

First visit your DISH Order Website of the restaurant and copy your **URL**.

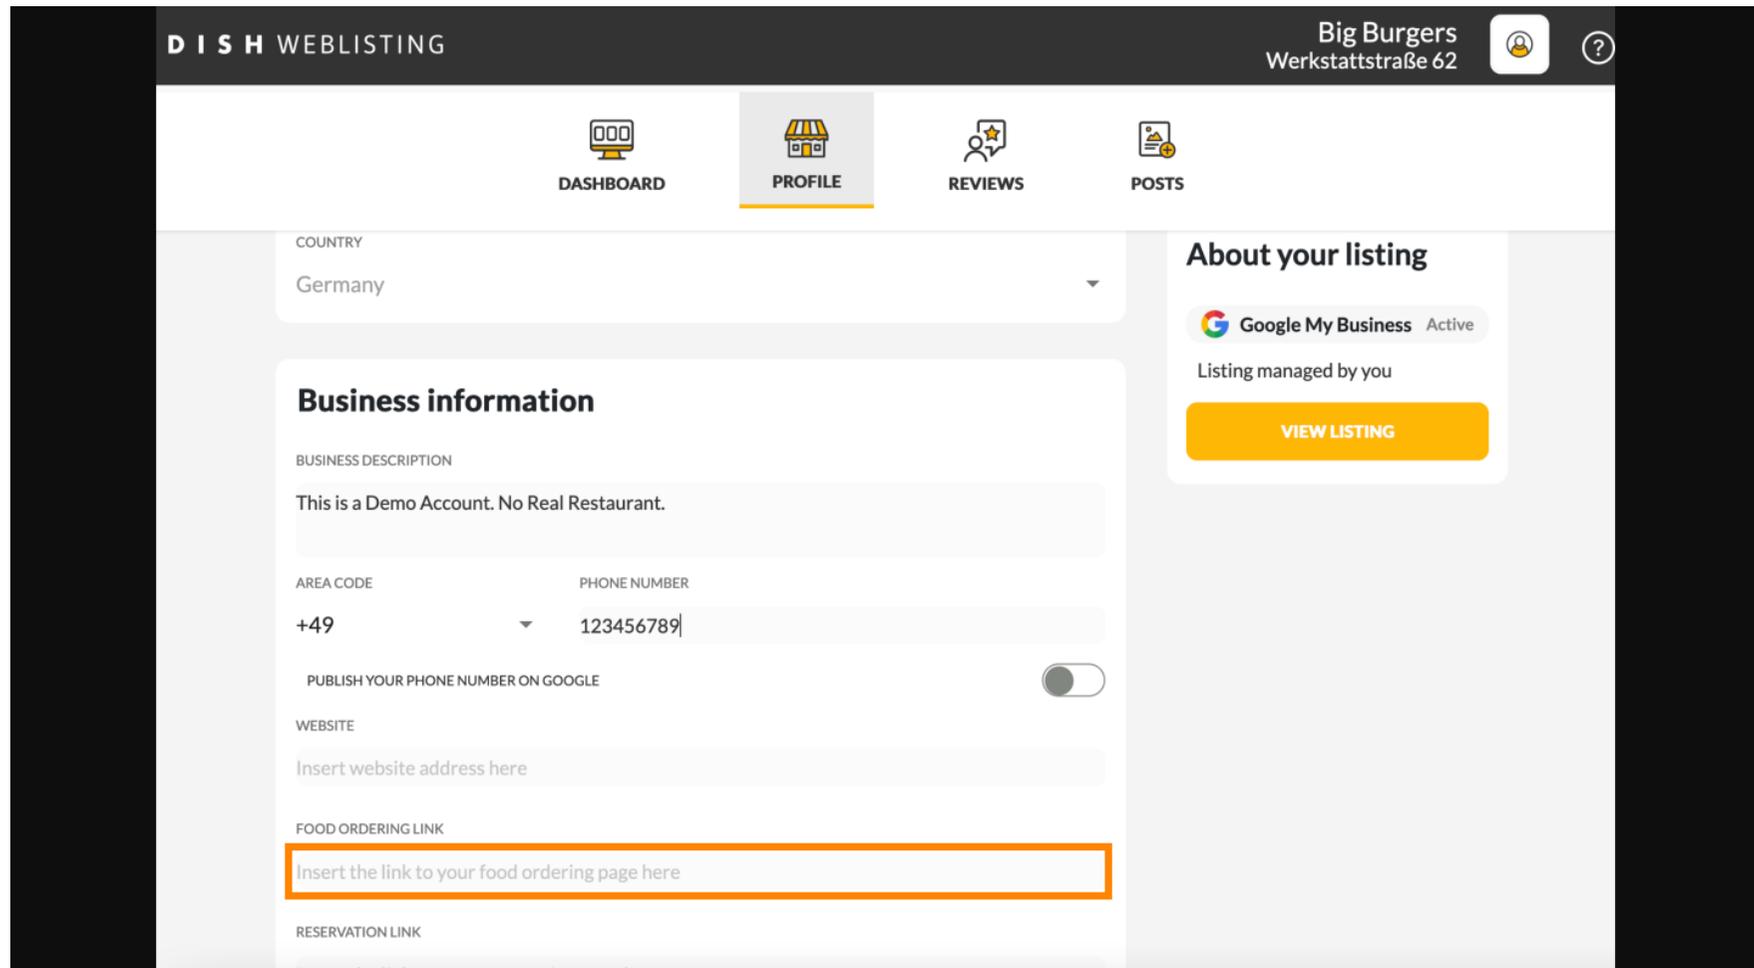

The first, convenient and recommended variant is to log in to DISH Weblisting and click on **profile**. **Note:** There are two variants to connect the link of the DISH Order website with Google My Business.

The screenshot shows the DISH Weblisting interface for a restaurant named 'Big Burgers' located at 'Werkstattstraße 62'. The 'PROFILE' tab is highlighted with an orange border. The profile is 92% complete, with a missing 'Website' link. The 'About your listing' section shows 'Google My Business' as 'Active' and 'Listing managed by you'. A 'VIEW LISTING' button is visible at the bottom right. The business description at the bottom reads: 'This is a Demo Account. No Real Restaurant.'

