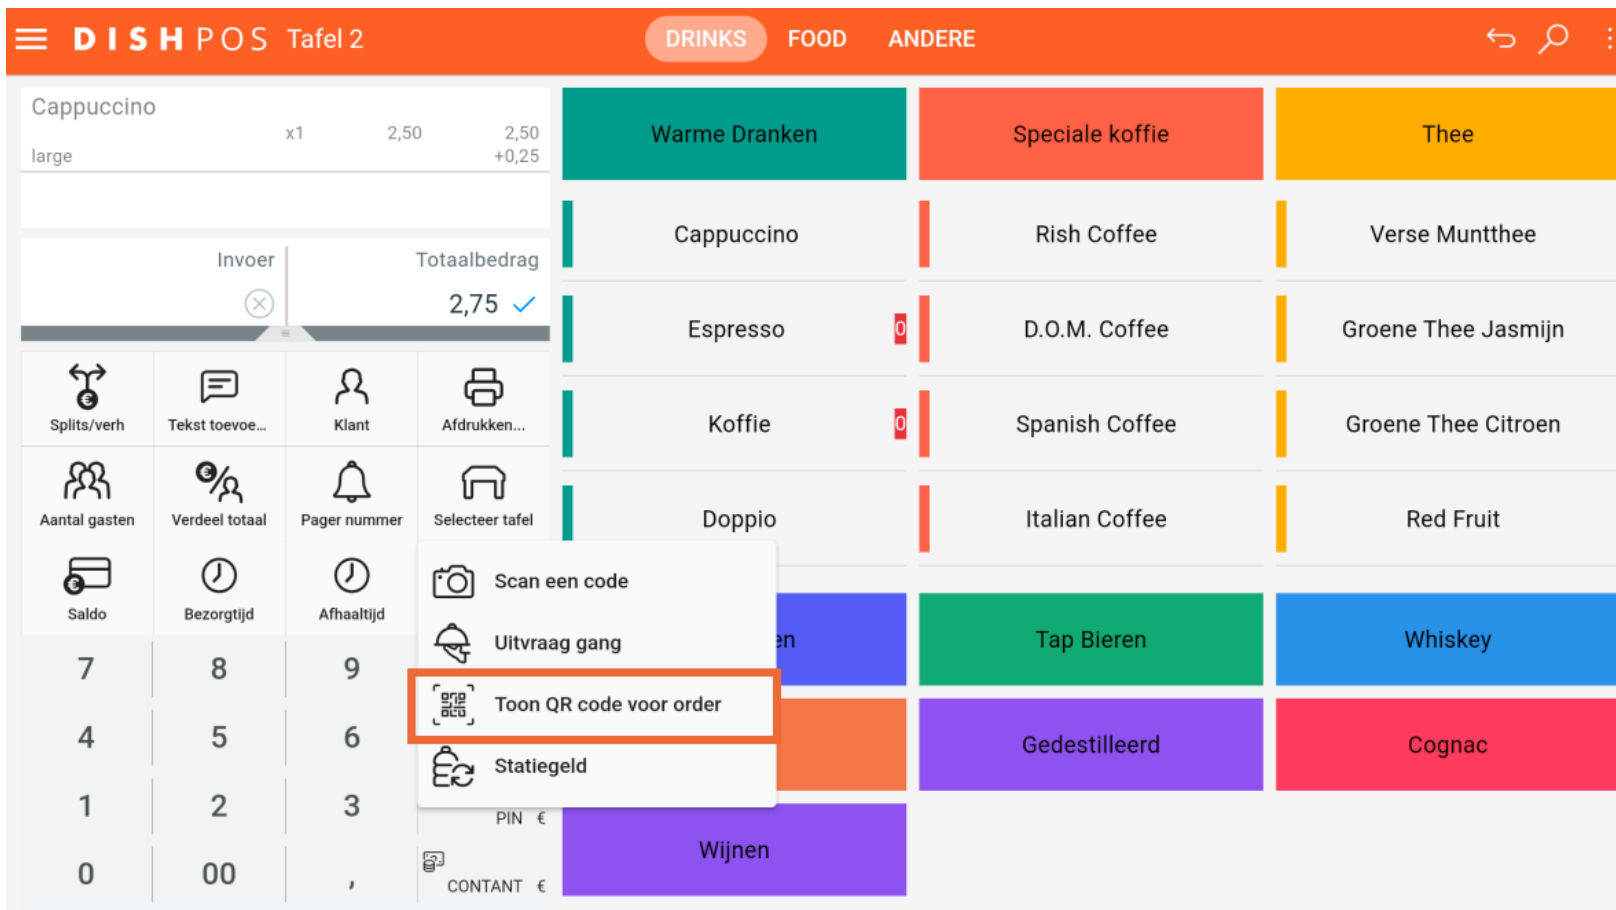

Als de functie QR-code tonen nog niet wordt weergegeven, tik dan op de **drie puntjes** om meer opties te openen.

