

The first step is to login into **DISH Order**.

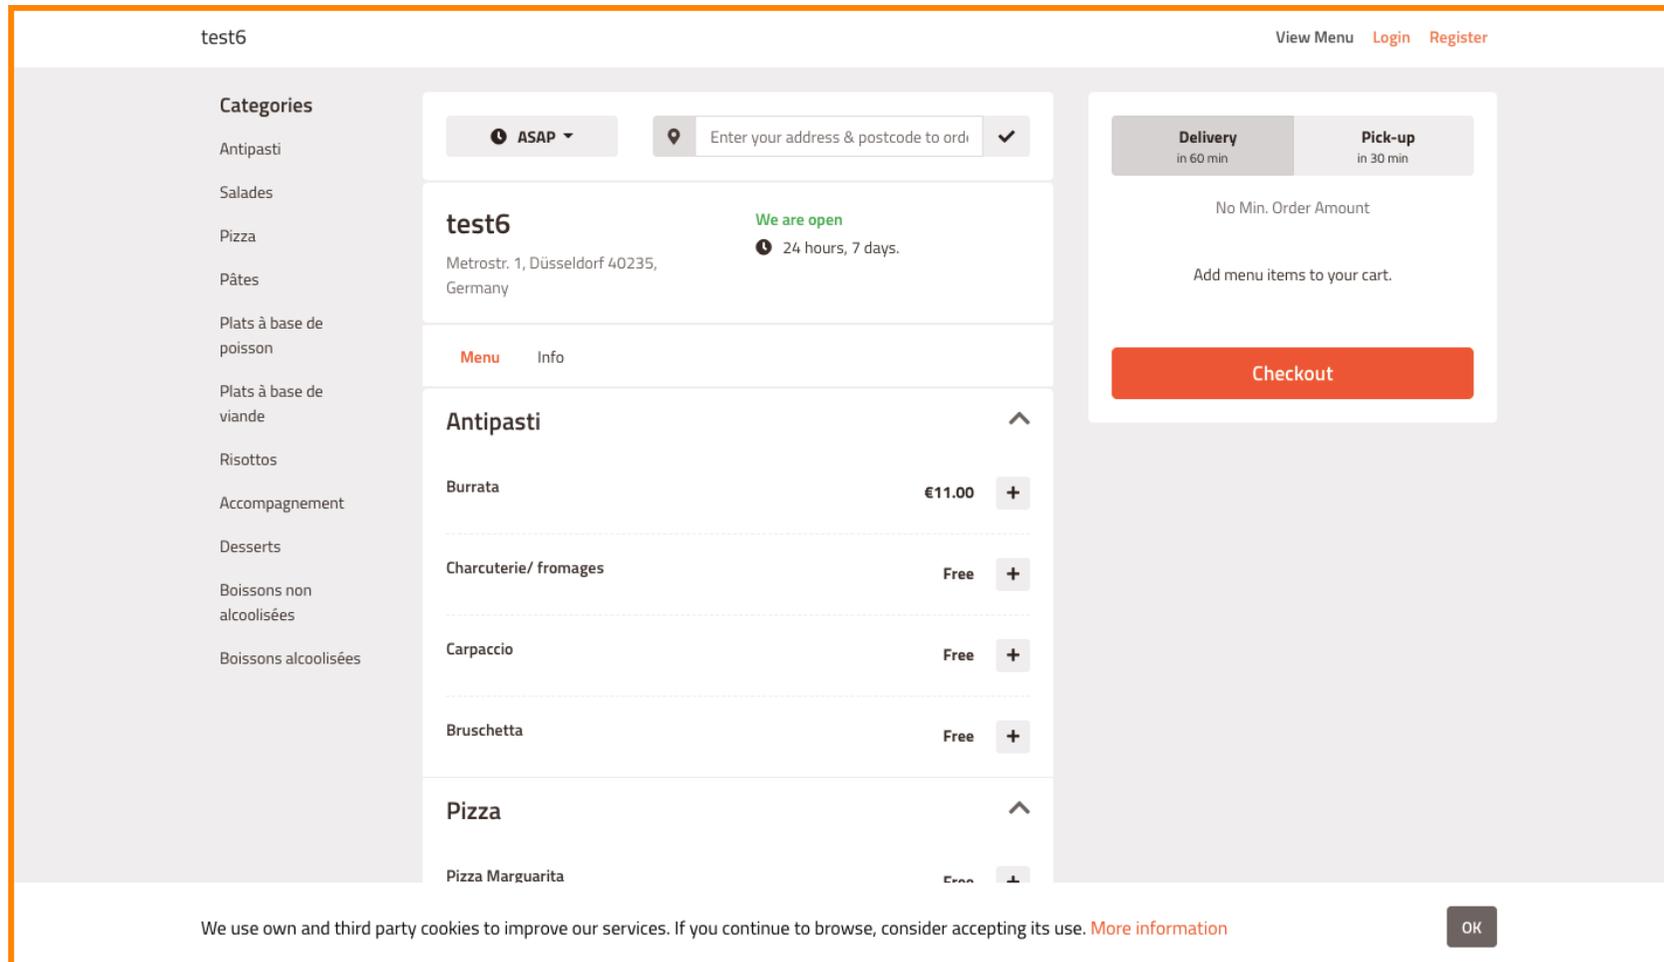

Then click on the **storefront icon**.

The screenshot displays the DISH Order dashboard interface. On the left is a dark blue sidebar with navigation options: DASHBOARD, RESTAURANT, KITCHEN, SALES, MARKETING, TOOLS, and SYSTEM. The main content area features a top navigation bar with a 'Storefront' icon (a storefront building) highlighted by an orange box. Below this are two summary cards: 'Total Sales' (€0.00) and 'Total Cash Payments' (€0.00). The central part of the dashboard is a 'Reports Chart' area with a legend for Orders (blue), Reservations (purple), Customers (green), and Reviews (orange). The chart shows a flat line at zero across the date range from July 11, 2020, to August 8, 2020.

You now got directed to the **storefront/guest view** of your establishment.

The screenshot shows the storefront for an establishment named 'test6'. The interface includes a navigation menu on the left with categories like Antipasti, Salades, Pizza, and Pâtes. The main content area features a header with 'test6' and 'We are open' status, followed by a menu list with items like Burrata (€11.00), Charcuterie/ fromages (Free), Carpaccio (Free), and Bruschetta (Free). A right-hand panel shows delivery and pick-up options, a 'Checkout' button, and a 'No Min. Order Amount' notice. A cookie consent banner is visible at the bottom.