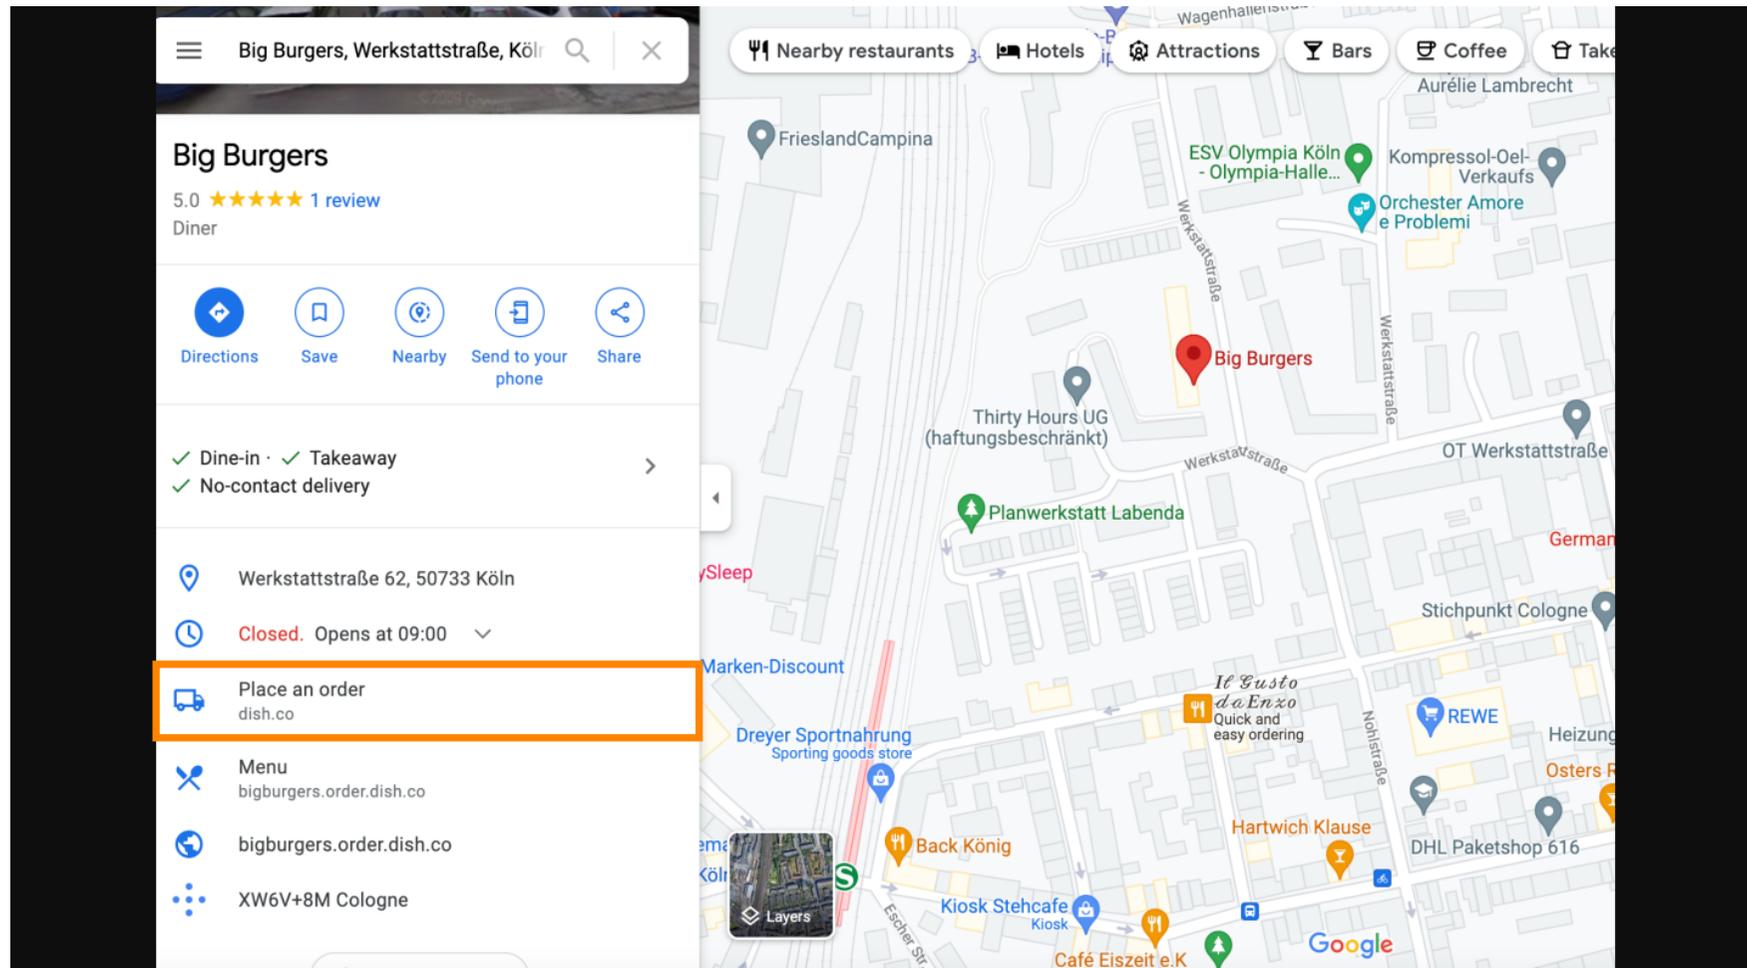

Scroll down till business information. At the field **food ordering link** you can insert the **URL** of your DISH Order Website. **Note: Make sure to save the updated information.**

The screenshot shows the 'DISH WEBLISTING' interface for a restaurant named 'Big Burgers' located at 'Werkstattstraße 62'. The 'PROFILE' tab is selected in the navigation menu. The 'Business information' section is visible, containing fields for 'COUNTRY' (Germany), 'BUSINESS DESCRIPTION' (This is a Demo Account. No Real Restaurant.), 'AREA CODE' (+49), 'PHONE NUMBER' (123456789), and a toggle for 'PUBLISH YOUR PHONE NUMBER ON GOOGLE'. The 'FOOD ORDERING LINK' field is highlighted with an orange border and contains the placeholder text 'Insert the link to your food ordering page here'. To the right, the 'About your listing' section shows 'Google My Business' as 'Active' and 'Listing managed by you', with a 'VIEW LISTING' button.