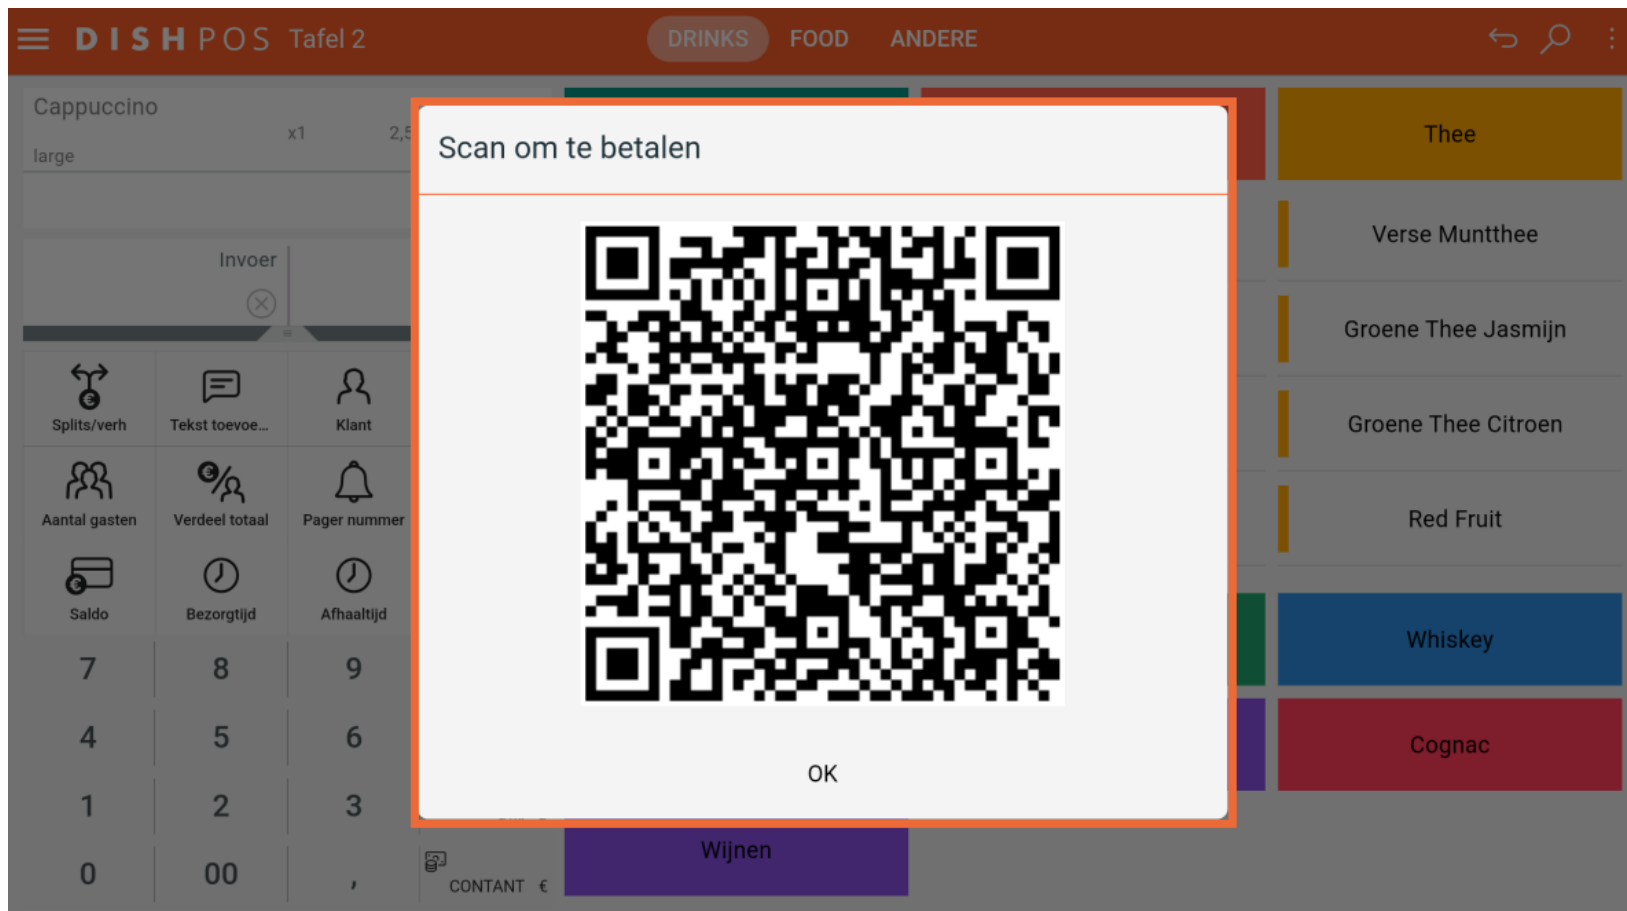

Tik nu op **Toon QR code voor order**.

The screenshot shows the DISH POS interface for 'Tafel 2'. The top bar is orange with the DISH POS logo and navigation tabs for DRINKS, FOOD, and ANDERE. The main area displays a list of items, including Cappuccino, Espresso, Koffie, and Doppio. A menu is open over the bottom section, showing options like 'Scan een code', 'Uitvraag gang', 'Toon QR code voor order' (highlighted with an orange border), and 'Statiegeld'. The bottom section also includes a numeric keypad and a 'CONTANT' button.