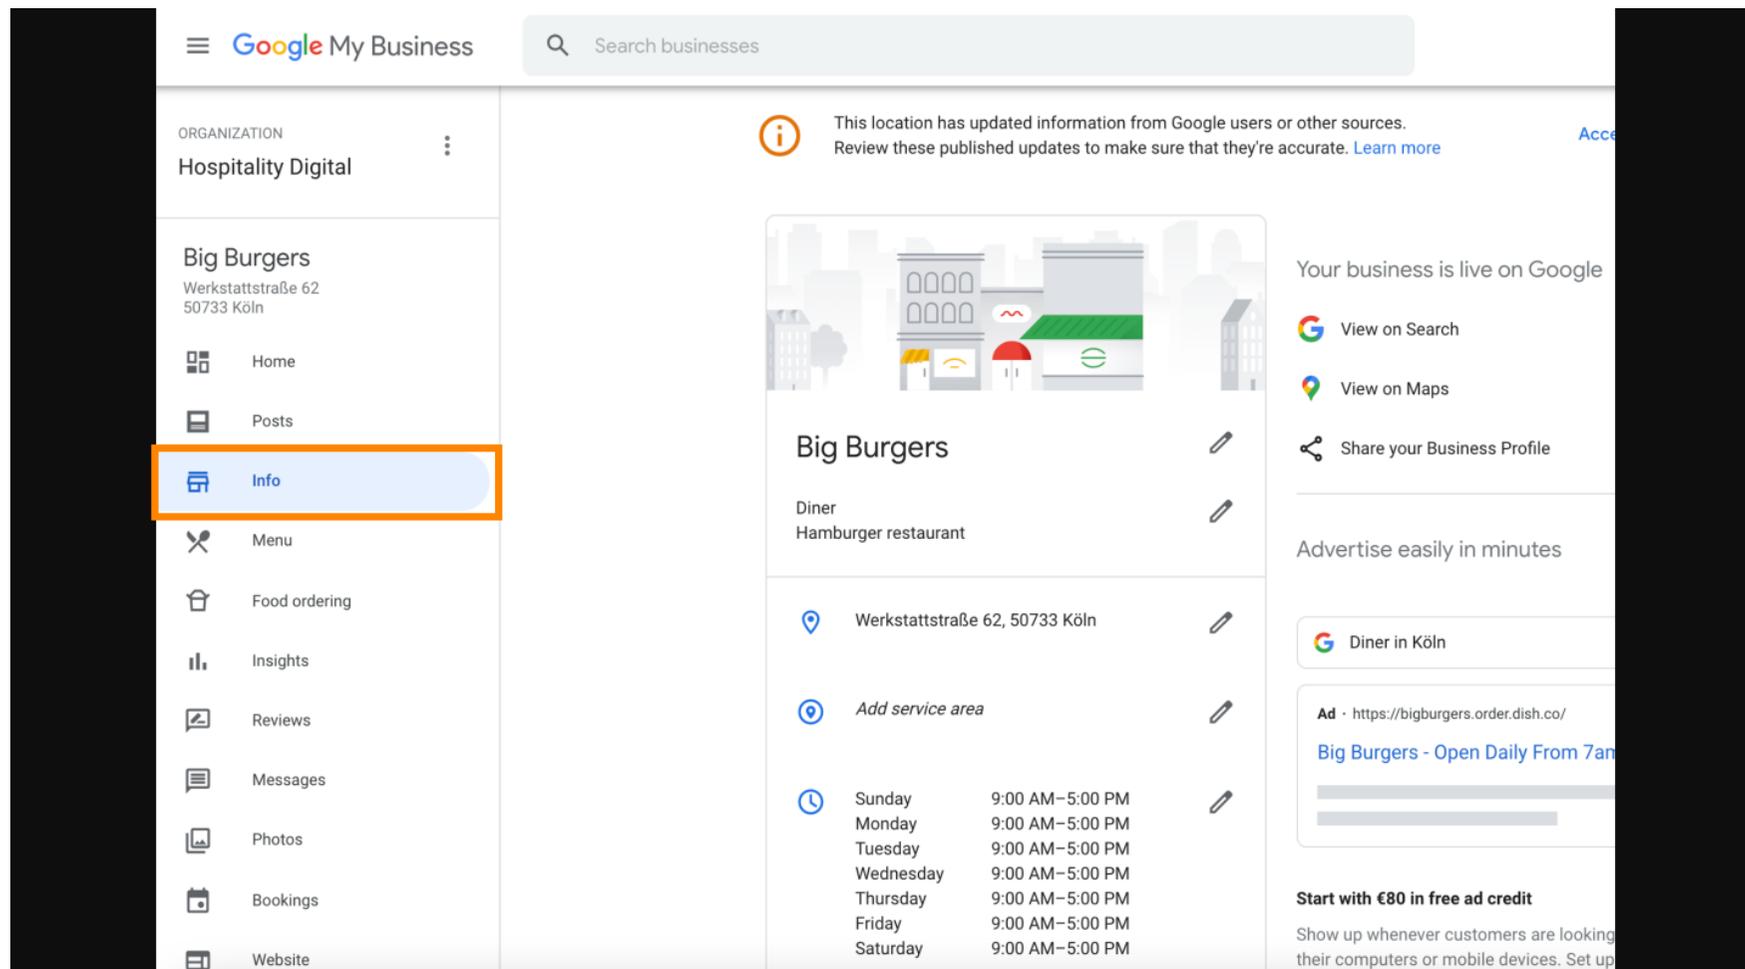

With DISH Weblisting the food ordering link on your restaurant's Google entry is placed automatically without the need to use the complex Google My Business configuration panel

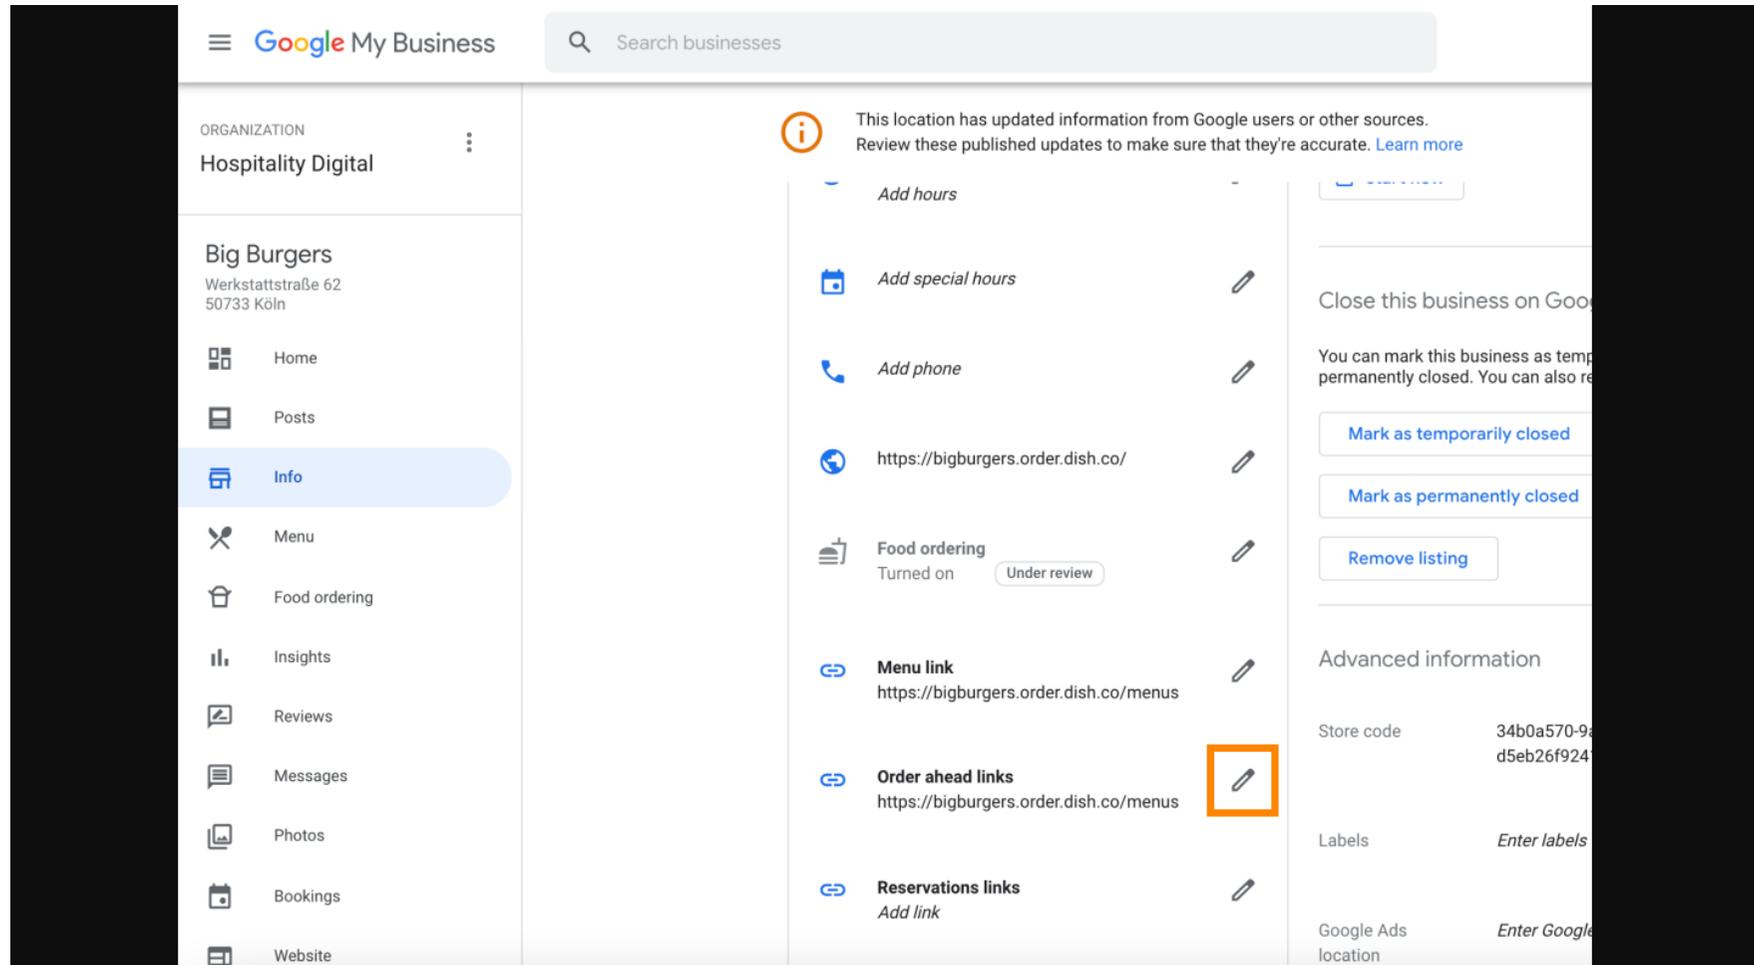

The second variant: You're at the Dashboard of your Google My Business account. Click on **info** to adjust the business settings.