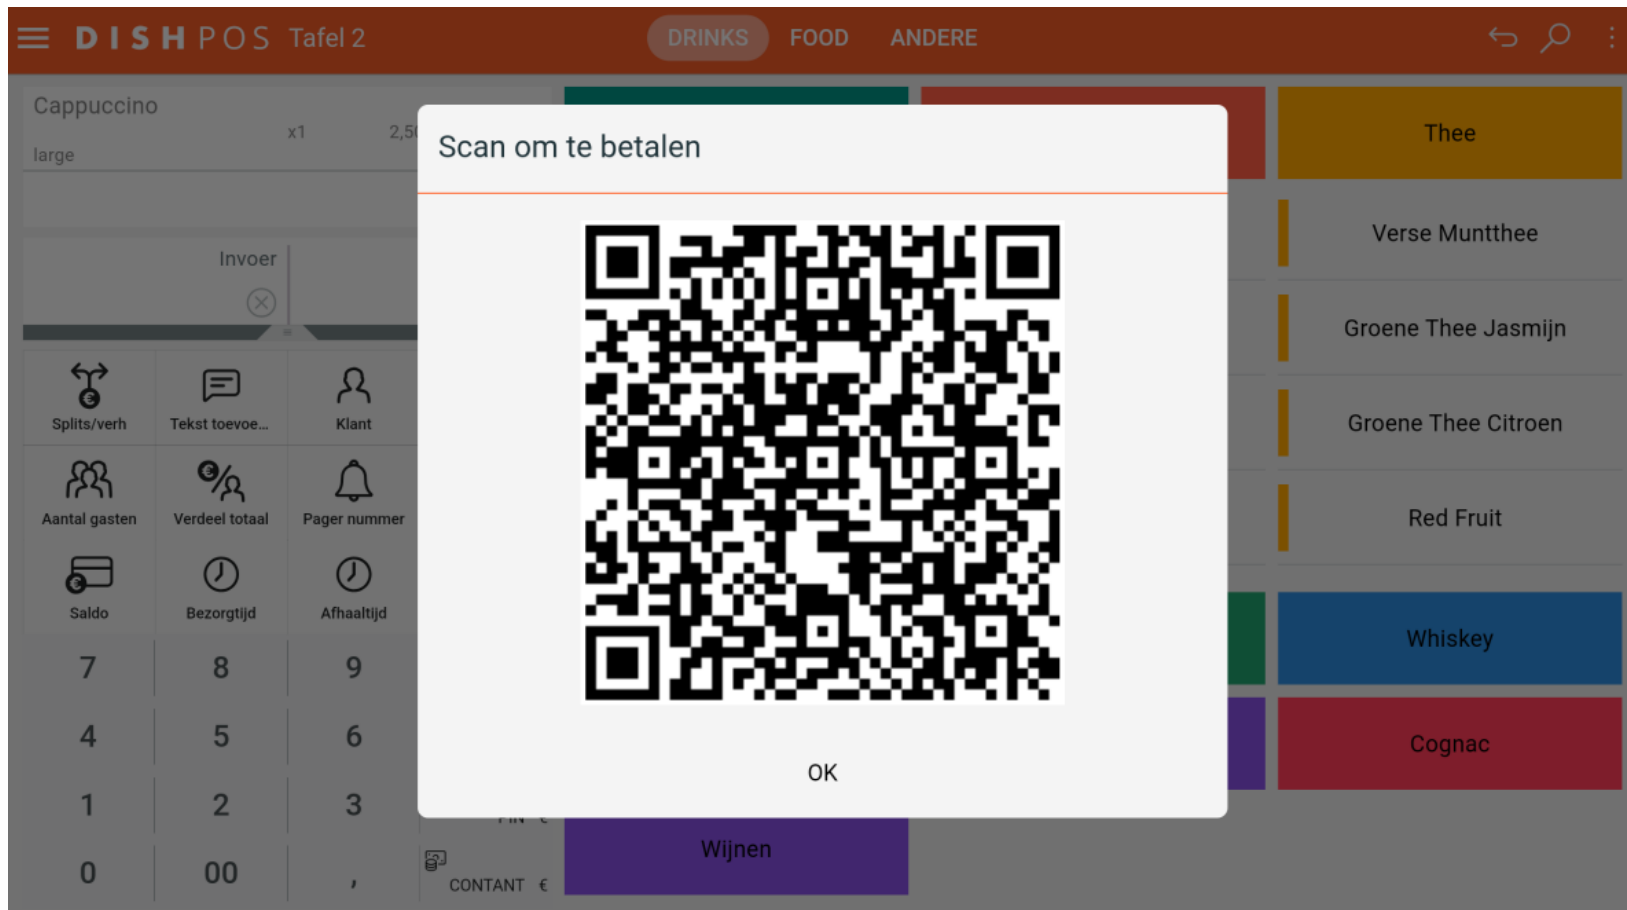

Met behulp van de **QR-code** kan de klant online betalen voor de bestelling. Dat was het. Je hebt de tutorial voltooid en weet nu hoe je de QR-code van een tafel kunt weergeven zodat de klant daarmee kan betalen.

Dat was het! Je hebt de tutorial afgerond en weet nu hoe je een klant kunt laten betalen via een QR-code.