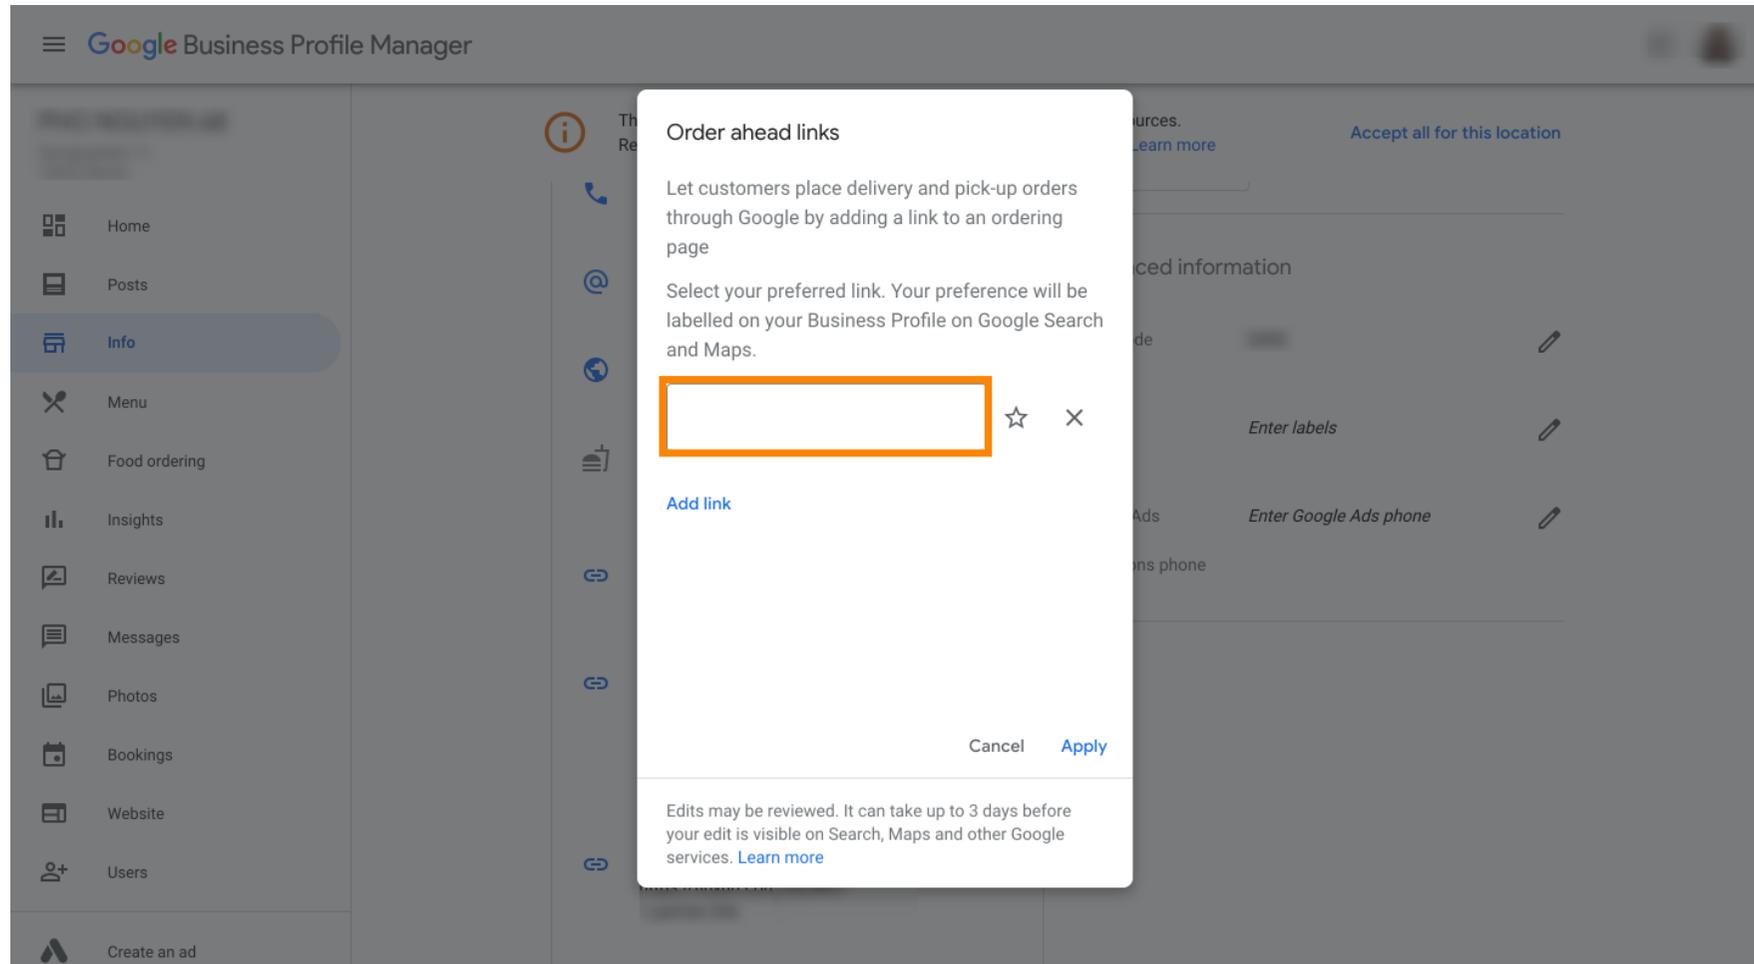

👉 Scroll down until you reach **order ahead links** and click on the **pencil icon** to add or remove order links.

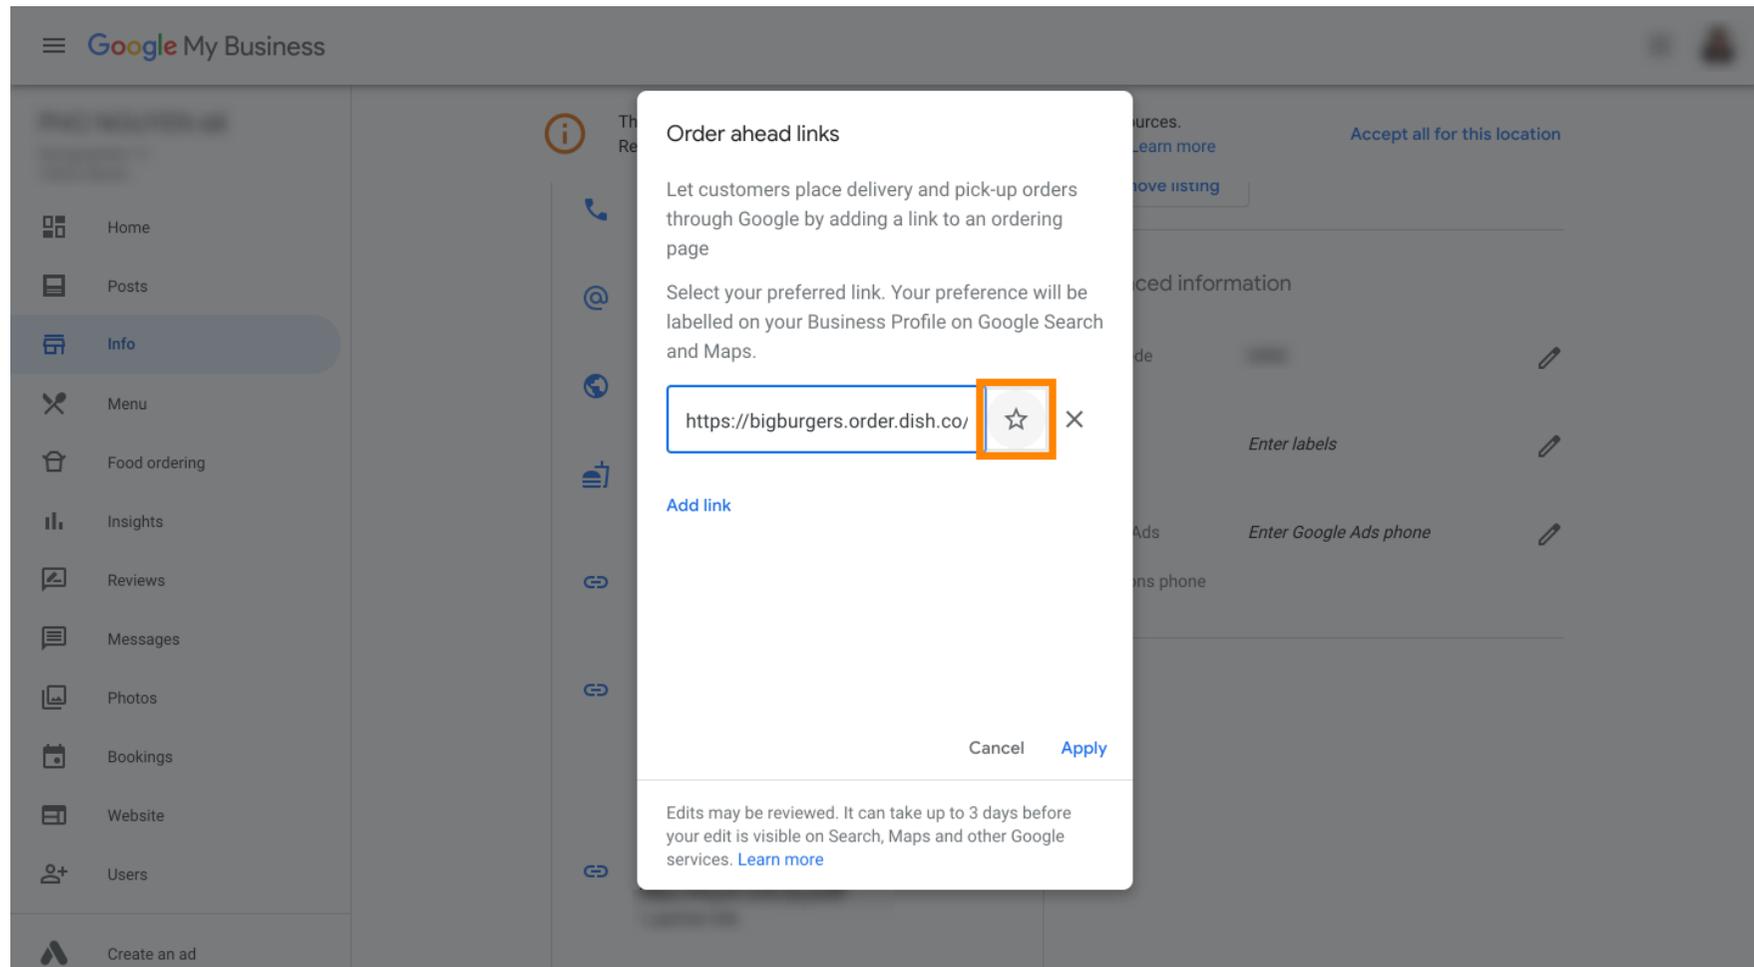

The screenshot shows the Google My Business interface for a business named "Big Burgers". The left sidebar contains a navigation menu with options: Home, Posts, Info (highlighted), Menu, Food ordering, Insights, Reviews, Messages, Photos, Bookings, and Website. The main content area displays the business information, including the address "Werkstattstraße 62, 50733 Köln". Below this, there are several sections for adding or managing information: "Add hours", "Add special hours", "Add phone", a website link "https://bigburgers.order.dish.co/", "Food ordering" (turned on, under review), "Menu link" (https://bigburgers.order.dish.co/menus), "Order ahead links" (https://bigburgers.order.dish.co/menus) with a pencil icon highlighted in an orange box, and "Reservations links" (Add link). On the right side, there are options to "Close this business on Google", "Mark as temporarily closed", "Mark as permanently closed", and "Remove listing". At the bottom right, there is an "Advanced information" section with fields for "Store code", "Labels", and "Google Ads location".

 Paste the previously copied URL of your DISH Order Website here.

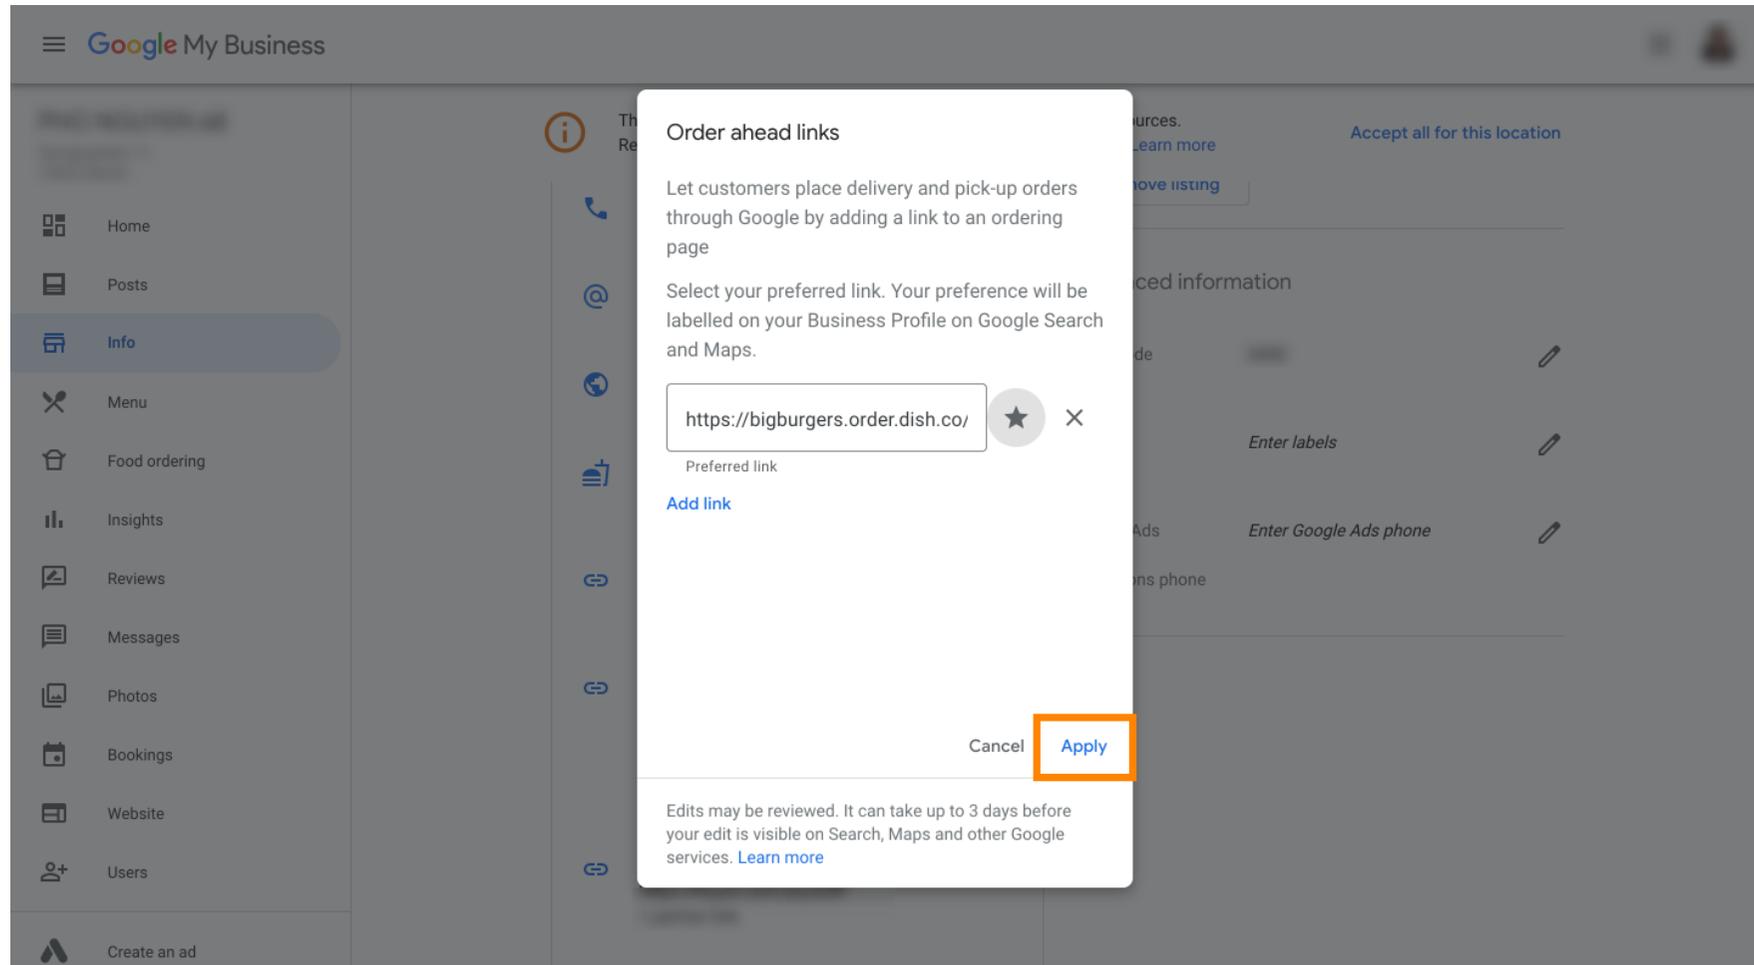

Make sure to prefer the link by clicking on the **star**. **Note: The link will be visible to the guests as preferred link by restaurant.**

Finish the process by clicking on **apply**.

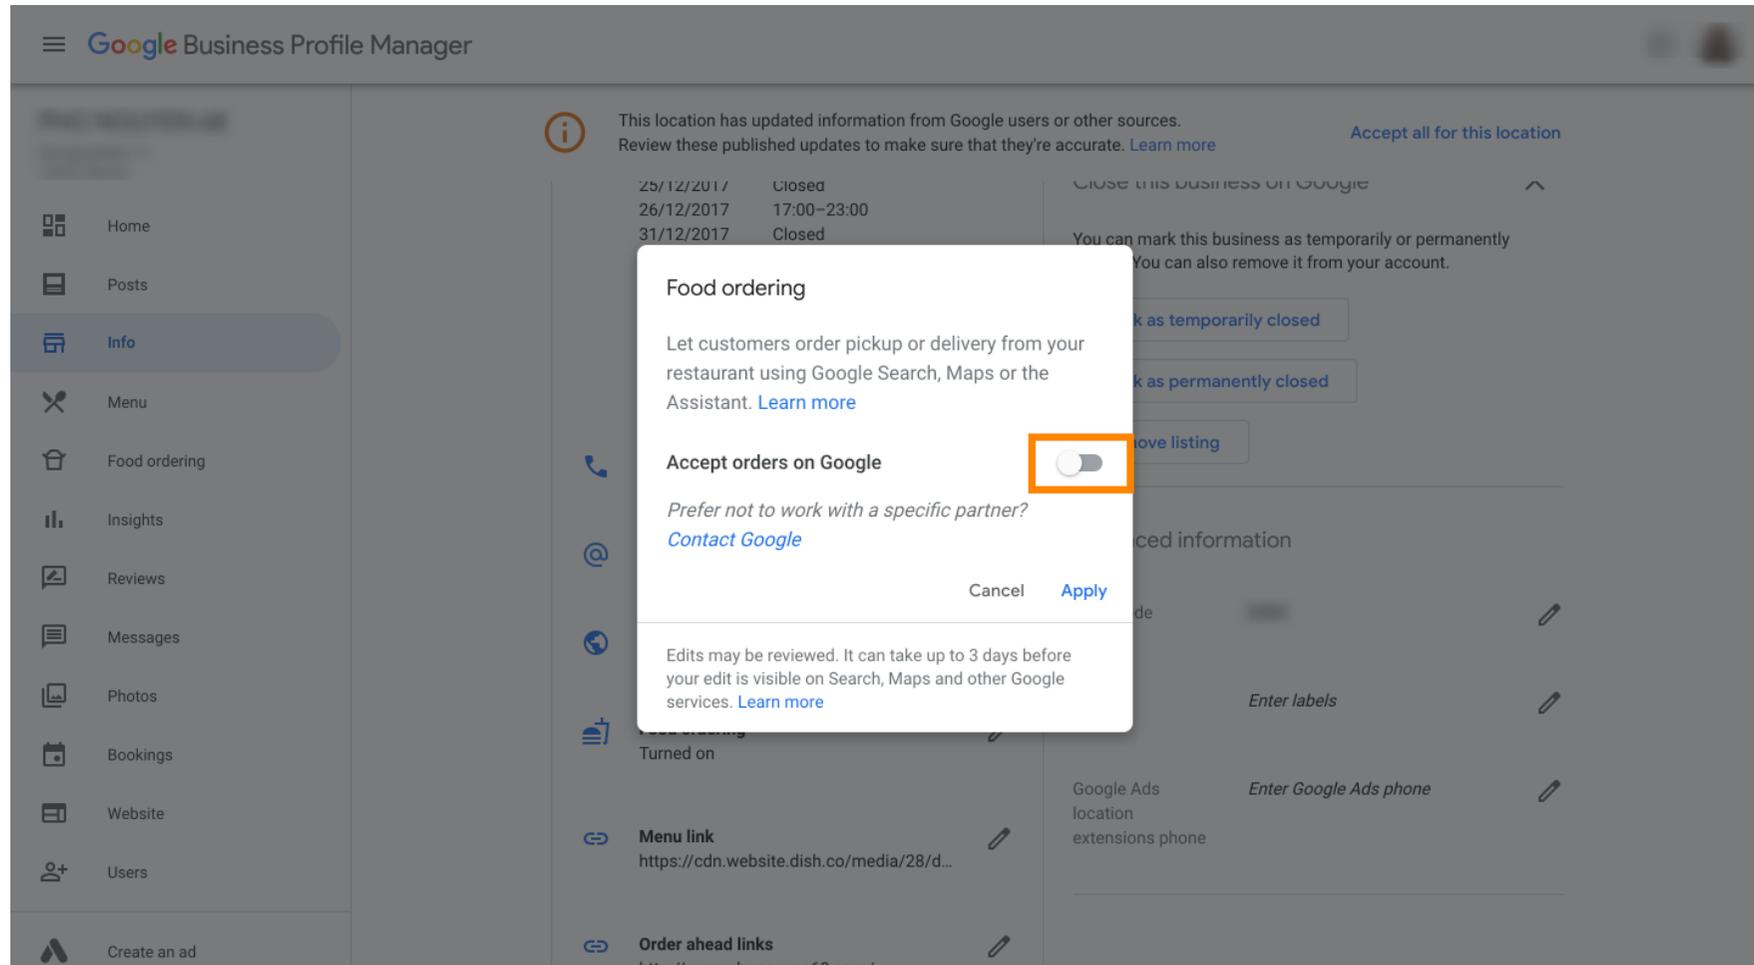

Ensure the food ordering option is turned on. If not click on the **pencil icon**.

The screenshot shows the Google Business Profile Manager interface. The left sidebar contains navigation options: Home, Posts, Info (selected), Menu, Food ordering, Insights, Reviews, Messages, Photos, Bookings, Website, Users, and Create an ad. The main content area displays a notification about updated information and a table of historical updates. Below the table, the 'Food ordering' status is shown as 'Turned on', with a pencil icon highlighted by an orange box. Other settings like 'Menu link' and 'Order ahead links' are also visible. On the right, there are options to mark the business as temporarily or permanently closed, and a 'Remove listing' button. The 'Advanced information' section includes fields for 'Shop code', 'Labels', and 'Google Ads location extensions phone', each with a pencil icon for editing.

Other visible elements in the background include the "Food ordering" menu item in the left sidebar, the "Menu link" field with the URL <https://cdn.website.dish.co/media/28/d...>, and the "Order ahead links" field with the URL <http://www.phonguyen68.com/>.

The change must be reviewed by Google. This could take a few minutes until it is updated.

The screenshot shows the Google Business Profile Manager interface. On the left is a navigation menu with options: Home, Posts, Info (selected), Menu, Food ordering, Insights, Reviews, Messages, Photos, Bookings, Website, Users, and Create an ad. A 'Saved!' notification is visible at the bottom of the menu. The main content area has a header with a warning icon and text: 'This location has updated information from Google users or other sources. Review these published updates to make sure that they're accurate. Learn more' and a link 'Accept all for this location'. Below this is a list of business attributes, each with an edit icon. The 'Food ordering' attribute is highlighted with an orange box; it shows 'Turned on' and 'Under review'. Other attributes include 'Menu link' (with a URL) and 'Order ahead links'. On the right side, there are options to 'Close this business on Google', 'Mark as temporarily closed', 'Mark as permanently closed', and 'Remove listing'. Below that is the 'Advanced information' section with fields for 'Shop code', 'Labels' (with a placeholder 'Enter labels'), and 'Google Ads location extensions phone' (with a placeholder 'Enter Google Ads phone').

That's it. You've successfully integrated DISH Order to the Google entry of your restaurant.
